AN ARAB'S PRAYER.

The Plea That Was Offered by a Pilgrim to Mecca. A correspondent of the London Post who witnessed a pilgrimage to Mecca records the following prayer which he heard delivered there by an Arab pilgrim: "O Almighty God, I cried, 'now I am sure you will not send me to hell! A place in paradise is surely reserved for me. You know I was not rich, being only a poor barber, but through my economy and perseverance I laid by some money. My first intention was to buy a wife with my savings; but, being, as you know, a sensible man, I thought it more advisable to make use of them to come to your house first of all to insure to myself a hour in paradise, and remember, O my Lord, that I want a palace as well, I do not want to be a shaver in the next world. We read in the traditions that those who hold high positions here will be miserable hereafter, whereas the wretched in this life will be rich in heaven. So I implore you, in the name of Mohammed, our prophet, who was created before this world was made and who will sit down on your right hand on the day of judgment and plead on behalf of his people, to listen to my requests. When I return home, I have nothing to live on. Therefore I want a comfortable living to begin with, and, since it may be long before I meet the hour you are reserving for me in paradise, I want to have a nice little wife now. You know the kind of woman I like. Nothing is hidden from you. I am not greedy, and so I shall not ask you for many. But, O Lord, may I ask you for two? For, as you know full well, it is not in the nature of a man to be contented with one.'"

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial. It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, weakens the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

Hood's Sarsaparilla and Pills will rid you of it, radically and permanently, as they have rid thousands.

CURES MULTIPLY.

Science Prevails Against the Ills Flesh is Heir to.

[Salem Statesman.] Our readers are by this time familiar with the name of Dr. Darrin, and they have no doubt read with interest accounts of the many remarkable cures this celebrated physician has performed. We suspect that in spite of the many local cures, some have heard the testimonials of grateful patients with some suspicion as to their authenticity, therefore we are gratified to be able to present more testimonials of people who may be personal acquaintances. There are probably no better known people in the county than the names we present below. They have spent almost a lifetime in this state, and their reputations are such that nobody can doubt the truth of their statements. They have received relief and cure at the hands of Dr. Darrin, at the Willamette hotel, Salem, and desire to inform the people that they may have the same opportunity. We give their cards below:

No More Pain for Her.

To the editor: For a long time I have been afflicted with what physicians called a cancerous tumor of my breast which gave me great pain. I have been under Dr. Darrin's electrical treatment and find my trouble has nearly disappeared. I am correspondingly happy over the result. Refer to me at Pratum, Marion county, Oregon. MRS. GEORGIA MILLS.

Discharging Ear Cured.

To the editor: For 50 years or so I have had a discharging ear and partial deafness. The troubles have given me a world of worry and inconvenience. I have been cured of the discharging ear and am rapidly recovering my hearing, all of which I ascribe to Dr. Darrin's skillful medical treatment. Refer to me at Woodburn, Oregon. JOHN B. SMITH.

His Pain Gone, Too.

To the editor: For several years I have had a pain in my back, with kidney, liver and stomach trouble. Dr. Darrin has cured me. I will answer all questions at my farm on Mission bottom, 10 miles north of Salem. I commend Dr. Darrin to all in poor health. OLIVER BEERS.

Scoliosis and Lung Trouble Cured.

Mr. and Mrs. Reuben Lee, of Turner, Oregon, report that his sciatic rheumatism is cured and his general health good, the result of Dr. Darrin's treatment. Mrs. Lee was cured by Dr. Darrin of an abscess of her lung, cough and lameness. Both came to Dr. Darrin's office three months ago, walking with canes. Now their power of locomotion is perfect.

No Whispering Allowed.

Mr. and Mrs. Wm. McMillan, of Monmouth, were in Salem last week to report progress in the treatment for deafness, the former is receiving by Dr. Darrin. He is so far improved, his wife says, that the family can hardly whisper but what he hears it.

The Crafty Farmer.

It appears that an old farmer near Houghton owned a large pile of small stones, with which he wished to fill a ditch, but he had already got about as much work out of his boys as they were willing to do, especially as it was nearing the hour for a ball game. The old man was bound to have the stones moved, anyhow, and so, pretending to have discovered a nest of snakes in the ditch, began stoning the place where the snakes were alleged to be. The boys, who a few minutes before were busy and listless, were now all life and animation. Each threw stones as fast as he could grab them, and the pile was soon in the ditch. There are two morals to this story—first, when you set about killing a snake throwing stones is a glad some occupation; second, in selecting a father be careful not to choose a liar.—Detroit Tribune.

