A Good Hearted Man,

or in other words, men with good sound hearts, are not very numerous. The increasing number of sudden deaths from heart disease daily chronicled in the press, is proof of the alarming prevalence of this dangerous complaint, and as no one can force just when a fatal collapse will occur, the danger of neglecting treatment is certainly a very risky matter. If you are short of breath, have pain in left side, smothering spells, palpitation, unable to lie on side, especially the left, you should begin taking

Dr. Miles' Heart Cure.

J. A. Kremer of Arkansas City, Kans., says: "My heart was so bad it was impossible for me to lie down, and I could neither sleep nor rest. My decline was rapid, and I realized I must get help soon. I was advised to try Dr. Miles' Heart Cure, which I did, and candidly believe it saved my life."

We heard the other morning that the abbreviation for February—Feb.—means Freeze every body, and that man looked frozen in his slater. It was apparent that he needed the kind of warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of a warmth, stimulates and strengthens at the same time, and all its benefits are lasting. There may be a suggestion in this for you.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys are disordered.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, if you will send address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Nearly twenty years ago we wrote from California to a Missouri paper a description of the Mariposa grove of big trees which we had just visited. The editor pronounced what we said as more imaginary than real. Having just received from the Southern Pacific company a picture of the grand old tree Grizzly Giant, which we measured with a string and found it to be over 100 feet in circumference, recalls that visit and letter. They pronounce the tree 110 feet around at the base. Several fallen trees were so large that it required ladders to mount them. One had burned out, leaving only a shell, and it was so big that we rode a horse fifty feet through it and out at a knothole. Then we went on by stage to see the wonderful things in Yosemite valley—but it will be useless to tell of any of them until we get the public up to the point of believing this tree story.
