Judge Burnett recently decided that many hop contracts which had been entered into were invalid because they bound the grower but not the buyer. He said they were nothing more than chattel mortgages. It is not probable that any more such contracts will be written. Hereafter the grower will be given an even show with the buyer.

All Stuffed Up
That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.
No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.
To cure catarrh, treatment must be constitutional—alterative and tonic.
"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since." EUGENE FORBES, Lebanon, Kan.
Hood's Sarsaparilla
Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

DR. DARRIN GOING TO WOOD BURN.

(Salem Statesman.)
Dr. Darrin will conclude his sojourn in Salem at Willamette Hotel Nov. 1, and will visit Woodburn, at Hotel Woodburn, Nov. 2 to Dec. 1, where he can be consulted free.
For those who cannot possibly place themselves under office treatment, he has formulated a method of "Home Treatment," whereby the suffering may be favored with his latest modes of cure, including batteries and belts, when necessary, which in many cases give instantaneous relief and soon effect a perfect restoration to health—which includes building up and reorganizing the whole constitution. Consultation in all cases is confidential and free. Those unable to make one visit to the doctor can write for question blank and circular and get his opinion on such cases. Home treatment will be sent to any address at the rate of \$5 a week, or in that proportion of time, as the case may require.
Would-be patients should preserve this notice where it will be available when wishing treatment of Dr. Darrin.
As unquestioned proof of Dr. Darrin's skill in the wonderful workings of electricity and the superior remedies he employs, we cite a few of his recent cures in Salem, while we might fill this paper with testimonials if space would permit.
B. H. Ringo, Gervais, discharging ear cured, and his mother cured of asthma.
Mrs. Georgia Miles, Pratum, cancerous growth in breast cured.
John B. Smith, Woodburn, discharging ear and deafness 30 years, cured.

Annual Teachers' Institute.
It will convene in the court house at 8:45 next Wednesday morning and continue through Thursday and Friday, with County School Superintendent Starr in charge and Tracy Staats as secretary. The instructors will be State Superintendent Ackerman, Editor S. Y. Gillan from Wisconsin, President Ressler of the Monmouth normal school, Prof. Metzger of Dallas college and Principal Newbill of the Independence school. Mr. Ressler will have charge of the music, Mr. Ackerman will lecture Wednesday evening and Mr. Gillan the next evening. The general public will be welcome at all the sessions. During Wednesday forenoon Mr. Gillan will deal with reading and arithmetic and Mr. Acker will talk about the course of study. That afternoon the state superintendent will handle language and the theory and practice of teaching, while Prof. Gillan will show how geography can be made interesting and profitable and Prof. Newbill will deliver an address concerning the teacher and the institute. Thursday morning Mr. Gillan will again handle the subjects of reading and arithmetic, and Prof. Ackerman will continue talking about the course of study. In the afternoon Messrs. Ackerman and Gillan will continue the subjects of the previous afternoon and Prof. Metzger will deliver an address on composition. Friday's exercises will be a continuation of those of the two preceding days, the session to close with an address by Prof. Ressler on improvements in the teacher's profession. The arrangement of the program is such as to give copious, solid and substantial instruction in the branches with which public school teachers have most to do. Every school in the county must be closed during the three days of the institute and every teacher must attend sixteen hours or his district will forfeit \$5. All teachers who are ambitious to become as proficient as possible in their chosen profession will be glad of the opportunity to attend and will be apt afterwards to do better teaching.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery absolutely free by mail, address Dr. Kilmer & Sons of Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.
