WHAT WE HAVE LEARNED DURING THE WEEK FROM ALL AVAILABLE SOURCES DISHED UP FOR OUR NUMEROUS FAMILY OF READERS IN ABBREVIATED PARAGRAPHS. For groceries go to Osfield's. I have a few thousand dollars to loan at six per cent on strictly first class farm securities.—H. G. Campbell. Spectacles and glasses at Plennig's. See prohibition ticket in this issue. Such seal as they are showing and so righteous a cause as they expect to deserve a better outcome than will result from their efforts. R. R. Ryan, socialist candidate for governor, and Rev. B. S. Wilson will speak at the court house next Tuesday evening. They ask the public to turn out and hear their side of the question. The biggest ovation ever seen at La Grande was last Monday evening, when Chamberlain spoke there. 800 torches were in line and the whole city was illuminated with red fire. Not half the crowd could get into the opera house, and there was wild enthusiasm. Teachers for the Dallas public school will probably be selected this evening. President Harriman of the Southern Pacific was in Portland this week. He reduced all railroad fares in Oregon to 3 cents a mile, and it was decided that the O. & N. Company and Northern Pacific will build a joint line down the Snake river from Lewiston to Wallula. In 1845 John Phillips and his wife, Elizabeth, settled in Spring Valley and there raised a large family, all of whom were regarded as among our best citizens. He died a few years ago and last Sunday he passed away at the old home place, aged 82 years. Gently and reverentially they laid her to rest in the Zena cemetery, where so many of her friends had gone before. Five brick layers are making rapid headway with the walls of Mr. Uglow's building and will finish next week. Then the carpentering will be pushed to completion. Ross Ellis and Hardy Holman Jr. are over on the Slettz inspecting government land. The Cuibono club met at the home of the Misses Brown last Tuesday evening. After initiating Miss Ora Collins and having a jolly, good time they were surprised by some gentlemen friends from Portland and treated to ice cream. College and public school graduates wanting fine photographs should go to Cherrington's gallery in Dallas. He ranks among the best artists in the state.

Job work done here—the best. M. Hayter, dentist, Wilson building. The graduating exercises of the Bethel public school will take place next Tuesday evening. If the weather is fair, there will be a big crowd at the Dixie picnic tomorrow. As both parties favor the initiative and referendum, of course it will carry. Chas. McDonald is back from a visit to his old home in Canada, and Mrs. Roof, formerly Mrs. Surlis, is down from Mosier. W. I. Hooker, grandsons of J. J. Williams, and principal of the Browns ville public school, will be married there June 4th. A neat picnic fence adorns the front of President Poling's home. The grandsons of F. T. Ingalls have been taking in the sights of Portland. G. W. Stapleton and B. F. Jones, republicans, will speak at Falls City tomorrow evening, Monday evening Senator Mulkey and Mr. Jones will speak at Buena Vista and Tuesday evening at Perrydale. Most of the candidates for county offices are making a quiet and so far as we know mainly personal canvass for votes. By order of the ministerial association there will be a union memorial service at the Presbyterian church next Sunday evening, the sermon to be preached by Rev. W. T. Wardle. Elder Russell will preach at Oakdale at 3 o'clock next Sunday and at Bridgeport at 2 o'clock on Saturday, May 31st. The library will have quite a number of new books added because of the liberality of our city council. Judge Hartman, of Umatilla county, says there are over 600 republicans in the county of Umatilla who will not support Mr. Furnish. He says the people there laugh at the idea of Furnish making a business administration other than to his own advantage. In criticism they point to his conduct while sheriff and deputy marshal. County Road Superintendent Hunt reports more good road work now being done in various parts of the county than ever before. The road supervisors have been authorized to employ labor wherever needed in their districts and to make the improvements as permanent as possible. Some of the road fund will be retained for needed work next winter. President Campbell, of our Normal school, has been chosen president of the state university. The popularity he so long maintained in connection with the Normal will go with him to Eugene. Prof. W. J. Crawford, of Zena, has been made principal of the largest school in Salem. Brown & Ellis have just received from the factory direct a large invoice of ladies' muslin underwear which will be placed on sale Monday, May 26th, and at the same date they will offer a great variety of ladies' waists at half price. Mrs. Attie Elkins Hare and her husband have been up from Portland visiting her uncle, Wm. Grant, and other kindred. The graduating exercises of the Buena Vista school will occur next Thursday evening, and a special program is being prepared. The class will be addressed by Rev. Wigmore, of Monmouth. Mrs. Robert Gaynor is in very poor health. A conference including delegates from Washington and California has been in session for some days at the Memorial church near Polk, the building being crowded full all the time. Wednesday there was an enthusiastic Sunday school convention. Dr. Cary is having a nice front added to his home with increased porch room. After completing that John McKinley will build a neat six room cottage for Mrs. Weaver just north of the residence of R. C. Craven.

