Newport, August 19, 1902.

About 140 of us arrived here by rail to Yaquina and then five miles by boat at 6 o'clock last Saturday evening and the whole town and all the people from the surrounding hills' cottages and camps came down to the wharf to greet us. The Chemawa Indian band was aboard and so were perhaps 75 teachers and attaches from Indian schools and reservations all over the northwest. The sessions of the institute began at the auditorium last evening with addresses of welcome by different prominent men, and responses by a number of workers among Indians in different parts of the country. The institute will be in session all week. Several hundred Indians from different reservations have come and are camping around in honor of the occasion. Not less than 3,000 persons are now here, only about 500 of whom are permanent residents of Newport. The town is comparatively dull and sleepy except during the summer when great numbers flock in for pleasure and health. A mile over the hill north of town, where Nye creek enters the ocean, is the popular place for camping and surf bathing, and about 150 cottages, many of them quite nice, have been erected, and more are going up every year. The owners occupy them during the summer, and part of them are rented during the winter. The winter climate is said to be as attractive as the summer, and it is expected that this will gradually become a winter resort. Dr. Minthorn, formerly of Salem, has built a large sanitarium on the bluff at the oceans edge south of Nye creek. At present it is mostly devoted to bathing—hot or cold, salt or fresh water, he having over 40 bath rooms which are well patronized. It will doubtless become a popular water cure establishment. The most prominent Nye Creek man is S. G. Irwin, to whom is due most of the credit of the upbuilding of the settlement. He opened his home to acommodate a few boarders and the demand continued to increase until he had to build an addition of 20 rooms, and today he has 50 boarders. Two grocery stores and several milk and vegetable wagons supply the camps and cottage dwellers, and two stores deal in all kinds of curios, Lots and lots of Indian baskets, many of them made on the ground, are being sold at from 25 cents to $2. The three Newport hotels and a number of boarding houses are now full of guests. During the state editorial association meeting here last Thursday, Friday and Saturday the place was full to overflowing. All kinds of fish can be bought at the market and many of the sojourners go out and catch their own meat from the briny deep. Some dig and feast on clams and rock oysters which seem not so popular as a few years. Strolling on the beach is a favorite pastime. The place for surf bathing at the mouth of the creek could not be better. The bath house located there rents perhaps 100 suits a day and has numerous dressing rooms. There is bathing every forenoon and afternoon the hours varying with the incoming of the tide. Several hundred are always congregated along the shore watching the antics and fun among those in the surf. In age the bathers vary from 6 to 70, the female element often predominating. The bathing garbs are as various as the apples on a tree. Many who had never before seen a company of bathers in surf uniform would pronounce it immodest and indelicate, but old hands at the business pronounce it all right, royal fun and full of invigoration. The other day over fifty Dallas noses were counted hereabout, but within a week nearly all of them will have departed. A remarkably good class of people come to this resort, the rougher element seeming to regard it as not the proper place for them. W. A. W.

Catarrh

Is a constitutional disease.

It originates in a scrofulous condition of the blood and depends on that condition.

It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach.

It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

Hood's Sarsaparilla

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

HOOD'S PILLS are the best cathartic.

DO YOU HEAR?

If You Cannot Understand Capital Letters You Must Be Deaf

Do You Want to Hear?

Mr. A. G. Byers, of Independence, Or., was in town the other day and reports his cure of total deafness by Dr. Darrin as permanent. He was so much pleased with the result that he brought his father for treatment for other troubles. We give below his sworn statement, given last June:

How Young Mr. Byers Recovered Hearing.

Mr. A. J. Byers, of Independence, accompanied by his son, A. G. Byers, called at the Journal office this afternoon and made a statement relative to the condition of the younger man. He had been deaf from infancy, and the difficulty gradually increased to such extent that he was almost totally deaf. Two months ago the young man came to Dr. Darrin for treatment, and today called at the Journal office to state that he can hear as well as anybody. The reporter talked to him in a low tone of voice and was as good as the best. This remarkable cure of necessity makes the young man feel happy, and his father is more than pleased. Their purpose in coming to the Journal office was to make a statement to the public concerning the wonderful cure. A. G. BYERS.

Subscribed and sworn to before me, E. Hofer, a notary public, in Salem, Oregon, this 10th day of June, 1902.

(Seal) E. HOFER,
Notary Public for Oregon,

Another Equally Remarkable Cure.

C. R. Durfee, a farmer residing near Shaw station, is one of the happiest men in this county. For over 23 years he was deaf in the left ear. After treating with Dr. Darrin, Mr. Durfee can hear perfectly in the left ear, and is loud in his praises of the physician who so successfully treated him. Mr. Durfee says the restoration of his hearing is a great relief to him, for he can now hear every sound, and locate it. Miss Nellie, the daughter of Mr. Durfee, was also cured by Dr. Darrin of deafness and granulated eyes about two months ago. Mr. Durfee called at the Journal office and volunteered the above statement.

Dr. Darrin's Place of Business.

Dr. Darrin gives free examination to all and when necessary gives medicine in connection with electricity. The poor treated free from 10 to 11 daily, except medicine. Those willing to pay, 10 to 5; evenings, 7 to 8; Sundays, 10 to 3. Those wishing treatment should call soon, as some cases rebuire attention during the course of cure. Catarrh and chest troubles yield more readily during warm weather. Sufferers from this class of troubles should have them attended to at once.

Errors of youth, blood taints, gleet, impotency, varicocele, deafness, catarrh and stricture a specialty. All chronic male and female diseases treated at $5 a week, or in that proportion to time, as the case may require. No case published, except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free. Eyes tested and glasses fitted. Dr. Darrin's offices are at the Willamette Hotel, Salem, until November 1st only.—Journal.

COUNCIL MEETING.

The city fathers met in regular session with Mayor Ellis in the chair last Monday evening.

Present—Eakin, Muir, Vassall, Belt, Boals, Hayter, Coad, marshal, street commissioner and auditor.

No objections appearing to the adoption of the city plot, as per notice given, on motion of Vassall the matter was deferred to next meeting.

The finance committee reported the auditor's and treasurer's reports and bills O K and they were allowed $33.05 and $6.42 respectively.

The following claims against the city were allowed:

F Zumwalt, sprinkling	$6 00
F Muscott, hauling	1 50

An ordinance providing for the improvement of certain parts of Court and Mill streets was passed.

An ordinance providing for new sidewalks on certain parts of Jefferson, Oak, Church, Levens, Mill and Main streets was passed.

On motion of Belt Blessing & Vanskike were ordered to raise their sign to eight feet.

The M. Hayter sidewalk resolution failed of passage.

The matter of waterworks was then taken up and a proposition read from Mr. Calbreath, of Independence, in effect as follows: A pumping plant at the head of the mill race; a battery of wells; a reservoir on Levens hill; a 7-inch pipe line to Hayter street; a 6-inch main to Main street on Court street and up Main to Mill street; 4 inch mains distributed over the city as per plat to supply 15 hydrants. He to furnish all water for hydrants free for 20 years, when the city has option to buy or sell, at price to be fixed by arbitration. In consideration of fire protection as guaranteed above the city is to furnish $15,000 to assist in installing the plant. After discussion the matter was referred to the committee on Fire and Water to investigate and report on August 20th.

Adjourned on motion of Coad.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrheoa Remedy to the house, telling them I felt sure it would do good if used according to directions. In two day's time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by A. K. Wilson.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
