THE MAYOR OF ASHLAND HEARS

For Six Years He has been Growing Deaf—Now He Can Hear—All Through Dr. Darrin's Skill.

Those who are disposed to doubt Dr. Darrin's cures will have their doubts shaken on reading the testimonials of Mayor R. F. Neil, Mr. Rhodes and Mr. Matthews. There are no persons in this city or elsewhere whose word will go farther to substantiate the doctor's skill in treating the afflicted. There can be no doubt or question of the curative power of electricity, judging from the extraordinary cases of cure performed by Dr. Darrin. The great advance of electro-magnetic treatment is that it brings relief in a large number of cases confessedly beyond the reach of the ordinary remedies of the physicians, and Dr. Darrin "has enforced a belief in the curative powers of electricity upon the public by his remarkable cures. It seems that the uses to which electricity is applied are not confined to the arts, but is destined to do what medical and surgical skill has failed to accomplish.

Mayor Neil's Card.

To the Editor: Six years prior to consulting Dr. Darrin I had been deaf in both ears. One ear was badly affected. One month's electrical and medical treatment had radically cured me. I most emphatically commend Dr. Darrin's new mode of treatment to all similarly afflicted. Will gladly answer questions as to the treatment and cure.—R. F. Neil, mayor of Ashland.

JURY LIST.

Parrish, Rock Creek; John Castle, George Cutler, A. W. Fink, John Middleton, Dallas.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. Cheney & Co., Toledo, O. Sold by druggists. 75c. Hall's Family Pills are the best.

RHODES' GOOD LUCK.

A Life of Sickness from Inflammation of the Bladder—Restored to Health by Dr. Darrin.

Dr. Darrin: Your treatment for the past eight months has cured me of kidney trouble, inflammation at the neck of bladder and diabetes. For years I have been obliged to relieve my bladder many times a day and night, rendering sleep almost impossible. I now feel like a new man. I shall never fail to consult you when I need medical aid. The treatment you gave me for my debilitated condition from the effects of the gripe was entirely successful. I can be referred to at any time at Pendleton, Oregon.—Ernest Rhodes.

Can Hear a Whisper.

Editor Statesman: I came to Salem with my daughter April 28th to consult Dr. Darrin concerning her deafness. After a thorough examination the doctor took the case under treatment, and in one operation with the use of electricity restored her hearing, much to our surprise and gratification. I was so much pleased with her cure that I placed myself under the doctor's care. He has already greatly alleviated an almost total deafness of one ear, with which I have been afflicted for 23 years. I can be referred to by letter or in person and will gladly answer all questions. I reside at Shaw, Marion county, Oregon.—C. R. Durfee.

Stops the Cough.

And works off the cold. Laxative bromoquine tablets cure a cold in one day. No cure, no pay. Price, 25 cents.

Consumption and Tumor Cured.

Eagle Point, Oregon.—Mr. Editor: I desire to say to you, for publication, that I was treated by Dr. Darrin at Portland 10 years ago for tumor and consumption. I had a large tumor or abscess growing under my ribs, and it had attained such a growth that my ribs were actually bulged out, and consumption, with corruption and spitting blood, was fast lessening my days of life. I was treated by Dr. Darrin and a few months thereafter I was a perfectly strong man and able to do a good day's work. Before treatment I could scarcely walk 100 yards. I want persons afflicted to personally call on me at Eagle Point, and learn more of Dr. Darrin and his almost wonderful treatment.—C. B. Matthews.

Dr. Darrin will remain at the Willamette hotel in Salem until June 1st. The doctor's charges are low and reasonable, according to circumstances and ability to pay. He gives free and confidential examination to all, at the office or by letter. He treats all diseases of the eye, ear, nose, throat, catarrh and deafness, as well as acute, chronic, private and nervous diseases of whatever nature, incurable, no case taken if not. Out of town patients treated with unflinching success through correspondence. One visit desired, but not necessary. Write for symposium blank and circular. Letters of inquiry promptly answered. Eyes tested and glasses fitted.

Monmouth May Day Exercises.

Last Monday afternoon some 600 people assembled to witness the postponed normal athletics and May queen crowning. The Lucas cadet band discoursed sweet strains and the song boys allowed all the lemonade to be given away. The potato race by Orville Gross, the potato race by Fred Ireland, the sack race by Elsie Byers, the one legged race by Burns Powell, the up hill race by Lester Byers, the cunning broad jump by Chas. Murphy, the up hill bicycle race by Roy Groves, the three legged race by Byers & Murphy. In the tug of war between the Hampton hotel crew and that of the dining hall the rope broke and neither won. The May Queen crowning had aroused great curiosity and big expectations, which fell flat when that exalted personage proved to be nobody but John Tyler. The winding of the four May poles was a beautiful sight, the juniors carrying off the honors.

THE MANUFACTURERS GOT LEFT

Here is Your Opportunity to Buy a Magnificent Piano at Cost.

New York, April 22.

Geo. C. Will, Salem, Oregon: Can you use a car load of fancy pianos shipped your way or will you sell them for my account as party not able to pay as agreed.—Jacob Doll.

The above telegram tells the whole story and in accordance with the same I will throw on the market a full carload of assorted, choice, selected, high grade upright pianos, the best assortment that ever came to Salem. If these pianos were returned the factory would be at a loss for the freight both ways, and they would, even then, have the pianos to sell. For this reason they have invoiced them to me at a specially large discount from the regular wholesale price, and so long as the manufacturers get the bare cost, they will be more than satisfied, hence they are offered for sale now at less than wholesale. This was a pressed steel car, double the size of an ordinary car, and these pianos have completely filled my store. They comprise all the latest styles and designs. I will take on this occasion the actual wholesale or factory cost, freight added.

I offer Saturday the largest sized, full seven and one-third octave, fancy high-grade piano, with full extension duet music desk, Boston or Chickering fall board, three pedals, for \$283. This is a virtually half-price. Fancy dark or rosewood finished cases, \$22 less money, and another piano, not quite so tall, with most elaborate carved panels, three pedals, the third a soft or practice pedal, in mottled mahogany, walnut or oak cases, for \$248. Still other styles of pianos in beautiful genuine oak cases at \$186. I offer the largest size upright piano, standing 4 feet 8 inches high, having carved panels, extension music desk, folding lockboard and three pedals for \$167; the same size Marshall & Sons piano, also with all the artistic improvements for \$138, and everything at correspondingly low prices. Since all prices are based on the wholesale cash cost, those taking advantage of time payments will be charged interest on deferred payments at the rate of 8 per cent per annum. Every instrument sold will be accompanied by a distinct and positive factory guarantee, counter-signed by me, thus making a customer secure in every way. The sale as above will be at George C. Will's music store, No. 231 Commercial street, opposite Bush's bank, and will commence on Saturday at 8 o'clock. So if you have any possible use for a piano or organ, come at once and secure a bargain in a piano such as has never been offered before, and which you may never see again, as the above prices show. Remember, nothing excepting instruments that came in this car will be included in this sale at these special figures. My orders are to dispose of them as quickly as possible.
