WHEN all the crops of the present season in this county are gathered and sold, nearly everybody will have more or less money to spare.

In Cuba, in Portorico and in the Philippines rapid changes are being made from a war to a peace footing.

So many have suffered losses by putting their grain in public warehouses that many men are now debating in their own minds as to whether or not it would be safest and best to store their products at home.

### GOOSENECK.

Mrs. E. S. Levens has been visiting her daughter, Mrs. Frank Rowell, over at Little Nestucca.

The summer school at Newport has closed. Both the work done and the financial outcome have exceeded expectations at the beginning.

The families of Rev. A. I. Goodfriend and W. H. Boals will return from New York today and next Sunday there will be regular morning and evening services at the Presbyterian church.

Dr. Fink & Sons, on Salt Creek will begin picking hops during the first week in September. They already have four covered shanks for their pickers and are erecting three more. They have engaged thirty five pickers and have turned off some applicants.

Catarrh Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach. It is always radically and permanently cured by the blood-purifying, alterative and tonic action of Hood's Sarsaparilla.

# SOME GRAIN HULLERS.

Tuesday we went to Ballston via the Salt Creek road and came back through Perrydale. Perhaps half the grain had been threshed, but not much of it had yet been hauled away for storage.
