

LOCAL AND GENERAL

WHAT WE HAVE LEARNED DURING THE WEEK FROM ALL AVAILABLE SOURCES DISHED UP FOR OUR NUMEROUS FAMILY OF READERS IN ABBREVIATED PARAGRAPHS.

For groceries go to Osfield's. Spectacles and glasses at Pfennig's. M. Hayter, dentist, Wilson building. Miss Kate Hibbard is home from Northern Oregon on a visit. Frank Myer is the best machine expert in the county and during the threshing season every year is called to all parts of the county to doctor sick steam engines. It seldom takes him over an hour and often but a few minutes to detect and overcome the ailment. Wednesday morning he had to drop his work in the assessor's office in order to remedy a defect in the new threshing engine of Martin C. Blodgett. If you want a good job of repairing done on your wagon or vehicle go to Wagner Bros' shop. Several agents are around trying to buy timber land and the woods are full of crooked. Quarter section claims command from \$1,500 to \$3,000. This county has a model set of court house officials. They are always in place and constantly have their records in good shape. Any citizen can at once get any desired information about anything connected with any of the offices. Good houses to rent are scarce in Dallas, so those who put off renting for a month may have to take some thing not so good as they want. Year by year fewer pig and poultry products are shipped from the east to this coast, because our home production is constantly increasing. Miss Jessie Dempsey is at work in Dr. Hayter's dental office. E. J. Luther and family, Frank Kenefice and wife and Dick Paul and wife have gone to camp with the Dallas colony below the Hallock mill. The former agricultural store opposite the Stiles harness shop is being papered and fixed up to be occupied by Dr. Locke with drugs, patent medicines, stationery and notions. The very hot winds of Tuesday and Wednesday dried up and injured growing grain. The McBee & Hughes threshing will begin running next Monday. George Hagood has erected eight small houses for the use of his hop pickers, each being intended to accommodate four persons. Year by year the hop growers are making it more comfortable and convenient for their pickers. The Corvallis ice plant makes three tons a day and cannot supply the demand. Every week our stage brings over a ton of it from Salem. Are you thinking of placing a monument or tombstone at the grave of some loved one. G. L. Hawkins at Independence does good work at reasonable prices. Over 100 per day are now going by rail to the seaside resort, Newport. The hay baler of A. R. A carload of each sheep, hogs and cattle were shipped to the Portland market from Corvallis this week. The price of the cattle was 33 and of the hogs 54 cents on foot. As hay will be unusually plentiful next winter nearly all farmers can keep more cattle and the prices of meat will make it profitable to feed hogs. Advertisers is to business what oil or grease is to machinery, it makes things work smoother, faster and better. No matter what you have to sell or want to buy it will pay to let the public know it. Try the Itemizer. All the railroads leading to this coast have lessened rates to induce greater immigration and an unusually large number of home seekers may be expected from the east during the fall. Polk county people desiring to sell their places should make them as attractive as possible. The temperature during much of Tuesday and Wednesday hovered close up to 100. The Southern Pacific will run an excursion train to Newport next Sunday. There will be trains from Woodburn, Silverton, Eugene, McMinnville and Dallas which will probably be consolidated at Corvallis. The train will leave Dallas at 5. McMinnville at 6:15 and Corvallis at 8. Newport will be reached at 11 and the return trip began at 5:30. Round trip rate \$2.50. Louis Gerlinger asks the people of Falls City for a cash bonus of \$3,000 or to grade ready for the ties three miles of roadbed, also free right of way and terminal grounds of not less than 5 acres in case he builds the road from there to either Dallas or Independence. The people act and favorably considered the last proposition, but will give the subsidy to whoever first builds the road. If Mr. Gerlinger really means business he must be in a hurry about it. Mrs. Alice Dempsey has gone to Seattle to be with her sick daughter, Mrs. Ella Boyd. Many farmers who are greatly in need of help and too busy to hunt for it might make it pay to let their wares known under our heading New Today.

