The natural republican majority in this congressional district is quite large and the party politicians say that it would be impossible for Reames to beat Hermann. And yet they are making as frantic efforts as would a drowning man. Every available speaker has been pressed into service and money has flowed freely. Scores of republican politicians would like to see him defeated, but are feebly supporting him because they expect to be candidates themselves some day and want to have a record of party loyalty.

The motor from here to Corvallis last Friday took about forty passengers to the prohibition oratorical contest between the states of California, Oregon and Washington, there being two from each state. The attendance was large and enthusiasm at a high pitch. Dan Poling, who won the \$50 prize in the state contest here took the second premium of \$25 there, the California man coming out ahead. DR. DARRIN AT WORK.

The Celebrated Specialist From Salem at the Hotel Revere.

Albany Democrat. Dr. Darrin, the celebrated specialist and wife, arrived in this place last week, and have offices at the Hotel Revere, where the doctor will administer treatment to the afflicted. Dr. Darrin needs no recommendation, for the wonderful cures effected by him throughout the state during his many years of practice in Portland speak for themselves and are living testimonials of his superior skill and success in the treatment and cure of the most stubborn and aggravated cases, and chronic diseases. We have known the doctor personally for years and have come face to face with many of his patients after being successfully treated by him. In our business relations we have always found him to be strictly reliable and a gentleman of prompt and practical business methods. His treatment by electricity and medicine has become so popular with the afflicted that his patients do not seek relief from the ills that flesh is heir to, which is positive proof of the superiority of his electrical treatment over all other methods of cure.

Dr. Darrin makes a specialty of all diseases of the eye, ear, nose and throat, catarrh and deafness, and all nervous, chronic and private diseases, such as loss of manhood, blood taints, syphilis, gleet, gonorrhea, stricture, spermatorrhea, seminal weakness and loss of desire or sexual power in either men or women. All peculiar female troubles are confidently and successfully treated. Most cases can be treated at home after one visit to the doctor's office.

Office hours from 10 a. m. to 5 p. m. Evening 7 to 8. Sundays 10 to 3. The worthy poor will be treated free, except medicines, according to his time honored custom from 10 to 11 a. m. daily. Those able to pay \$5 a week or in that proportion of time the case may require. Circulars and question blanks sent free. Inquiries answered. All business relations with Dr. Darrin are strictly confidential.

Among the many successfully treated cases may be mentioned Mrs. Nettie Dempsey, of Waterloo, Oregon, well known by all in this county.

To the Editor: For ten years I have been afflicted with catarrh of the head and throat, and bleeding of the nose. I found no relief until I consulted Dr. Darrin in Salem one year ago. His treatment by electricity and medicine has cured me. I write this to others similarly afflicted may avail themselves of Dr. Darrin's skill while he is in Albany. I reside at Waterloo, Or., and will gladly tell any particulars by letter or in person. MRS. NETTIE DEMPSEY.

DEEP RICH PAINTING.

Art Work of a High Order Being Carried Out in a Style That Appeals to All.

There are beauty spots all over nature and there are about as many with which nature never had anything to do. These are the creation of man pure and simple. About the most beautiful creation we have noticed lately, and in a line to which your thoughts of the beautiful are seldom inclined to run, are these handsome vehicles on exhibition at the repository of Wagner Bros. on Main street, Dallas. These deep rich colors in the painting, the piano line finish, the soft and elegant trimmings, and the beautiful lines in the designing of the goods all speak of their unsurpassed quality. It is a well known fact among those versed in this class of goods that the make of the vehicle we carry are the best in the world. And we are told that the prices are very low, even lower than would be asked for the same goods in a New York Repository.

All sorts of cutlery and kitchen ware.

COMING TO CAMP.

REPORT HAS IT THAT FAMILIES ARE COMING FROM ALL OVER THE VALLEY TO CAMP AND TAKE IN ALL THE ATTRACTIONS OF NEXT WEEK.

The Carnival Opens Wednesday and Closes Saturday at Midnight in a Whirlwind of Mardi Gras Festivities, Indulged in by Merry Maskers wrought up to Heights of Gaiety, Seldom Witnessed in Staid Oregon.

