

WHITE LOGIC.

DWIN FORREST was once drilling a stupid "super." In despair Forrest exclaimed: "Can't you say it as I do?" "No," said the man; "if I could, would I be working for \$5.00 a week?" If you asked a cheap yellow soap to do the work of Ivory Soap the reply might well be: "If I could, would I sell for half as much?" Ivory Soap, being pure, costs money, but not more than a pure soap has to cost.

From the Philippines.

A grandson of E. L. Ingalls and wife of Dallas, writes to them from there as follows: "The following statements may seem like a series of jokes, nevertheless they are true. These islands are a big bunch of trouble, bounded on the north by rocks and destruction, on the east by typhoons and hurricanes, on the south by cannibals and earthquakes, on the west by sharks and smugglers, and the interior is composed of mud and mountains. The climate is pleasant for mosquitoes, flies, snakes, ants, bats, lizards, scorpions, fleas, centipedes, tarantulas, caribous and alligators. Different deadly diseases abound and malarial fevers are so prevalent that on many occasions the islands have been shaken by its vibrations. The soil is rich and produces large crops of sugar, hemp, tobacco and rice. The population is about 8,000,000 and the people are quite industrious, their chief industries being cock fighting, stealing and making bolos. The houses and clothing of the people are very attractive, consisting mostly of transparencies and landscapes. A wedding service is deeply impressive, especially that part giving the bride the privilege of working as much as her husband desires. The principal diet is rice and fish. For a change they sometimes take the fish first and again they mix them.

A beautiful wedding took place at the home of W. R. Craven and wife last Tuesday at high noon, the contracting parties being T. W. Nordly, of the firm of Nordly & Finseth, and Miss Bertrani Craven. The home was beautifully decorated with flowers and ribbons, in taste with the occasion. The ceremony was performed by Rev. Goodfriend, pastor of the Presbyterian church. About 40 guests were present. After the ceremony a collation was served and the young couple took their departure for Portland.

No good farmer will ever wait to be notified that his thistles should be killed. Now is the time, as it will be too late after they have gone to seed and scattered. The pupils of Mrs. Litch have organized a musical literary club known as the Schubert Club. The object is to meet once a week for the study of history. The lives of the great composers and other musical literature. One night in each month they hope to entertain their friends with a musical program. Officers are as follows: president, Miss Nellie Mucott; vice president, Miss Dina Risser; secretary, Miss Madge Groves; treasurer, Miss Pearl Uglow; critic, Mrs. Leitch.

Falls City may not have had as big a crowd as some other places on the Fourth, but no assemblage in the valley had a more pleasant time. Ample arrangements had been made for the comfort and amusement of their guests and everything went through in fine shape. The music and the plug uglies were as hideous as they could be.