Miss Rita Bell has been up from Portland among her Dallas friends. Extras of every imaginable kind for buggies, carriages and wagons kept by Wagner Bros. And they have lots of extras for machinery. You will be surprised at the variety and quantity of extras carried by them. Ask for whatever you want and they will be very apt to produce it. Miller raised a fine lot of cherries at the edge of Dallas and is the master orchard of Wm. Grant some choice Lacie Dike cherries are just ready for market. An expert on prune production who has been looking over the ground thinks Oregon will have about 600 carloads this year. One of the very best hop presses on the market may be seen at Biddle's foundry. He has made thirty of them for this season's demand. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a wide world reputation for its cures. It never fails and is pleasant and safe to take. For sale by A. K. Wilson. Patty & Middleton last Saturday threshed for Alonzo Brown 12 acres of wheat that made 300 bushels. The state school fund has been apportioned, this county getting \$5,118 or it to be distributed among 3,302 school children. D. A. Craven, Dillard Elkins, Clara Dunn and wife, Mr. Perry and wife are at Newport listening to what the wild waves are saying, digging for elusive clams and wading out into the ocean for rock oysters on which to live. Herman Tarter, who was raised at Pedee and graduated from the agricultural college, has gone to spend two or three years in the university of California. Now is the time to have your hop tickets printed and we are prepared to do it. Mrs. Allie Townsend went to Portland Wednesday and left on the Steamer Alliance that evening for Coos bay. As grand worthy matron of the Eastern Star she goes to visit the various lodges in that region. She will have quite a variety of boating and staging, and will come out to Eugene by stage. Little Leona Williams has gone with her company. Dr. Embree reports a newborn boy at the home of Wm. and Susie Tillotson in North Dallas. See the ad of Portland Business college in this issue. There is no better school of the kind on this coast. Most of its graduates are filling responsible positions in connection with prominent business houses. Those needing hands for threshing crews, for hop yards or prune orchards should not wait until all are engaged. A small notice in this paper would be a quick way of getting it. Prof. Reynolds has gone on his bicycle to spend a month in Tillamook county canvassing for an encyclopedia and life insurance. J. G. Sears, wife and daughter will go to Woods for a camping spell next week. His father, Uncle Felt Sears, known to all old timers, lives with him at Ballston. Mark and Mr. Mayfield are building a dozen camper's shacks at the Clamfield hop yard. Jeremiah Miles, father of S. W. Miles the Gwinn place south of Rickreall, died in Marion county last week. The Oregon hop crop of 1895 was 105,000 bales and a prominent hop man says this year's output will not be there either Dallas or Independence. The people act and favorably considered the last proposition, but will give the subsidy to whoever first builds the road. If Mr. Gerlinger really means business he must be in a hurry about it. Mrs. Alice Dempsey has gone to Seattle to be with her sick daughter, Mrs. Ella Boyd. Many farmers who are greatly in need of help and too busy to hunt for it might make it pay to let their wares known under our heading New Today.