On next Monday evening E. I. Arnold's mammoth aggregation of carnival and street fair shows will arrive in Dallas attached to the regular Dallas local. It requires six cars to transport their menagerie, tent equipment, Ferris wheel, merry-go-round, and various paraphernalia, and there is a large coach load of performers and workmen. They will at once unload and put up their big tents so that the platform and throne can be built on Tuesday and the electric light connections made. By Wednesday morning all will be ready and the door of main tent will open at 1 o'clock that afternoon. This admission to the main tent will be 10 cents each, and to the different sideshows a corresponding amount. A performance will occur in the main tent every other half hour, with change of bill daily, thus giving time and opportunity to take in the side tents. Shows many and varied, however, are the attractions that it will not be possible to take them all in during one afternoon or evening and do them the justice which they merit. The shows will be open from 1 to 4 and from 7 to 11, and the Monmouth and Sheridan bands will furnish music in wholesale lots.

Wednesday, June 3rd, has been accepted as the carnival day. The men of Woodcraft as their day and they will make of it a grand success. A parade and the crowning of the queen, together with competitive circle drill contests will form prime attractions of the day. Under the generalship of Capt. V. P. Fiske the parade will form on Main street at the intersection of Clay and Ash. The first division, consisting of Queen Anne II, retinue and guard of honor, will form on East Clay under the supervision of Marshal Thos. J. Graves.

The second division, consisting of the various floats, will form on West Clay with Marshal N. F. Gregg in charge.

The third division, consisting of Arnold's menagerie, street performers, clowns, etc., will form on East Ash in charge of Marshal J. E. Hubbard.

The fourth division, consisting of uniform drill teams, Capt. Hughes' juveniles and other companies, will form on West Ash under the supervision of Marshal C. E. Staats.

The line of march will be down Main to Oak, west on Oak to Levenson, south on Levenson to Washington, east on Washington to Main, north on Main to Mill, east on Mill to entrance to carnival tent.

The order of parade will be as follows: Heralds, Mayor of Dallas and Director-general Marshal I. F. Yocon, Chief of police, J. M. Grant, Sheridan Woodman band, Queen's Justice, Fred West, Queen Anne II and pages, Escort of honor, Males of honor, Circle drill teams, Women of Woodcraft, Woodman drill teams, Woodmen of the World, Floats, Monmouth band, Arnold's aggregation.

Owing to their inability to do more than handle the local traffic on their line, the motor people will not be able to run to McMinnville as was anticipated.

Orders for stands, restaurants, and amusements are now coming in fast and every available lot anywhere near the carnival tents will soon be taken.

Colonel H. L. Day, of the metropolis, spent two days this week in superintending the erection of a couple of arches on Main street. This worthy Woodman organizer has been of great assistance to the committee in making of the carnival an unqualified success, and they are deeply grateful to him for his untiring efforts.

Persons who are to take part in the parade will please report to the director general at the Oregon Woodman camp directly opposite the entrance to the big carnival tent.

Colonel Matthews has received several tons of confetti, and there is no question but what there will be a large demand for it. Won't it be fun to shower your friends from a safe retreat in the Ferris wheel.

Do not forget to see to it that your little fellows get several rides on the camels and burros.

Dallas is bound to have a larger crowd each day of the carnival than ever came together within its limits for any occasion.

It will be worth the price of admission to watch the performance put up by the queens jester.

Arnold has by far the best menagerie that was ever on the west side.

It was expressly stipulated in the contract between Mr. Arnold and the Woodmen that no smothering men were to be allowed on the grounds, and that all the shows were to be perfectly clean in every respect. There will be nothing to offend either the ear or eye of the most fastidious.

The glass blowers with the Arnold company are direct from the largest glass works in the United States. They make most anything from a dress to a steam engine. Each ticket of admittance entitles you to a present.

By next Tuesday every enterprising merchant in Dallas will have his show windows gaily decorated, symbolic of Woodcraft, and in honor of the carnival. Nearly all have promised to decorate, and the crowd can expect some thing nice.

Mrs. Gaynor has tendered her shoe house as headquarters for the ladies of the circle, and the uniform rank will use the court house basement. The lavatories in the county institution will be open to public use and a special man in charge to see that the privilege is not abused.

Quick Arrest. J. A. Gulleage of Verbena, Alabama, was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25 cents at all druggists.

When there are any fresh berries, fruits or vegetables in the market they may always be found at Dunns grocery. Those having such things for sale should bring them to Dunns when they visit the carnival.

A. W. Teats has again been chosen Grand Worthy Chaplain of Oregon Oddfellows and Mrs. Ora Cosper was again chosen secretary of the state association of Rebekahs. Both of them are residents of Dallas.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.
