There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They cure for \$100 for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

HOT GOING AWAY.

A Rush of Business Causes Dr. Darrin to Postpone Leaving Salem Until September 1.
(Salem Statesman.)

Dr. Darrin, the eminent physician and specialist, at the request of many friends and the great interest shown by the suffering and afflicted, has consented to stay in Salem at the Willamette Hotel until September 1st. His office is crowded from morning to night and the doctor, no doubt, is the hardest working man in town.

The truly wonderful cures he has accomplished are being testified to by a host of afflicted sufferers, who can be seen and consulted on the various medical cures in their behalf. It is safe to say that no specialist has attained the prominence of Dr. Darrin in this country and he cannot help but meet with great success.

He is not simply a medical practitioner, but a physician of a very high order of merit, a scientist, whose years of close study, close observations, close practical experience, has enabled him to draw not only testimonials, but personal endorsements from the leading judges, etc.—and whose success in the medical field today is without parallel.

Dr. Darrin has an enviable rank in his profession as a wonderfully successful physician. He is essentially original in his methods of practice, and those who have been under his treatment are surprised at the newness and novelty of his system of practice by electricity and medicine.

His honest and straightforward advice before taking a case has won for him the confidence of patients, as well as the general public.

The doctor is a gentleman of genial, social nature, and his private practice is marked by the formation of a personal friendship with those whom he comes in contact. He is without doubt one of the most thoroughly qualified physicians now before the public, as his wonderful cures, that we have heretofore published, can testify.

We give below more cures the doctor has performed the past month, all of whom we know personally:

Was Deaf But Now Hears.
C. R. Durfee, a farmer residing near Shaw station, is one of the happiest men in this country. For over 23 years he was deaf in the left ear, hearing being entirely destroyed, while his right ear was entirely normal. After treating with Dr. Darrin, at the Hotel Willamette, Mr. Durfee can hear perfectly in the left ear, and is loud in praises of the physician who so successfully treated him. Mr. Durfee says the restoration of his hearing is a great relief to him, for he can now hear every sound and locate it. Miss Nellie, the daughter of Mr. Durfee, was also cured by Dr. Darrin of deafness and granulated eyelids about two months ago, and is now teaching. Mr. Durfee called at the Journal office and volunteered the above statement.—Salem Journal.

Tribute to Dr. Darrin.
Mr. Editor: Seeing so much in your paper concerning Dr. Darrin, I am prompted to add a few words in his favor. For many years I have had female diseases and a tumor. I was also troubled with my heart and headaches. All of my troubles are vanishing under Dr. Darrin's electrical and medical treatment. My husband's hearing and pain in his side are much improved. Address: Hampton Park, Salem.

Cataract and Bronchitis Cured.
Mr. Editor: I wish to express my gratitude to Dr. Darrin for successfully treating me for cataract and bronchitis. Refer your readers to me, Newham's barber shop, 110 State St., Salem.

Dr. Darrin's Place of Business.
Dr. Darrin can be consulted free at the Willamette hotel, Salem, until September 1st, from 10 to 5 o'clock daily, evenings from 7 to 8. Sunday 10 to 3. All curable chronic diseases, lost manhood, blood taints, stricture, eruptions of youth, catarrh and deafness, are confidentially treated. Cures of private diseases guaranteed and never published in the papers, and no cases published only if every one who has been cured receives home treatment after a visit to the doctor's office. Inquiries answered and circulars sent free. Batteries and belts furnished, with full directions for their use. Eyes tested and glasses fitted.

Patients desiring treatment should call at an early date, as many require a second or more treatment.

Demand for Normal Graduates.
The State Normal school at Monmouth reports that the demand for its graduates during the past year has been much beyond the supply. Graduation from the Normal practically assures a place worth from \$40 to \$100 per month. The students take the state examinations during the regular course and are easily able to pass on all subjects required for state papers before graduation. The school has a well equipped training department consisting of a nine grade town school and a typical country school.

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised in the unobtrusive manner, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew, and before the unbearable pains had entirely vanished and she could again take up her household duties.' He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by A. K. Wilson.

Death of Jas. L. Gwin.

He died at his home in Monmouth June 14th, of heart failure, aged 73 years. He was born in East Tennessee in 1829 and crossed the plains to Yamhill county in 1850, taking up a donation claim where he lived for seven years. He had been a successful teacher for some 15 years. In 1857 he moved to Eola where he engaged in farming and stock raising for over 20 years before moving to Monmouth in 1879. In 1858 he married Miss Mary Boothby, B. F. Mulkey and J. H. Hawley officiated at his funeral June 14th and loving friends laid him away in the Monmouth cemetery. He was in all things an honest man and a devoted christian. The bereaved widow, five sons and a daughter, Mrs. Annie Strain, are left to mourn his loss.
