An Ancient Foe

To health and happiness is Serofalu— so ugly as ever since time immemorial. It causes buncches in the neck, dis- figures the skin, inflames the mucous membrane, wastes the muscles, weak- ens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into con- sumption.

"A bunch appeared on the left side of my neck. It caused great pain, was lanced, and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." Mrs. K. T. Snyder, Troy, Ohio.

Hood's Sarsaparilla and Pills will rid you of it, radically and per- manently, as they have rid thousands.

Messrs Fenton, Grant and Ayres will see to it that everything is ready for the show.

Judge Stouffer Dead.

Jonathan Stouffer was born in Pennsylvania 77 years ago, and in 1851 came to Oregon with the family of Jas. McCain, who settled and for many years lived near Ballston. In 1853 he took as a donation claim the farm southwest of Ballston where he lived almost continuously until his death last Sunday. As soon as he settled there he married Miss Agnes McCain, who died in 1861, leaving an only child, Daniel P., who is now police judge and city recorder of Dallas. After that Mr. Stouffer spent several years as blacksmith and farmer at the Grand Ronde Indian agency. At an early day he was justice of the peace, and at Pleasant Hill was superintendent of one of the first Sunday schools organized in this county. In 1868 he was sent to the legislature and was largely instrumental in electing H. W. Corbett to the United States senate. He was chosen probate judge of this county in 1888 and served with honor and efficiency for four years. Having been considered a man of extra good judgment many of his early day neighbors always went to him for advice in time of trouble. Having been a Methodist for 50 years it was most appropriate that his funeral was preached in the church at Ballston last Monday by his long time friend, Rev. T. L. Jones. He was one of the charter members of the Dallas Odd Fellows lodge, and a number of the brethren attended the funeral. It was his custom to spend the summers on the farm with the family of Orvil Focht and the winters here with the family of his son, Dan. Judge Stouffer had a long list of friends, but no en- emies.

We have just received a supply of the latest styles of visiting cards. Come this way for old papers, for house cleaning and other purpose.

How to Prevent Croup. It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Cham- berlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Wilson Drug Co.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out. Fill a bottle with common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and cures the unpleasant necessity of being compelled to go often during the night, and to get up many times during the day. The mild and extra- ordinary effect of Swamp-Root is soon realized. It stands the highest for its won- derful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, Co., Elmhamton, N. Y. When writing men- tion reading this generous offer in this paper.

The Highland grange is progressing nicely.

A Timely Suggestion. This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is con- sidered and before it has become set- tled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giv- ing it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by Wilson Drug Co.

The president's message is plain, intelligent, manly and conservative. It will not meet with universal ap- proval but the masses will say amen to its contents. There is no doubt as to how he stands on any question touched, and while a friend to the people at large is not adverse to the combinations of capital unless used to the detriment of public welfare. He wants nothing done that would check or hinder the welfare of the country at large.

our Holiday Readiness Rule.

Months ago we began thinking about our holiday stocks— were selecting here and there the choicest articles for the least money, buying of the factories direct in most cases to save the middle-man's profit, taking the largest possible quantities in order to get the lowest possible prices. Any time you are in Salem we want you to visit our store and see the result of our hard work; we want you to see the stock complete before the lines are broken up. All goods are marked in plain figures, and while looking around you can learn the prices. With us it is not a question of how much we can get, but for how little we can sell. That is the way our business has in- creased. If you want anything in the line of books, bills, toilet articles, leather goods, sterling silver novelties, calen- ders, games and game boards, we can save you money. We give a 10 per cent discount on current copyright books. We invite you to make our store your home while in Salem. Have your packages sent here and we will attend to them for you.
