

LOCAL AND GENERAL.

WHAT WE HAVE LEARNED DURING THE WEEK FROM ALL AVAL.

Able Sources Dished up for Our Numerous Family of Readers in Abbreviated Paragraphs.

For groceries go to Osfield's. Spectacles and glasses at Pfennig's.

M. Hayter, dentist, Wilson building. The Independence tile works have been dormant for several years, but now P. H. McCabe is arranging to make both brick and tile north of town.

J. W. Morrison has 35 acres of good hops in three different yards near Airie and has plenty of pickers for two of them. He will pay whatever is the ruling price.

Extras of every imaginable kind for baggage carriages and wagons kept by Wagner Bros. And they have lots of extras for machinery. You will be surprised at the variety and quantity of extras carried by them. Ask for whatever you want and they will be very apt to produce it.

A drunk Italian made up his mind that he would utterly reject the city council's invitation to go to the celebration before Judge Great not through with him he was of a different opinion.

A. C. McKennon and wife are having a good time at Ocean Park. Mr. A. Stutz is in very poor health.

Baker Bush, of Salem, was in Portland this week for the first time in a year. His son has just returned from a long visit east.

The railroad business at Dallas is continually improving. There is a steady good passenger list going and coming, our merchants are receiving more and more freight and the saw mills are sending off lots and lots of lumber. When the hops and prunes begin to move there will be a still greater demand for cars.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a wide world reputation for its cures. It never fails and is pleasant and safe to take. For sale by A. K. Wilson.

We have an order from J. M. Davis, of Goose-neck, for 1,500 hop tickets and are ready to fill all similar orders.

County Clerk Loughary, accompanied by his father-in-law, Rev. N. Shupp, will tomorrow go to Slab Creek where his family is rusticiating.

Miss Hallock has sold her stock of millinery goods to Mrs. H. H. Chace, who will continue the business at the same place. A first class trimmer will be employed and every effort made to have the shop up to date in every respect. Mrs. Chace is now in Portland buying her fall goods.

Last week the weather was fine for harvesting and threshing but was so hot and dry as to greatly injure growing grain. Late spring rains and extremely hot weather have greatly deteriorated the quality of grain.

T. P. Bonzay, near Buena Vista, is offering 50 cents for picking hops and his yard will require about 100 hands.

In Portland hens are worth from \$4 to \$5 a dozen, potatoes 50 cents a bushel and onions a cent a pound.

Observant experts in the matter say there is a general tendency to pick hops too green, which injures the quality. They say the present crop is not so near ripe as many think. Their opinion is that picking should not begin before the 6th or 8th of September. The most prominent and experienced growers are spraying wherever there is the least appearance of lice. As labor generally is scarce, many employ less than if hop picking goes up to 50 cents they will lose most of their help or have to pay bigger wages during September.

I am teaching free the very latest system of dress cutting to be kept up to date free. Ladies wishing to learn the art will please call on Mrs. M. J. Paull.

Mrs. C. Oshari-Gibbons, who lived in this county for so many years, sends her subscription to this paper from Oregon City by Wm. Livermore.

The Northern Pacific railroad is to get into Portland by a bridge at Vancouver and another across the Willamette, and a tunnel through the peninsula between the two bridges. Northern Pacific trains are to come down the Columbia over the Union Pacific track, and the Union Pacific will get to Puget sound over the track of the Northern. That is, each road will haul the cars of the other over its track. Both roads are quite prosperous, both having all the business they can handle.

C. S. Jackson, who for many years had charge of the Pendleton East Oregonian, is now in control of the Daily Oregon Journal published in Portland every evening. It is an independent democratic paper. It is backed by abundant Portland capital and gives strong promise of success. Not only democratic politicians but the people at large think it best that Portland and the state should have some other paper able to cope with the Oregonian.

Henry Olmsted and wife, of Goose-neck, are back from a two weeks visit to their son, Walter, at Centralia, Washington, and other friends in that section. This season Mr. Olmsted gathered 4,000 boxes of strawberries from an acre of ground and proposes to more than double the size of his patch. He found a ready home market for all of them.

Two years ago Wayne Greenwood, a 9-year-old boy, picked enough prunes and whose daughter, Ella, married Arthur Cutler, died last week in M-rion county.

Attorneys Frank and Webster Holmes, of Salem, have been spending several weeks at Ocean Park.

Many farmers who are greatly in need of help and too busy to do it for themselves might pay to let their wants known under our heading No. 7 Today.

Come this way for hop tickets and order early.

A band of 400 scrub horses have just been driven from east of the mountains to the canyon at Linton, on the river below Portland.

The choice parts of them will be canned for table use and the balance ground into land fertilizer.

There is at present a shortage of labor all over this county. Within the next two weeks harvesting and threshing will be about over and then will come hop picking and prune gathering.

This week's weather has been in delightful contrast with that of last week. Then it was scorching hot, now it is comparatively cool and pleasant. Then everybody wanted to go to the coast, now they are satisfied to remain at home.

Extras of every imaginable kind for baggage carriages and wagons kept by Wagner Bros. And they have lots of extras for machinery. You will be surprised at the variety and quantity of extras carried by them. Ask for whatever you want and they will be very apt to produce it.

EYE SORROWS

Many a trouble of the eyes is referable simply and solely to wrong glasses. Fitting the eyes with glasses is an art. We have the proper knowledge and the proper instruments for doing it correctly. If there's no fit there's no pay. Could you ask for fairer terms.

EDITORIAL ENDORSEMENTS.

(Salem Statesman.)

The following is from the editor of the Gold Hill News, and goes far to substantiate the remarkable cure of deafness performed by Dr. Darrin. Mr. Carey's cure has created great excitement among the deaf and afflicted. Mr. Carey's cure was witnessed by Mayor Neil, of Asland.

