E. C. Clement, in the government postal employ, has been here for several days going over the two routes from Dallas to be established in a few weeks. One goes through the McBee settlement to the home of W. L. Frink near Bridgeport, west to the Ellis bridge near Falls City, thence south and east by the Brown, Smith and Gardner homes to that of J. H. Burns and back to Dallas, a distance of 22 miles. Milt Grant and John Foster have been examined as carriers. The other route would go east to the Enns place, thence north through Folk to Smithfield. Striking the Perrydale road at the Leander place, it would go by the Zach Howe, David Peters and Elijah Jordan places to the Salter Creek road and then back to Dallas, being a distance of about 22 miles. It might do away with the Salter Creek postoffice. A. W. Dockstader and J. D. Shaw have been examined for carriers. The pay is \$600 a year, the carrier furnishing his own conveyance.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discharges and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. The child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-sores, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes.