FOR MEN ONLY. New Cure for Their Diseases and Infirmities. Scientific investigation, supplemented by experience, has shown that urinary diseases are more prevalent and destructive to life, health and happiness than any other class known to the medical fraternity. They are not confined to the low and degraded portions of humanity, as many suppose, but are to be found among the pure of heart, the innocent, the truly pious and the wealthy. Many of them are transmitted from parents to children, from generation to generation. Thousands of people suffer untold agony from their ravaging effects and meet an early and untimely death, often ignorant of the cause. Though transmitted innocently, the effects of these diseases are none the less terrible. It is sad truth that the innocent are often greater sufferers than the guilty. Of all the organs of the body few are more important than those engaged in the urinary functions. In perfect health—that great blessing which so few enjoy—one will scarcely direct a moment's thought to those important organs, and at the first unpleasant symptom good advice, such as may be easily obtained, should be immediately solicited. Among the chief and most common diseases are seminal weakness and nervous disabilities, or loss of nerve power. Thousands of young men and middle-aged men suffer with nervous diseases for years and may be ignorant of the cause, when a little timely advice would make life's pathway full of cheer and happiness. When the first symptoms of seminal weakness manifest themselves the sufferer is noticed to become dull and morose, and is troubled with indigestion, though the appetite may remain good. But the strength vanishes, and the patient is debilitated, and loss of memory and all vigor of the sexual organs may follow. In time he may fall into impotency—total loss of sexual power. Among its terrible effects may be mentioned loss of memory, confusion of ideas, nervous despondency and general weakness. It needs no mirror to reflect itself. The pale face, the sunken eye, the downcast countenance, the stooping, aged form—all serve to announce the victim's troubles. It seldom kills itself, but opens the gate to other diseases, such as consumption and diseases of the heart. The unfortunate cannot sleep. In that intermediate stage, between life and death, intended for the recuperation of the mind and body, he can know no rest, for his dreams are dark and foreboding and the constant drain on his system robs it of its vital fluid. This affliction may be the result of excess on mature years. "Man is but a bundle of habits"—how essential he should start right in life, that his mind should be full of sublime thoughts and pure conceptions. All of you who suffer from this disease should lose no time in consulting Dr. Darrin, for the time may come when you will be beyond the aid of medical skill. No matter what you have taken, or who has failed to cure you, call and see the doctor, as he can permanently, safely and privately cure you in one half the time, and at one-half the expense required by others. Dr. Darrin can be consulted free at the Willamette hotel in Salem until July 6th. Hours 10 to 5 and 7 to 8 daily. The poor treated free, except medicine. The cure of seminal weakness, loss of manhood, varicocele, hydrocele, tumors, gonorrhea, syphilis and stricture a specialty, as well as all chronic diseases. Batteries and belts furnished if necessary. Eyes tested free and glasses fitted.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Stops the Cough. And works off the cold. Laxative bromo-quinine tablets cure a cold in one day. No cure, no pay. Price, 25 cents. Field Day. A. Poling, S. P. Bittner, Newton Guy; 100 yard dash, Guy, Poling, B. A. Teats; 200 yard dash, Guy, Bittner, Teats; 120 hurdle, B. A. Teats, M. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup, but twice whoops.—Jessie Pinkley Hall, Springville, Ala. This Remedy is for sale by A. K. Wilson."

DALLAS BUSINESS HOUSES.

Risser's gunshop is headquarters for everything used by hunters and fishermen. He keeps the best quality of goods and always gives satisfaction. Lynch, the blacksmith, keeps his hammer and anvil ringing all day long making things for people. Dunn's grocery is a good place to go to have your appetite whetted up for something good to eat. The very appearance of their food packages is appetizing. Men's summer weight underwear at very low prices—25c, 35c, 50c, 75c—best makes, too. The Bee Hive store. Let J. J. Wiseman fit you out with every article of hardware needed. He has a variety from which to select and will please you in both quality and price. How about your garden seed and tools. Up to date goods and knowing how to combine material for the best effect count big in millinery. Miss Hollock has the latest and best and knows all about her business. The flour made at our home mill is fully as good as any shipped here, therefore should be used in preference. We are showing this season the most down to date line of ladies' shoes at lowest prices ever known. The Bee Hive store. Mr. Blessing, who delivers for Ullrey's feed store, says he is continually surprised at the immense amount of stuff bought there for stock and poultry. Many ladies always go to the store of Mr. Chace for their corsets, hosiery and all kinds of underwear for themselves and their children. Several good second hand sewing machines for sale cheap at Kerslake's furniture store, and he has some matting that will be sure to please the ladies. New braids and applique trimmings came this week; a very swell line. The Bee Hive store. Dockstader, the liveryman, is kept busy furnishing teams to people who want to go to all parts of the county. Good service and light charges win trade. Shoes you must have, and should always get such as look well, feel easy and wear long. Gaynor's store has a stock that possesses all these qualities. The genial and courteous treatment accorded to all at the Dunn grocery has much to do with their success. They seem to take real pleasure in waiting on one. Ask the stage driver to bring whatever you want from Salem. Society pins of all kinds can be found at the jewelry emporium of C. H. Morris. Silverware and other nice things for wedding or birthday presents. New arrivals in monarch shirts, all the latest colorings, \$1 and \$1.50. The Bee Hive store. Once again we come to tell why people can afford to come long distances to trade at Paul's hardware store. It is one of the most complete stocks in the valley, everything is of standard quality and the prices are always moderate. If perchance he has not what you want it will be at once ordered. SALEM TRADE WANTS. One reason why the New York Racket enjoys so constant a good trade is because it always sells goods from 15 to 20 percent below regular stores. Their expenses being light and they doing a strictly cash business enables them to sell at a small profit. It is a standing rule at the steam laundry that no shoddy work must ever be sent out. Skilled help and modern machinery enable the proprietor to always satisfy his customers. Many of the best homes in Polk county are ornamented with tableware from the Yokelama Tea store. They have glass things almost as brilliant as cut glass and elegant dinner sets very cheap. The George lunch counter is patronized by the most prominent business men in town. As a veterinary surgeon Dr. Keeler, at the steel bridge feed yard, has but few equals and no superiors in the valley. If you have a sick animal he can probably cure it. At Johnson's clothing store they do not make big promises and then fail to fulfill them. For years and years they have been constantly more firmly establishing their reputation for reliability until now those who are acquainted with the firm place full faith in whatever they say. If they tell you an article is all wool you never find it otherwise. All Polk county people having soap presses can exchange it at the factory near the woolen mill for either washing or toilet soap. They have an ef-

