Chapin-Muscott Weddings.

At the home of the bride's parents, Henry Muscott and wife, in Dallas, at 11 o'clock Tuesday, July 29th, Luther J. Chapin, of Ellensburg, Washington, was married to Miss Nellie Muscott, her pastor, W. T. Wardle, officiating. She was dressed in white with veil and carried a bouquet of white lilies, while he was in a dark suit. The ceremony was performed in the parlor of the home. The bride and groom were accompanied by the bride's parents, Mr. and Mrs. Henry Muscott, and the groom's parents, Mr. and Mrs. Luther J. Chapin. The wedding party consisted of the bride, groom, best man, maid of honor, and bridesmaids. The reception was held at the home of the bride's parents. The wedding was a simple but elegant affair. The bride and groom were both very happy and the ceremony was a success.

Family Reunion.

Not for years had the four brothers, M. M. Ellis, W. R. Ellis, H. J. Ellis and J. C. Ellis, been together until last Friday when they and their families met at the home of the first named for a two days' jollification. All cars were cast aside and they acted like boys and girls again. Including children there were fifteen of them. Last Saturday they had Mr. Cherrington to take a fine group picture of them, including the families of C. G. Coal and T. B. Rowell. Mitch is merchandising here with Almont Brown, Jay is running 4,000 sheep near Enterprise in Eastern Oregon, while Dell and Chet have just bought the large general mercantile establishment of Bibbe & Mendenhall, in Sheridan. Such reunions make those concerned feel good over it for weeks and months.

Bryan-Lucas Mill.

The Bryan & Lucas 3 1/2 mile flume between their mill and Falls City is now in operation and brings down every five minutes lumber enough to load a wagon. They are now cutting daily between 25,000 and 35,000 feet of lumber. Two planers at once smooth the rustic and flooring and it is run through the dry kiln at the mill and then loaded on wagons. All of the rough lumber is sent by flume to Falls City and then hauled to Dallas. They are shipping from here from 7 to 10 carloads a week, much of it going to Salt Lake City and Kansas City. During the slack season next winter three planers and a big dry kiln will be established at Falls City.

The Hop Outlook.

Everything continues quite encouraging. The damage by recent heavy rains has proven much less than expected. Lice are not numerous and spraying is not general. A price of fully 25 cents is expected before the year ends. If the weather continues as favorable as it has been there will be a fine output. Growers are not now disposed to contract at any price. Both eastern and foreign crops are sure to be short. Producers are beginning to get pickers but no price has yet been set. As most contracted hops will not justify over 40 cents and as those who have not contracted can afford to pay 50 cents, the outcome may be a compromise of 45 cents.

W. P. Ireland and son, Willard, have gone into Tillamook county to buy 100 calves, believing it more profitable to feed than to sell their farm products.

School Superintendent Starr went to Rock Creek yesterday. He is finishing up his annual report to the state superintendent.

Deputy County Clerk Nichols is taking a few days off around Falls City.

Frank Brown gave his Sunday school class an ice cream social at the home of Andrew Holman and wife Wednesday evening. They are Nola Good, Frankie Hayter, Mabel Elliott, Ola Grant, Elsie Ray, Ethel Garvin and Pearl Shelton. There were also present Hugh Black and wife, Misses Viola Shultz, Inez and Sena Lynch.

Cord wool is selling at \$2.50 on the cars at Balleaton.

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in much extensive eruption or glandular swelling. It is best to be sure that you are quite free from it, and for its complete eradication you can rely on

Hood's Sarsaparilla
The best of all medicines for all humors.

PUBLICITY AND THE DOCTOR.

The statement is made by Dr. Cyrus Edison, health officer of New York, that there are many reasons why reputable physicians should advertise their business in the daily newspapers, besides the benefits to the doctor himself—benefits to which he is clearly entitled and of which he is robbed by neglecting to advertise—it is a great convenience to the public to learn at first hand where to find a physician who makes a specialty of a certain class of diseases. Dr. Edison is confident that the ban on advertising will soon be removed.

Dr. Edison, whose rank is one of the highest, undoubtedly voices the sentiment of the more enlightened and progressive members of his profession when he insists that old fashioned prejudice should be done away with and the medical faculty should no longer be compelled to hide their light under a bushel.

A great many physicians get a goodly amount of advertising through the public press, and free advertising at that. No physician ever interposes objections to having his name mentioned in the papers in connection with any notable surgical operations. In fact, many physicians who look upon paid advertising with something akin to holy horror are delighted to get a little advertising gratis. Dr. Edison is not the first great physician who has publicly advocated advertising. Dr. Darrin, well known on the Pacific coast and all over the world, has been advertising for thirty years.

COUNTY COURT.

PROBATE.

Sibley, J.
The will of A. H. Palmer was admitted to probate and W. P. Palmer chosen executor under \$2,000 bond, the estate to be appraised by Jacob Boab, W. H. Mack and J. H. Mulkey.

In matter of the H. H. Stanton estate the report of claims was approved and the administratrix ordered to turn over real estate to devisees.

The guardian of Johannes Emmons was allowed \$200, his bondsmen exonerated and he discharged. The administrator of said estate was authorized to erect a monument at the grave of the deceased at a cost of not over \$130.

The will of J. Jay Brown was admitted to probate and Nancy G. Brown chosen administratrix under \$3,500 bond. D. J. Grant, Columbus Tetherow and J. W. Brown will appraise the property.

A Cure for Cholera Infantum.
"Last May," says Mrs. Curtis Baker of Bookwater, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by A. K. Wilson.