HE CAN HEAR A WHISPER.

(Gold Hill News.)

One of our friends and subscribers, Mr. C. Carey, of Sam's Valley, has been losing his hearing for about a year. He visited the "News" office a few months ago and the subject of treatment for his auditory came up. When we recommended Mr. Carey to go for Dr. Darrin's visit to Southern Oregon, at that week Mr. Carey visited the doctor at Asland, and was so much benefited that before he had the doctor he could hear a whisper. Such cures are wonderful, yet this one is undoubtedly true. Mr. Carey said he had taken treatment from a number of physicians and spent all his money in paying doctor bills, and so informed Dr. Darrin, who kindly consented to treat him free of charge, which was ungrudging of the doctor.

A HAPPY MAN.

The following is an extract of a card from Mr. Austin, of Portland, Ore., telling how his wife was cured of total blindness:

I wish to make known what Dr. Darrin has done for my family. Eight years ago my wife was totally blind, from what doctor's called nervous absorption of light. In that condition she visited him, and was cured, so she could see as well as ever in her life. I know of hundreds who have been miraculously cured. I am employed on the O. R. & N. Railroad, and can be referred to at any time. I most earnestly recommend the afflicted from whatever cause to consult Dr. Darrin.

ANOTHER SALEM TESTIMONIAL.

Mr. Editor: Thirteen years ago Dr. Darrin visited Salem and cured my daughter, Martha Dove, of diabetes. She was unable to hold urine and had to get up many times night and day. Dr. Darrin cured her so she never had any return of the symptoms. I reside three miles south of Salem on Route 3, and can be seen by anyone. My daughter resides in West Salem.

B. G. DOVER

Dr. Darrin gives free examination to all, and when necessary gives medicine in connection with electricity. The poor treated free from 10 to 11 daily, except medicines. Those willing to pay, 10 to 15; evenings, 7 to 8; Sundays, 10 to 15.

Errors of youth, blood taints, gleets, impotency, varicose, deafness, catarrh and stricture a specialty. All chronic male and female diseases treated at \$5 a week, or in that proportion of time, as the case may require. No cases published, except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free. Eyes tested and glasses fitted. Dr. Darrin's offices are at the Willamette Hotel, Salem, until November 1, 1902.

Falls City proposes to have a band in a new way. A corporation will buy the instruments, to be in charge of the city council but without power to sell them. So no matter who moves away or quits the band, the instruments are still there virtually belonging to the city.

Mrs. Maggie Walker Dead.

She was the daughter of Mr. and Mrs. Jas. Elliott, who live near Dallas, and was born in Canada in 1867. The family came here in 1883 and in 1890 she was married to J. W. Walker, of Independence. They had five children and two months ago little Emma, next to the youngest and a beautiful and lovely child, died with tumor of the brain. The screaming mother could not be comforted, but grew more and more despondent and broken in health. She was taken to Salem to be under the best possible medical skill, but it was all of no avail and she died there last Friday. She was brought to Dallas Sunday and her funeral preached by Rev. H. B. Rounds in the M. E. church where she had spent so many of her happy youthful days, and then they laid her to rest by her darling Emma in the Odd Fellows cemetery.

Footwear sold at Gaynor's shoe store is always guaranteed and seldom proves other than first class. If by chance an article proves inferior they will do the fair thing by you.

When you come to town with an order for groceries see how close Dunn Bros. can come to exactly filling it. Our word for it, the quality and the price of the goods will please you.

Faull's store is a mighty busy place these days. Nearly everybody seems to be needing something in the line of hardware and they are coming and going like bees. The grade of his goods and the prices are all that the public could ask. His tinners is kept busy making many things for many people. Drop in look around. You may see several things that you need but had not thought about it.

Have you ever tried a meal at the Strong restaurant. They get up extra nice things there.

Right now is the time to provide your hop pickers with baskets and Stout's planing mill is the best place to get them. His baskets are strong, light and cheap.

At the soap factory they have a fine article for scouring things or taking off grease or ink, and their laundry soap has no superior on the coast. Get your toilet soap there.

Those who trade at credit stores have to help pay their bad debts. The best way to avoid so doing is to trade where no one gets credit. The New York Racket can give better bargains in footwear, clothing, underwear, furnishings, goods, laces and ribbons than can any credit store.

We recommend Johnson's clothing store because we have known of so many having received fair and honest treatment there, and have never yet heard them charged with trickery or any sham. Your child can buy there as cheap as you can. Every article sent out is guaranteed to be precisely as represented. The newest desirable things for men or boys may always be found there.

When any of your animals show signs of being purry have Dr. Keebler to see them or at least give his opinion as to their probable ailment. There is no better authority on the diseases of animals.

We have often tried the George lunch counter and always found it satisfactory.

Go to Freeland's second hand store for all kinds of camping goods. He sells everything for a third less than regular stores. Whoever used his hop baskets last year will advise their friends to buy them this season.

Zinn's confections are the best to be had. He has delicious ice cold drinks of many kinds, melons, fruit and pure fresh candy. Treat your family or your friends to some of it.

C. G. Rowell, who has a place on Craig river, between Tillamook and North Yamhill, is here on a visit to his daughters, Mrs. C. G. Coad and Mrs. V. P. Fiske, and his son, T. B. Rowell.

Miss Vanche Olmsted, of Salt Creek, took a \$3 prize over a dozen other babies at the Fourth of July celebration in Sheridan. Both she and her mother have been made as wet hens because we called her Orchard. Our neighbor Orchard has a nice house but neither wife nor baby to grace it.

Come this way for old papers for house cleaning and other purposes. Job work done here—the best.