A Difference.

An American girl, pretty and bright had been spending some time in Leamington, England. The afternoon before her departure she suddenly remembered that several books from the public library should be returned. She took the volumes sallied forth and presently encountered a young Englishman whose acquaintance, though brief, had not been without attraction. "Really, now, how queer you American girls are!" he said. "Now, I suppose if you were at home, walking on Fifth avenue, you would never be seen with a fellow lugger all these books."

An Autograph Request.

Embassadors receive many queer requests in the course of their official duties. Here is one that was sent to Mr. White by a western woman, who inclosed pieces of linen, when he was minister to Germany many years ago. "We are going to give a fair in our church, and I am making an autograph quilt. I want you to get me the autographs of the emperor and empress, the crown prince and Bismarck, and tell them to be very careful not to write too near the edge of the squares, as a seal has to be allowed for putting them together."

An Awful Jolt.

Miss Cutting—I think you will become quite a distinguished man if you live long enough. Softleigh—Thanks awfully, donecher know. By the way, what do you—aw—think I will be distinguished for? Miss Cutting—Longevity.—Chicago News.

Calling the Roll.

"Was it an entertaining affair?" "Very. First a man got up and sang 'Are There Any More at Home Like You?' and then a lady arose and recited 'We Are Seven.'—Detroit Free Press.

A ladybird can travel 20,000,000,000 times its own length in an hour. In that time a moth can only travel fifty times its own length.

OUR STAFF OF RUSTLERS.

WHAT THEY HAVE TO SAY ABOUT THE DOINGS IN THE COUNTY.

An Unequaled and Complete Remedy of What Your Friends are and Have Been Lately Doing.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnellsville, O., "for piles and fistula, but, when all failed, Buckle's Astringent Salve cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay. 25c at all druggists.

POLK.

Eddie Lehmann returned lately from Portland, where his father is, and he has also been visiting his brother in Eastern Oregon.

Henry Voth, Henry Rose and Patty Middleton finished threshing last week, each having over 20 days run.

The largest wheat yield reported so far was 22 acres of Turkishland on the Clark place that made 790 bushels. It was creek bottom summerfallow and there was so much straw that the thrasher had to set twice to make room for it. Of oats the Lincoln variety yielded 45 bushels an acre on a piece that had been to clover. Both grains were raised from a few sample seeds obtained a few years ago by Gerhard J. Rempke, near Rickreall.

Henry Rose has a very painful boil on his left arm.

The grain is all hauled off and almost everybody is picking hops, for which 50 cents a box is to be paid.

A 7-man crew of bridge builders is putting new culverts in along the railroad track. The timbers are saturated with creosote to make them last.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, coughs and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grippe prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at all druggists.

RIKREALL.

Preaching next Sunday at 3 o'clock by Rev. Winter, of Dallas.

Clifton N. McArthur, of Portland, has been among relatives here this week.

Mrs. M. E. Gibson, of West Salem, who has been in poor health lately, is visiting with her son, Frank, at present.

Burnham Southwick and family, who lived on the Coolidge place south of town, have moved to the farm of George Wait, senior, at Popcorn.

Mrs. Louisa Gerfin and little daughter, of Portland, spend several days last week with Mrs. Minnie Vaughn.

Mrs. Elsie Fulsom, of Pendleton, has been visiting with her sister, Mrs. Kate Wait, for several days.

L. C. Koser and Mr. Allen, of Monmouth, have just completed one of the finest houses in town for Samuel Orr. It is occupied by Otis Wait and family, formerly of Popcorn.

Hop picking began in the Burch and Koser yards last Friday and in the Orr yard Monday. All three yards are in excellent condition and full handed.

The Best Prescription for Malaria chills and fevers is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure, no pay. Price 50 cents.

AIRLIE.

Warm and fearful dusty. Needle finished his hop yard Tuesday.

Wes Morrison has a full crew of pickers.

The Livesley & Co. hop yard needs more pickers.

Nearly all the yards are paying 50 cents a box.

Two very interesting and attractive objects were on exhibition at this place last week and each had its share of attention. One was a \$6000 draft drawn in favor of the Charter Oak Saw Mill company, and attracted many admirers in the show case at Buchanan's store, and told their employees the money was ready for them. The other was a very lovely diamond brought out from Portland by the magnetic power and attractiveness of one of our fairest daughters and could be seen at the home of J. C. Hastings for several days. It returned to Portland on Sunday's motor.

