The City Election.

It will occur next Monday, there being a councilman to elect from each ward. There is a difference of opinion as to the best means of subdividing the financial and moral interests of our city, and the two sets of candidates represent those differences. The law and order league met at the city hall Tuesday evening and chose W. H. Boals from the first, Prof. G. C. Courtneyman from the second and Robert Howe from the third ward as candidates for councilmen. The citizens' ticket for the same offices consists of V. P. Fiske, E. F. Coad and C. F. Belt, and now it is up to the people to decide which set of candidates they think will come nearest doing what most of our citizens want done.

The primaries of the democratic party will be held in the various precincts of the county on Friday, April 4, 1902, at the hour of 1 o'clock, with the exception of Cook Creek precinct, where the primaries will be held on Thursday, April 3rd, at 1 o'clock. Change of Firm.  
W. C. Brown began merchandizing at Dallas in 1863, first in what is now North Dallas and then across the street east of where Wagner's wagon shop stands. He built the first brick store in the county where the bank is now located, and continued to sell goods almost constantly up to the present. He and his son, Alonso, have been associated in business for years. This week he has transferred his interest to M. M. Ellis and will spend the remainder of his days in quietude. Mr. Ellis began selling goods at the Cliff store near the old Pleasant Hill church over 30 years ago, and in 1874 became associated with Bolter & Wortley in Dallas. Then he became county clerk and has several times since been a Dallas merchant.

How To Gain Flesh  
Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion  
You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

The character of the delegates sent to tomorrow's democratic county convention will determine the quality of the material they put up for the different offices. If the most capable and discreet men are sent from each precinct their first and only aim will be to select for each office the best man they can find for that office, regardless of the aspirations of others. As the mass of people in this county are very much inclined to vote for