I. F. Yeakum, who has 60 acres of hope, says they are all first class and that none of them will need spraying except the Uglow yard, where all the lice have been made to turn up their toes. He has contracted only 16,000 pounds and would now refuse 25 cents for the balance, that being the price offered at Independence this week.

Brown's creamery now has a home demand for all the butter he can make. As soon as cows can get better pasture there will be a greatly increased output. The indications are that a number of farmers will soon have their own separators, which will make it better all around.

Tillamook county will this year produce over a million pounds of cheese and butter in proportion. They make a good article and it has a ready sale.

In Seattle a fellow went into a saloon, said he was Tracy the outlaw and wanted liquor and money. A policeman and a bystander pounced on him and almost beat his life out before he got a chance to explain that he was not Tracy.

Some smut is reported in the chest hay around Parker and some think such hay will produce blind staggers in stock.

A great majority of the men, women and children of this county cannot take a summer vacation because of pressing duties at home. But the grain harvest will be about over by the first of September and then many of them can go to the hop yards and prune orchards, and take an outing while earning something. All hands need relaxation and change from routine duties occasionally. A change of location, surroundings and work will often rest and invigorate one. Hard working, stay at home mothers should somehow manage to go with their children for a change. Make an engagement now to spend part of August or September out of doors.

Joshua McDaniel and S. T. Burch, of Rickell, are not now able to do more than half they could when young men.

C. L. Hubbard and W. V. Fuller, of Dallas, were in Portland Wednesday. Prosecuting Attorney Hart and wife are rusticated at Newport and Mrs. Nat Holman and son James have gone to Netarts.

Field Allen is going on three legs and nursing a foot cut at the Thurston logging camp.

Warren Dunn will soon go over into the Nostucca country to remain all winter among kindred.

Nearly all the Siletta timber land to which title has been obtained has gone into the hands of investors. This fall many other claims in that region will be proved up and can at once be sold at good figures.

Spanish instead of French is to be taught in the naval academy of Annapolis.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also a booklet, "Home of Swamp-Root," all about it including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

THREW ASIDE THEIR CANES.

Mr. and Mrs. Reuben Lee, of Turner, Oregon, relate their experience with Dr. Darrin at the Willamette Hotel, Salem.

(Marechal Statesman).

Marvellous But True.
There are perhaps no more prominent or better known people in Marion county than Mr. Lee and Mrs. Lee, of Turner, Or. Wherever they are known their word is accepted without question, and their card published below goes far to establish Dr. Darrin's claim to successful treatment of chronic diseases.

Mr. Lee Writes as Follows.

To the Editor: Prior to coming under Dr. Darrin's medical and electrical treatment, I had been painfully afflicted with sciatic rheumatism, general debility and nervousness. I could not walk without a cane when I first consulted the doctor two months ago. My relief from all symptoms was rapid and I no longer need a cane. My wife has been troubled with her lungs—having a severe cough for many years—also pains and numbness in her limbs, being obliged to use a cane. She has been successfully treated by Dr. Darrin and discarded her cane. I have every confidence in Dr. Darrin and his new method of cure, and most emphatically commend it to the public. I reside near Turner, Or., and can be seen any time.

REUBEN LEE.

Prominent Linn Co. Lady Cured.
Dr. Darrin, Dear Sir: About two months ago I began your treatment for a troublesome catarrh, and I am not troubled any more. This may benefit others, so use this letter, if it will be of any benefit. Yours respectfully, MRS. NETTIE DEMSEY.

Waterloo, Linn Co., Or.

To Salem Ladies.

Dr. Darrin has treated me for catarrh, neuralgia and rheumatism, sculp trouble, deafness, general nervous debility, female troubles and partial paralysis of neck of the bladder with marked success. I feel that words are inadequate to express my gratitude for the great good Dr. Darrin has done me, and I most heartily recommend the doctor to the afflicted.

MISS MRS. WELLS.

Blanche Hunter is working in Salem for Mrs. Adolph.

Mrs. Chamberlain has gone to Lewiston for a visit.

PISO'S CURE FOR CONSUMPTION

There was a mistake about the price T. B. Brunk got for his hogs, it was \$65 for the sow and \$15 apiece for the six pigs.

Spraying is finished.

Wes. Hodson has a piece of very fine oats that he will cut for hay.

HARMONY.

Farmers are taking advantage of the good weather and are getting their hay in and some are cutting grain.

Miss Carrie Bowman, of Newberg, is visiting Miss Oona Porter and J. C. Porter and family, of Newberg, who just returned home from a visit with relatives on the creek.

Miss Pearl Leonard is spending her vacation at home and Oliver Leonard is sick.

Little Etta Porter, who has been sick for two months is still very low.

A crowd of young people from Buell started for the coast on a pleasure trip Saturday.

It is strange to see young men go home without a hat after calling on young ladies. How is it, Hugh?

Miss Dollie Walker is working in Oregon City.

Nasal CATARRH
In all its stages there should be cleanliness. Ely's Cream Balm cleans, soothes and breaks the diseased membrane. It cures catarrh and drives away a cold in the head quickly. Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 50 Warren Street, New York.

COOL AND COMFORTABLE
In hot weather describes the situation of sensible people. Put on negligee and defy old Sol at his worst. Such outfits, when properly laundered, look exceedingly dressy and appropriate. Our patrons get the benefit of unequalled facilities and perfect methods. Ideal summer attire is very largely a laundered result.

SALEM STEAM LAUNDRY.
