The democrats of Marion county think they again have a fighting chance to elect a sheriff as they did the present one, also members of the legislature. The names of W. H. Holmes, J. A. Jeffrey, W. M. Kaiser and W. T. Slater have been suggested as good legislative timber. Chamberlain is their first and only choice for governor.

SENATOR MITCHELL is proving himself one of the most influential men in congress. He has now become an important figure in the Nicaragua canal matter and will do his best to push it through. Several senators have fled application for the desirable seat of Senator Simon as they have no idea that they will be returned to the senate.

For many years Joe Simon had been invincible as a politician, invariably coming out on top in many a hard fought battle. Several weeks ago he left his duties in the United States senate and came to boss the maneuvers of his party machine that has so long controlled everything political in Multnomah county. Being backed by the office holders and police, and having control of all the rough and buxable element of the city, he expected to again win in the party fight. But the great mass of the best citizens of the city decided otherwise at the primaries last Saturday.

The surface indications were that harmony and good feeling reigned in the republican county convention, but it is no secret that a big per cent of the party were displeased at the developments. A blind man could see that slates had been arranged on the principle of you tickle me and I'll tickle you. Then a whole lot of the brethren thought they saw too much of the Joe Simon style in which a few self appointed leaders presume to virtually dictate what should be done. We are not giving the opinions of democrats in the case, but what a few republicans have thought and said. Of course efforts are being made to smooth the matter over and whip the boys back into line, but some of them have gotten sick of that kind of medicine and will not swallow it any more.

Rev. W. T. Wardle will preach at the Presbyterian church Sunday morning and evening. Morning subject, Man's Attitude to God's Call. Evening, Prelude to Current Events, Putting a Premium on Crime, Sermon, The Stilling of the Tempest.

Life Guards.
The Life Guards are two regiments of every forming part of the British household troops. They are gallant soldiers and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements, as colds, influenza, catarrh, the grip and pneumonia do in the month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influence of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."
"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know I saved my life."

Thousands Have Kidney Trouble and Don't Know it.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmor & Co., Binghamton, N. Y.