A. J. Hannum is having a heavy coat of gravel put on the graded road here.

You Know What You Are Taking when you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure, no pay. 50 cents.

ROCKCREEK.

The Thompson and Houser families have gone to pick hops near Eola.

G. B. Hampton and daughter have gone to the Hill yard.

Fred Wittenstrom is again working at the Pioneer quarry.

Dr. Thayer and Mr. Croano, of Toledo, were hunting on Rock creek this week.

G. H. Horsfall and wife, of Troy, Idaho, are visiting her parents, J. L. Morrison and wife.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Send for a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

F. J. Morrison and wife and Royal Flank have gone to Dallas.

Mrs. Thomas Hower is in Albany for a week.

Will Hinshaw and George Miller burned their slaying this week.

More land was cleared in this vicinity this year than ever before and more grass seed sown.

The Renewal of a Strain.

Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kissed by strawberries," have already lost something of the appearance of health. Now is a time when many children should be given a tonic, which may avert such serious trouble, and we know of no other so highly to be recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion and assimilation, and aids mental development by building up the whole system.

OAKDALE.

John Robinson is the owner of a very fine Poland-China sow and boar. He and family are picking hops at the Shepard yard.

Fountain Murphy is drying hops at the Hallock yard.

David Hubbard has bought the Campbell place and Clarence Sellers and wife will occupy it. We are glad to have them locate here, but hope that Messrs. Dorton & Reynolds, who have been living there, will permanently settle at Oakdale too.

John Robbins and family and Plato McFee and family are picking at the Hallock yard.

To Cure a Cold in One Day. Take laxative bromo quinine tablets. All druggists refund the money if it fails to cure. Signature of E. W. Grove on each box. 25 cents.

The family of T. J. Harris is here from Sandlake, picking hops for F. F. Yoakum.

The Dallas City bank is to be treated to \$2,000 worth of new furniture.

No real vegetable. Young Wife (with a pout)—So I am a "bird," am I? You used to say I was an angel. Young Husband—Well, I still give you credit for having wings, don't I?—Chicago Tribune.

The first European city to reach the million in population was Rome (first century A. D.); then came London (1801), then Paris (1851).

Nasal CATARRH

In all its stages there should be no cure.

Ely's Cream Ealm cleanses, soothes and heals the diseased membrane. It is a sure cure for all cases of Catarrh and drives away a cold in the head quickly.

Cream Ealm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

Barnum Loved to Please Children.

What pleased P. T. Barnum most as he proceeded to the full understanding of his office and vocation was devising methods to interest the children. Their frank and vocally expressed pleasure, their frolicsome, keen eyed delight in visiting his museum, menagerie and show, were more to him than to Caesar was the applause of millions. A certain writer has said, "Better be driven out from among men than to be disliked by children." The one man who got farthest away from the force of that possible malediction was P. T. Barnum. He not only arranged spectacles to thrill his child patrons and to fill them with awe and or hilarious wonder, but he fixed days and prices to meet their convenience and their ability to pay for tickets.—Joel Benton in Century.

Flies That Kill Spiders.

Flies are the natural prey of spiders, yet, strange to say, there are in Brazil some flies which prey on spiders. These dainty little insects do not differ much from ordinary flies.

They are hymenoptera, and Pepsis oronta is a typical insect of this kind. They usually come upon the spiders when the latter are unprepared and sting them to death.

A spider after being stung once has generally sufficient strength to hide in a tuft of grass, but his shelter proves only of temporary service, for the pitiless fly soon returns and completes its work by stinging the helpless victim twice in the lower part of the thorax.

Milk as a Food. Milk as a food is a perfect one for the very young infant only. In adult life it is often of service and may save life, but it does not afford all the materials required for nutrition. Moreover, it yields what is not required—a large percentage of lime. The latest researches show that this is not so greatly on account of the quantity of lime contained in the milk as because the salts are in a form peculiarly adapted for retention in the system.

Her Eldest Catch.

The Mutual Friend (to athletic woman)—Now, Mrs. Stebbins, what was the largest fish you ever caught? Mrs. Stebbins—It weighed 140 pounds, but I don't remember its name. Mr. Stebbins (feeling)—I do; it was John Stebbins.—Colorado Springs Gazette.