fective spraying compound for either hop vines or fruit trees. J. L. Stockton has decided to at once dispose of 50 suits for men and 20 for boys, besides 100 pairs of pants, and to do it has marked each garment down to a discount of from one fourth to one-third. \$3 pants go at \$2, and \$5 boys' suits for \$3.50, while a \$7 man's suit can be had for \$4.50. Go at once and grab at these bargains. Prizes Awarded. For some time past spirited contests had been going on in the public school looking forward to a number of prizes offered. Four pupils of superior merit were to be selected from each room to speak before the public, judges to decide in each case which were the best two from each room. They appeared at the city hall last Wednesday and Thursday evenings, and the first and second premiums, being books, were awarded as follows: Room 1, Nellie Shew and Laird Woods; room 2, Freda Launer and Ava Coad; room 3, Wayne Greenwood and Willis Reynolds; room 4, Winnie Launer and Pearl Shelton; room 6, Alice Grant and Vera Coak; room 7, Nola Coad and Lela Finseth; room 8, Elsie Dashiell and Georgia Martin. On Friday evening the winners of the first prize in each room again assembled on the stage to contest for two gold medals, one worth \$10 and furnished by R. E. Williams, the other costing \$5 and given by the school. The house was crowded until standing room was at a premium, and the friends of each participant eagerly watched for the outcome. Never was there closer attention to the merits of the respective speakers. At the end there was some variety of opinion as to where the medals should go, but the great majority favored Freda Launer and Alice Grant, many being uncertain as to which was most meritorious. The judges concluded that Freda was entitled to the \$10 medal and Alice to the other.

SUNDAY SCHOOL CONVENTION. The Polk county Sunday school convention met in the Christian church at Dallas Thursday evening, May 8th, and after devotional exercises Rev. C. A. Dotson, of Portland, gave an interesting address on "Lord, who wilt thou have me to be," and he gave a blackboard exercise showing how all the members of a family might be drawn into the Sunday school. After opening exercises next morning Rev. W. T. Wardle gave an address of welcome and M. M. Jones responded. Enrollment showed delegates as follows: Dallas, J. R. G. Russell, W. T. Matlock, J. F. Holman, Mrs. Holman, Letta Gates, M. J. Cooper, Minnie Black, W. I. Reynolds, Mrs. Reynolds, Mrs. Phillips, Mrs. L. C. Smith, H. N. Rounds, Florence Kennedy, Amy Dunn, Millie Elliott, Mrs. Palmer, Mrs. Burk, W. T. Wardle, W. H. B. als, Mrs. Boals, A. A. Winter, M. S. Locke, Chesley Embree; Independence, E. J. Duncan, Samuel Phillips; Rickreall, Mrs. Goodell, Mrs. Stoner; Falls City, Mrs. Tetherow; Montgomery, M. M. Jones, Mrs. Jones Harmony, J. L. Guttry, Leitha Guttry, Amy Porter; Pleasant View, Jennie Blanchard, E. A. Porter; Ballston, Mark Sears; Portland, C. A. Dotson. After appointing appropriate committees it was decided that the officers of the association should be president, vice president, secretary, corresponding secretary and treasurer. Reports from various schools showed the work to be in a healthy condition. Rev. Winter gave a short talk on the importance of primary work. Mrs. Bernice Smith spoke of primary methods and Mrs. M. E. Sargeant of their results, showing that our influence is never ending. Brothers Russell, Dotson and Thompson gave instructive talks along different lines and then it was decided that after paying expenses of the convention, the balance of the collections be sent to the state treasurer. In the afternoon Dr. Thompson talked about "The Book" and Rev. Russell about "The Teach-
