What this Boy's Mother Says

has been said by the mothers of many other boys and girls, regarding the wonderful curative and strengthening qualities of

Dr. Miles' Nervine

"Our little boy, Harry, had spasms for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms in one week. The Spirit of Winter. The spirit of winter is with us, making its presence known in many different ways, sometimes by cherry sunshine and glistening snows, and sometimes by driving winds and blinding storms.

To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people do not get rid of these ailments. The medicine that cures them, Hood's Sarsaparilla, is easily obtained and there is abundant proof that its cures are radical and permanent.

TEACHERS' MEETING. The teachers of Polk county met in the Normal school building at Monmouth, January 11th, President Starr presiding. Mr. French with his training class gave some good singing.

The visiting teachers were well cared for at the normal dining hall. At one o'clock we were again favored with singing by the training class. Mr. Metzger, of Dallas college, gave good reasons why we should teach literature in the public school. Superintendent Ackerman's talk on facts was timely and practical. Mr. Campbell, of the Normal, forcefully illustrated many important points in history. Mr. Allingham, of Independence, was handicapped in the late part of the hour and did not read all his suggestions on Little Things. The following resolutions were passed:

Resolved that the teachers of Polk county cease using the term, Professor, when speaking to or about each other, preferring to be addressed as Mr. The following officers were elected for the coming year: President, C. L. Starr; vice president, D. M. Metzger; secretary, W. L. Reynolds. As I did not know that I would be called upon to report the meeting, I kept no notes and have written from memory.—W. L. Women as Well as Men

Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, disgraces and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to obtain it.
