Something That will do You Good

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on earth for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we have no doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in the house as a safeguard against croup.—Camden, South Carolina, Messenger. For sale by A. K. Wilson.

What do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about one-fourth as much. All grocers sell it. 15 cents and 25 cents.

SALEM CUTLETS.

Veterinary Surgeon K-eeler makes a specialty of caring for all kinds of sickness in animals and nearly always makes them well again. Inquire for him at the steel bridge feed yard.

If you are particular about your washing, the steam laundry will come as near giving you satisfaction as would the best one in Portland. Try it and become thus convinced.

LETTER LIST.

These letters remain uncalled for in the Dallas postoffice for the week ending February 13th, and parties calling for them will please state that they have been advertised:

A O Brown, W E Brown, R E Comer, Edward J Fay, W J Gleason, Israel Harris, Miss Elvina Melquist, Alfred Paffenberger, Felix G Palford, James Powell, David Schrock, Miss Esena Whiteaker.

C. G. COAD, postmaster.

Got Rid of Rheumatism.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, New York. For sale by A. K. Wilson.

Big Lumber Mill.

The former Montgomery & Milligan saw mill near Falls City, now owned by the Coast Range Lumbering company, is to be dismantled. The company is now starting to erect, less than two miles up the Lockmire from Falls City, a plant that will cut 50,000 feet of lumber a day. At a cost of about \$2,000 they will construct a flume down to the city, where their planer and yard would be located. Their extra big mill is in anticipation of a railroad coming to take their output to the markets of the world. On the south side of the stream at Falls City they are erecting a large store building across the street from Colwell's store.

Dr. C. W. Roberts, the Eye Specialist, on "Refraction."

Dr. C. W. Roberts comes with testimonials and newspaper mentions as to his ability, not only from his home city but from nearly every town or city he has practiced in. He claims that many seemingly incurable nerve troubles and head aches, are brought about through constant strain to get a few feet vision through an imperfect eye, and he proves his theory true by reading you many letters from his patients, who have been cured of serious diseases, supposed by all but the most advanced in the science of ophthalmology, to have no connection whatever with the eye. It is well worth your while to call and have a talk with the doctor. He will put the human eye before you in an entirely different light from that which you have held it before. If you are interested call even though your eyes are perfect. He is an interesting talker. Examinations are free, because there are many who do not understand that their eyes are the direct cause of ailments, which medical treatment and change of climate have failed to permanently cure, because the eyes were the aggravating cause. Office at Cottage hotel after February 16th, for one week or longer. Examination free.

Dallas Creamery.

John G. Brown, who has for several years been running a milk wagon in Dallas, has decided to establish a creamery here. He went to Portland this week and bought the necessary outfit, which will be installed in the building across the street from the Hughes wagon shop at the bridge. The outfit will be ready for business about the middle of March. He will have about 50 cows of his own and will buy all the cream that farmers around may choose to bring. As thrifty farmers everywhere have made it pay to furnish creameries, so will the wide awake go ahead ones around here. All the dairymen want is the butter fat. The skim milk can be fed to pigs and poultry. As Mr. Brown can utilize the product of at least 300 cows, let all who have cows within easy distance arrange to turn their butter fat into money.

The general public agree that Gaynor's footwear emporium is the best place in town to go for shoes, because they handle nothing else and have the largest stock from which to select. Repairing neatly done.

A better horse shoe than Isaac V. Lynch never lived in this town.

At Docksteader's livery stable things are always in ship shape and he is ever ready to get one off to the country quickly and in a comfortable shape. Saddle horses for hire.

See how nicely the groceries are arranged in Brown's store. Mr. Frank Brown presides over that department and can fit you out with anything and everything for the kitchen and dining table. Step across to the north side of the building, and you will find a stock of dry goods from which your every want can be met.

Spring time will soon be here and then farmers will have but little time to go or send to town for things with which to do all kinds of repairing. Go now to Faulk's store and get such hardware as you will be sure to need. He has agricultural tools and implements in great variety and everything needed for carpentering. That is headquarters for all kinds of seeds and grasses. See his handsome cooking and warming stoves.

Poultry and produce wanted at the Dunn grocery. They sell high grade butter from the best makers. Their preferred stock canned goods never fails to give satisfaction.

Bucklen's Arnica Salve.

Has world wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, lumps, boils, sores, felons, ulcers, tetter, salt rheum, lever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25 cents at all druggists.