UNHAPPY WIVES AND HUSBANDS (Salem Statesman.) An English paper several years ago stated that in the year 1854 there were in London 1132 runaway wives, 2348 runaway husbands, 4178 married people legally divorced, 13,270 living in private misunderstandings, 53,340 living in mutual indifference, while only 3175 were regarded as happy, 127 nearly happy, and 13 perfectly happy. An American philosopher, after studying the facts and circumstances of the cases, has come to the conclusion that all this discord in families is the offspring of disease in some form or another, and that in a great majority of cases disease may be entirely removed, and husbands and wives made entirely happy. It has been done in innumerable instances, and what has been done heretofore may be repeated hereafter. The following are a few cases where whole families have been made entirely happy by removal of the disease which produced discord. Names that can be referred to current years are by Dr. Darrin: C. V. Fowler, Yakima, Wash., took five or six years, cured in 10 minutes; also a pterygium, or fleshy growth was removed from the eye, which had rendered him nearly blind. Samuel Jackson, Highland, Or., deafness 10 years, cured. Mrs. Susie Tompkins, Milwaukee, Or., diseases peculiar to women and sleeplessness, cured in one month. Charles Hand, Taylor street, Portland, discharging ear 9 years, perfectly cured. S. I. Whitehouse, Monmouth, Or., deafness and ringing noises in the ear 12 years; restored. Mrs. H. S. Young, Huntington, Wash., kidney and liver complaint, dyspepsia and general debility; cured. Charles Christman, Portland, Or., scrofulous catarrh so bad that destruction of the nose was threatened, and had become offensive that it was sickening both to himself and friends, cured. To the Editor: For over two years I have been sorely afflicted with a skin disease, a species of eczema. The itching sensation was terrible but through Dr. Darrin's electrical medical treatment I am restored. My brother was also cured of a skin disease. Refer anyone to us at 275 Baker street, Portland. AMOR SWENHART. Dr. Darrin can be consulted here at the Willamette Hotel, Salem, until September 1st. Hours 10 to 5 and 7 to 8, Sundays 10 to 3. The poor fee, except medicine. The cure of catarrh, deafness, tumors, lost manhood and womanhood, varicose, blood taints, secret vices of youth and stricture, a specialty, as well as all chronic diseases. Battery and belts furnished if necessary. Eyes tested and glasses fitted. George Altenberg has sold to Fred S. Chapman some Siletz timber land for \$2,000. Kindly take notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal automizer. The price, including a spraying tube, is 75 cents. Sold by all druggists and mailed by Ely Brothers, 56 Warren street, New York. The proposed change of time in the rural mail routes out of Salem did not take place. Putnam's Fadeless dyes color more goods, per package, than any other. Sold by A. K. Wilson. E. Cadwell and J. B. Nunn are now putting blackberries on the market—price \$1.20 per crate. The Baxter, Riggs & Nachtingal machine will begin operations at the Buhler and Olmsted farms on Salt Creek next Monday and on the same date the N. M. Conner and Nairn machines will start up near Ballston. California melons, peaches and tomatoes are now in our market. Half a dozen loads of country folks spent the day around Tully's mill. Assessor Myer, assisted by Tracy Staats and Mrs. Myer, will soon have his roll completed. Never before were the records of that office in so perfect condition. It will afford every citizen pleasure to drop in and see the shape of things. HO! FOR NEWPORT. Oregon's Favorite Seaside Resort. BRIDGES AND FILLS. The county will gradually change most of the bridges in the county to fills. Between Brunka and Fawkes is a fine change and the Rider bridge near Independence has been similarly treated, the water to run through a 24 inch sewer pipe. The Hill bridge south of Independence has served its day and now a fill containing 1,000 yards of dirt will supplant it. The Jas. Burns bridge and others that need replacing will have everlasting fills in their stead. At Airle there is a bridge 435 feet long, containing 30,000 feet of lumber worth \$300. All of it except 16 feet is to be changed to a fill and the lumber used elsewhere. As the fill will be only about three feet high and the dirt is at hand it will not be expensive. A YOUNG LADY'S LIFE SAVED. At Panama, Columbia, by Chamberlain's Colic Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing weaker every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and by the end of one week was entirely well. For sale by A. K. Wilson. ROCK CREEK. DALLAS BUSINESS HINTS. It will pay you to trade at Dunn's grocery today and so will it pay to buy things there tomorrow, because they always have the best at the lowest prices. It always pays to make your purchases of everything of the hardware kind at Faulstich's store. The bulk of his trade just now is in articles pertaining to harvest and there is seldom inquiry for anything that he cannot furnish. A little later it will be heating and cook stoves. A good assortment has been ordered and will be there when you want one. Than I. V. Lynch there is not a better blacksmith in the county. If hard to fit or very particular about your footwear, remember that Gaylor's exclusive shoe store has the largest assortment and will be most apt to meet your wants. Livernay Docketader's teams are nearly always on the go. He gives such complete satisfaction that he retains all old patrons and is gaining many new ones. Reduced prices on corsets and muslins at the furnishing goods store for ladies and children. Of Mrs. Chace near the postoffice. If you want an oil stove for hot weather go to Wiseman's store. Their canned goods are of the highest grade and their syrups good enough. Gooch Bros. guarantee their flour to be first class and will deliver it anywhere in the city at 70 cents a sack. Their phone is number 116. The Morris jewelry establishment ranks among the best in the valley. He has a large stock of superior goods and is constantly adding new things. If either your time piece or your eyes are defective he has an effective remedy. As Gunsmith Kisser knows all about firearms and ammunition he can meet your every desire in either line. As a member of all sorts of things he has no superior. See what he will do for a dime. BUSINESS IN SALEM. Freeland's store near the court house is headquarters for all kinds of cheap things either new or second hand. You can get real bargains there. See his hop baskets. Peanut taffy, coconut loaf, bonbons and chocolate creams at Zinn's confectionery. His ice cream soda is the best we ever tasted and his candies are delicious. The summer is waning and all light weight goods must be closed out at Johnson's emporium. Experience has taught them that it is better to sell at cost than to carry the goods over to next summer. It will pay you to buy now what you will need next season. Drop in at Johnson's clothing store and see about it. The George lunch counter seats 100 persons and is often full of country folks. Schraman's feed yard at the steel bridge is the best place to put up your team. Large, airy and cool shed, and good waiting rooms for ladies and gentlemen. The cheapest one price store in the city is kept by E. T. Barnes. Their Thompson glove fitting corsets have no superior. They have summer corsets as low as 45 cents and their lines of hosiery for both men and women are very complete. One meal at Strong's restaurant will give you a desire to eat there again. We use soap made at the Salem soap works because we can get no better. They make both toilet and laundry soap. Soap grease taken in exchange. They pay 7 cents a pound, live weight. Marsh Merwin is said to have the inside track for the Independence postoffice. Come this way for old papers for house cleaning and other purposes. Job work done here—the best. CASTORIA. The Kind You Have Always Bought. Beware of cheap imitations.

Drake, B. M. Talbott, J. R. Howie, A. Davidson, N. N. Wright and J. F. Talbot are the incorporators, and Falls City will be the headquarters. So many bright prospects in that direction have gone glimmering that the public have ceased to put much stress on them. But the present proposition seems more plausible than any of them. That the road will be finally built there is no doubt. We all hope that the above named company mean business and that they will promptly proceed to carry it into effect. "Worth its Weight in Gold." Their grandsons, Frankie Campbell and Frank Morrison, went with them. The home of "A. J. Roberts, near Oak Grove, was destroyed by fire last Saturday, the loss being about \$1,800, with \$800 insurance. Evidently a spark from the kitchen chimney fell on the dry roof. When discovered the fire had too much headway to be put out by Mr. Roberts and his two hired men. Only a few articles of furniture were saved. Miss Hattie Roberts, aged 20 years, frantically rushed upstairs to bring down some articles and was so overcome by the heat and smoke that it was with great difficulty that Mr. Anderson rescued her.
