## AN ODD CALLING.

One of the oddest of occupations is that of the professional "business adviser." If your affairs are not conducted to your liking, this gentleman for a consideration will station himself in your office in a position to see all that is going on. He will nose into your affairs for a week or longer at your option, at the end of which time he will "be prepared to point out the faults of your system, employees who neglect their duties, wastage of supplies and time, and suggest means of improving. extending and conducting your affairs on a sounder basis."

The words quoted are from this modest gentleman's advertisement. In brief this man, after a week's observa tion, will undertake to rearrange the most complex office systems "for a consideration" and give you advice "free, gratis, for nothing." As drowning men catch at straws, so do men whose affairs are hopelessly and inextricably muddled grasp at the chance this gentleman holds out to them. The

Professor Huxley, Dr. Wayland declared, was once sitting at dinner beside a lady who in impassioned tones asked him whether he did not think it a very terrible thing that the Rev. Mr. Jones, the vicar, should have adopted the eastward position in administering the sacrament. "My dear lady," he replied, "I am told by Sir John Herschel that to drop a pea at the end of every mile of a voyage on a limitless ocean to the distance of the nearest fixed star would require a fleet of 10,000 ships, each of 600 tons burden, all starting with a full cargo of peas. Now, do you really suppose that the Maker of the fixed stars considers this new position of Mr. Jones a serious thing?"

Some Phonetic Spelling. Before we complain of the spelling

# CONTIGUOUS Is the name sometimes given to what is generally known as the BAD DISEASE. It is not confined to dens of

vice or the lower classes. The purest Blood Poison and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons

who have contracted it. It begins usually with a little blister or sore, then swelling in the

To begins usually with a little groins, a red cruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored splotches and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then began taking S.S. S. I commenced to improve at once and in a very short time all evidence of the disease disappeared. I took six bottles and today am sound and well.

Ripans Tabules are a common sense, effectual cure for dyspepsia, biliousness, heartburn, headache, constipation, dizziness and all disorders of the stomach, liver and bowels. They are intended for the use of men, women and children everywhere, and have proved beneficial in the majority of cases. It is not claimed that they will perform miracles, but some of the cures which they have effected amount almost to that. Easy to take and prompt in action, they have no rival as the best remedy for the every-day ills of humanity.

A MEDICINE WHICH PROLONGS LIFE. "I have used Ripans Tabules for a number of years and would not be without them. I was troubled with indigestion and constipation, and have noticed since I have been using them that I am getting rid of those terrible bitious spells which constitute me to bed on account of the distainess. Of late I have not had any. I had just gut over a bad spell of bitious lever and was sitting on the step, when a neighbor came to me and remarked how bad I looked. I teld him had just got over the fever find that I was afraid to est anything on account of indignestic, from which I had suffered since I was quite young. He advised me to take Ripana Tabules, I said I would try them, and from them I haven't been without them. I can early hipp providing I finish with a Tabule instead of dessert.

I feel very thankful that I have found something that will prolong my life."

GASTRIC TROUBLES.

"I had suffered three years at least from gastric troubles. I could not sleep at nich My head ached and my feet would be cold as ice. My howels were not regular and I would not sleep at mich competence from gases forming on my atomach that I would faint away. I wan in such disreinth I would have sooser sided that live. About three mouths ago I was suffering and felt on
the body was tied up inwardly. My brother recommended Ripsan Tabules to me. My husten
thataned some for me from the nearest drug store and I would not now be without them. I not be suffered me of all the foul gases that formed in my stomach and they move my howels recalled to which I had been taking physics all the time. Thave no more gases, my bowels move regularly
that on more headaches and can sleep well; in fact, I feel as light as the air which I breath, that is saving a good deal for a woman who weight, top pounds. I am sorry that I did not comment
asing the Tabules a year ago, for they would have saved me a great deal of pain and suffering.

One gives relief

take exception to the promulciation of our fathers. Most of the eccentricities in spelling common to children arise from their attempts to reproduce words as they hear them pronounced by their elders. A child who was told to make | fer involved in coin and stock \$112,500 a list of all the fruits she knew wrote an lown, "Apls, strorbriz, rarsbriz, gooz bris, bnarners." Another spelled the and diabetes, hitherto incurable dis-word "idea" with the addition of an eases. They commenced the serious "r." "Idear!" exclaimed her teacher, investigation of the specific Novem-"That is a funny way of spelling ber 15th, 1900. They interviewed idea." Her pupil, however, was not to scores of the cured and tried it out on be outdone. readily, "but I spelled it that way for en cases on the treatment and watchshort."-London Chronicle

Too Much Appreciation. A biography of Huxley dwens on annoyance which he suffered from seven per cent of the test cases annoyance. But the plague had its funny either well or progressing favorably. There being but thirteen per cent of the parties were satisfied and day morning who must be a lunatic, to closed the transaction. The proceeding my effect that he had been reading my essays, thought I was the man to spend and the clinical reports of the test a month with and was coming down by cases were published and will be mailthe 5 o'clock train attended by his seven children and his mother-in-law!"

The Jackpot Defined. A subscriber asks, "What is a jackpot that I read about once in awhile, and what seems to be the difficulty in get-

ting it open?" A jackpot is one for properly cooking fish and is especially recommended for suckers. It has a time lock, over the combination of which millions of Americans have burned the midnight oil in vain.-American Thresherman.
