## \* R.E. BRYAN & SON \* THE ONE PRICE CASH STORE OREGON DALLAS

We propose to maintain our prestige and place our clothing upon every person who is ready to figu re with us. Just now profit is out of the question. We will not be undersold by any one. Our goods are ours and we may give away a few suits if we like just to hurry up things. All we ask is for a chance to convince you that it is more satisfactory to trade with us than with any other house in the county. Yours truly, R. E. Bryan & Son.

# THIS WEEK: Une-third off on Skirts, Waists and Jackets. NEXT WEEK: Cut sale on Dress Goods.

Say that you ought to buy all your Stationery supplies from us. No one house can possibly undersell others on every item in its line and make money; but we do say, and say it evrnestly, that unless you buy your tablets and crepe paper from us, you are paying more than you ought. Our big 'Patton Mammoth" of which we have said so much is still selling as fast as we can pile them out on our counters. Those who bought at first are coming after more -who wouldn't, when we are off ring a huge tablet of good surface paper, which takes ink nicely, and weighs 114 pounds, for a nickle. Would not you?

The creek having risen enough to ring down plenty of sawlogs, the Dallas mill is again in steady opera-tion ten hours a day, during which some 35,000 feet of lumber are cut. They have at least 4,000,000 feet of logs cut up the stream, which has been cleaned out and otherwise improved so as to get logs down to the mill more easily. Mill appliances have been somewhat improved and will be made still better, so as to call for less manual labor. Another plan-r is to be added and perhaps other machinery, Besides considerable lo-cal trade they will have shipping orlers for all they can cut, some to California, some to Salt Lake and some even back to Minneapolis.
