Prof. R. W. Kelsey, prohibition candidate for state superintendent of public instruction will speak in the court house next Monday evening. They call him the little giant and say he always interests people.

The candidates for governor compared. Both are comparatively young men and both have been prominently before the public. Mr. Chamberlain has made a reputation of always being capable and faithful in the performance of every duty that devolved upon him, and his every official act will bear the closest scrutiny. The people know in advance exactly what he would do as governor. There would be nothing brilliant in his career, but he would do the right thing and he would see to it that there were no grafts upon the public treasury. Such has been his past record, and so would it be in the future. We do not charge that Mr. Furnish has been dishonest in office, but he has always managed to make every possible edge to his own pecuniary advantage. While sheriff of Umatilla county and while deputy United States marshal he laid the foundation for his present wealth, and the records show that he worked those offices for all there was in them. Not many men would have made so much out of them. It is reasonable to expect that his future course would be in keeping with that record. As he has been so thrifty in office, no doubt many others would be prompted to pattern after the governor in procuring revenue from the state in one way or another. It is for the people to decide which would make the safest governor for their welfare.

DR. DARRIN REMAINS.

He Has Concluded to Remain in Salem Until July 6th.

[Oregon Statesman] During the past month Dr. Darrin has made a great furor among the afflicted of the vicinity. His office has been crowded night and day and phenomenal cures have been reported, making it necessary for him to remain another month. The opportunity to consult this eminent physician should not be lost.

Dr. Darrin has practiced in Paris, London, New York, San Francisco and Portland, and while abroad discovered certain remedies for many of the most dreaded diseases, and his treatment of them gives entire satisfaction.

Numerous testimonials have appeared in this paper during the past few weeks from those who thought they owed it to the doctor, as well as hundreds of like sufferers, to speak of the good work that has been done for them.

Many of those are well known to the editor, having been cured when the doctor was here years ago, when we were favorably impressed with the doctor's good work.

Few doctors have had such a large practice as this physician, who is visited by scores of people every where he stops, and it is well to note that the doctor is not out for money alone, as is proven by numerous cases of poor people he has cured, who are unable to pay for the restoration of their health.

The doctor owes his great success partly to the marvelous power of electricity, in which he has become so well versed. Electricity is the wonder of the age and the mode of treatment is the acme of perfection. It penetrates the secret ambush of disease and exterminates it root and branch forever. It removes the wretched symptoms of loathsome maladies and averts their dreadful effects. It cures many of the most hopeless cases and relieves pains that every known remedy failed in, and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin. We could say more, which we feel is due the doctor, did space permit. We give below another long list of cures the doctor has performed during the past month, all of whom we know personally.

Deafness, 20 Years, Cured. Mr. Editor: For about 20 years my son, A. G. Byers, has been gradually growing deaf, until lately he was almost totally deaf. Dr. Darrin operated on one ear May 7th at the Williams hotel and in less than two hours he had enabled him to hear common conversation or a pin drop. I will add that the doctor used electricity as well as an operation. I was very much pleased with the result of my son's treatment. I was examined for deafness myself, but the doctor said he could not cure me. I can be referred to at Independence, Oregon, where I have lived for 14 years.—A. J. Byers.

A Salem Man Cured of Deafness. Dr. Darrin: Please add my name to the list of cures you have made. Since 10 years old I have been troubled with deafness and ringing noises in my ears. Your treatment has been successful in my case. I reside at 137 church street, Salem.

More Cures Reported. We select a few recent cures performed by Dr. Darrin, as well as others cured years ago, showing the permanency of his treatment: C. Snowden's daughter, 328 Mill street, Salem; cured of discharging ears 13 years ago. C. R. Durfee's daughter, Shaw, Oregon, cured of deafness, April 28th. B. G. Dove's daughter, West Salem, diabetic, cured 13 years ago.

Berj Baxter, living at the Williams hotel, cured of tumor. Dr. Darrin's Place of Business. Dr. Darrin, at the Williams hotel, Salem, gives free examination to all and when necessary gives medicines in connection with electricity. The poor treated free from 10 to 11 daily, except medicines. Those willing to pay, 10 to 50 cents, 7 to 8; Sundays, 10 a. m. to 3 p. m.

Deafness, catarrh, eye nose, throat, heart, liver, stomach and lung troubles, errors of youth, blood taints, gleet, impotency, varicose, hydrocele, tumors and stricture a specialty. All chronic male and female and private diseases treated at half the former prices for home treatment. No cases published except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered; circulars and question blanks sent free. Patients unable to visit Dr. Darrin during the week can do so on Sunday from 10 a. m. to 3 p. m. The doctor will remain until July 6th. The doctor more than one visit is necessary—after that the patient can take home treatment. Patients desiring to see the doctor should not delay. He will furnish batteries and electric belts for any patient requiring them, and will give full directions for their use. Eye's tested free and glasses fitted.

Blood. We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by. When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood. This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it. Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. Price, 50c and \$1.00; all druggists.
