

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. - It floats.

A. Esson, of Portland performed the short but impressive ceremony that made them man and wife. After the usual congratulations and giving of many useful and beautiful presents, the following guests led by the bride and groom marched to the dining room where a wholesome lunch was served. Rev. As soon as the happy couple tire of sight seeing in Portland, they will return to Oak Grove, where they will make their home.

Mrs. Henry Campbell Dead.

In 1889 T. B. Hill and family came from the east and settled in Dallas, and in 1893 his daughter, Ella, was married to Henry G. Campbell. Her quiet, genial ways were such as to win all who came in contact with her. For several years they had been planning to have a home of their own, and it was erected the past summer just to their liking. She was permitted to enjoy its comforts and pleasing anticipations but a few short weeks. Disease came and she died November 2nd, aged 85 years, and leaving a husband and two children. As Ella Hill everybody loved her, and as Mrs. Campbell she made no enemies but many friends. The Christian church could not hold all who attended the funeral Tuesday. The services by Rev. W. T. Matlock were very impressive, everything being quiet, subdued and sweet spirited, in keeping with the life of the deceased. The floral offerings were many and beautiful. After all was over she was laid to rest in the Odd Fellows' cemetery.

The Thanksgiving Carnival.

The Woodmen have decided to hold their dance in the upper story of the vacant woolen mill building, where there is almost unlimited room for both maskers and spectators. The lower floor will be devoted to dressing rooms and the serving of a splendid lunch by the Women of Woodcraft. The whole building will be appropriately decorated and the Cornus orchestra will furnish the best of music. Some interesting and novel features will be introduced into the grand march that will prove worth seeing. Everybody is going to mask.
