NEWS FOR AFFLICTED.

AN ANNOUNCEMENT THAT WILL INTEREST MANY DALLASITES.

Dr. Darrin, the Eminent Specialist, is in Salem until June 1st, to Accommodate the Sick. Many Know His Mode of Treatment.

While adverse to drawing the attention of our readers to any advertisement which partakes of a medical character, the itemizer feels more than justified in overriding this objection with respect to the announcement of the visit of Dr. Darrin.

This famed physician, lately from Portland, who has achieved such a great reputation throughout the coast and the northwest, has been prevailed upon, by urgent request of many in this vicinity, to visit Salem, as they could not afford by their time and business to consult him at his office at Portland. The doctor has at last consented to visit that city to accommodate the sick and afflicted, and his office is at the Willamette hotel. Those wishing to consult with the doctor will find it to their advantage to consult him while there, and during the first part of his stay, as many require more than one treatment by electricity.

He comes laden with testimonials from the whole northwest, and the authentic reports of some of his cures seem nothing short of miracles. So many thousands are already acquainted with his mode of treatment, it seems unnecessary to state that he uses little medicine in the majority of cases and perfects his cures by the wonderful powers of electricity.

There few ills to which the human flesh is heir, which cannot be relieved and generally cured by the treatment of Dr. Darrin's electro-magnetic treatment, and cases that have resisted the efforts of ordinary physicians, have yielded to his power. These cases embrace almost every form of disease, and, as said before, no man, woman or child need despair of relief or cure while Dr. Darrin offers his invaluable services. The doctor is prepared to test and fit eye glasses to any desiring them.

Unlike other physicians who have become eminent in their profession, the doctor's charges are extremely moderate and reasonable, according to circumstances and ability to pay and he will not undertake any case that he cannot cure or benefit. Consultation is free to all. Should there be cases that are incurable, he will immediately discover them on consultation, thus saving his patients any further expenditure of time and money, which they might otherwise squander. Dr. Darrin makes a specialty of all diseases of the eye, ear, nose and throat, catarrh and deafness, and all nervous, chronic and private diseases, such as loss of manhood, blood taints, syphilis, gleet, gonorrhea, stricture, spermatorrhea, seminal weakness, and loss of desire or sexual power in either men or women. All peculiar female troubles—leucorrhoea, displacement, etc., are confidentially and successfully treated. Most cases can be treated at home after one visit to the doctor's office.

Office hours from 10 a. m. to 5 p. m. Evening 7 to 8. Sundays 10 to 3. The worthy poor will be treated free, except medicine, according to his time honored custom from 10 to 11 a. m. daily. Circulars and question blanks sent free. Inquiries answered. All business relations with Dr. Darrin are strictly confidential.

Among the many successfully treated may be mentioned ex-Senator Geo. Chandler's son of Baker City, who had trouble and general debility; cured and gained 30 pounds.
Mrs. E. H. Easton, Roseburg, Oregon, granulated eyes all her life. The eyelashes were all gone. Cured.
J. J. Kurn, ex-editor of the northwestern German paper Free Press, of Portland, Oregon, deafness for years; cured.
J. H. Wilson, Mist, Oregon, piles 20 years; cured.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We give \$100 for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Those who have visited many hardware stores in all parts of the valley say that Faulk's store is superior to most and equals the very best of them.
