Better Road Work.

It is believed that double as much real road work will be done as when every man was allowed to work on his road tax. A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, South Dakota, and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every 10 minutes until he threw up and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Jed Demont, Inwood, Iowa. For sale by A. K. Wilson.

eloquent Speaker Coming.

Hon. F. A. Falkenburg, one of the most eloquent lecturers now appearing before the public, will visit Dallas camp, Woodmen of the World, on February 7th. In making Dallas one of the six towns that he visits while going through the state he confers on us a great honor and recognizes the fact that we have a rustling camp of Woodmen here. The committee in charge, H. C. Eakin, Y. P. Fiske, and U. S. Grant, have secured the Methodist church for him to give a lecture on that evening and a fine musical programme will also take place. Instead of a banquet thereafter, as generally follows, the camp have decided to spend their time and money in a different direction and give the shape a genuine surprise in the heart of about 50 new applications for Dallas camp. The neighbors have gone to work earnestly and have already secured many applications. It is aimed to initiate them in a class with a supper, etc., about the 1st of March. If you want to join, any Woodman will write your application.
