**McCOY AND VICINITY.**

Nine o'clock one morning found us at the old Falk place this side of Eola. Mr. Gorman, who bought it of Henry Falk about a year ago, had just sold it to C. A. Gleason, of Olympia, Washington. Taking the road north at the Brunk farm we found the new proprietor, W. H. Knower, in charge of the place so long occupied by Billie Smith, who has moved to Washouca. The home of Mrs. J. C. Allen was just ahead, but we turned to the west and tarried for an interview on the farm which Davis Allen had sold to Albert Zieschke from the east. The homes of his brothers, J. W. Allen and I. A. Allen, were in sight and so were pretty grain fields, orchards and hop patches, but on we went by the home of J. W. Lewis and the two Falk places, halting at the old Morris place, which the large fir trees showed to have been settled a long time ago. J. E. Allen now abides where Allan Rogers formerly lived. Just yonder are the homes of J. C. White and A. G. Roberts, but we had not time to visit either. When mid-day came our horse was munching oats and we enjoying the hospitality of S. K. Crowley and wife in the immense fir grove set out by Mr. Goodwin nearly 50 years ago. Her father, James Fulkerson, crossed the plains in 1847 and he came in 1852, both settling near Oakgrove. Lack of space prevents mention of many interesting things seen and heard on this trip. A solitary chimney now marks the place where the elegant home of Frank Seelye stood not many weeks ago on the Stevens place, but the great red barn is still there. And, too, there is a vacant lot where the home of A. Heise was recently burned. Everything seemed thrifty about the Harris and McNary homes, and neighboring hop yards are thrifty. P. B. Miller has bought of Henry Falk the part of the old Richards place west of the road and is improving it. Mr. Simons occupies the old George Eilers house and Gus Larsen lives in the newer one across the road. Jas. Ball is running the S. W. Fletcher farm, Oliver Wait the G. C. Bell place, and K. L. Williamson that of J. P. Emmett. Crops of all kinds looked well, stock was plentiful and in good condition. George Kelly's new home is quite attractive and so is the Bethel cemetery. Forty years ago Bethel was quite an important place, but most of its glory has departed. Now there is neither a store, postoffice, or even a blacksmith shop there, and most of the property around has changed hands. Curt Hawley lives at his father's place, and the homes at which we met Uncle Charlie Graves and Lucien Frazer 15 years ago are now occupied by H. Walker and George A. Shields, and John Moore lives where Glen Graves then lived. The Winers have moved to near Salem, being succeeded by C. W. Dancer, and W. F. Hartfield is the new owner of the old Maguire place. Here we were within a stone's throw of the Yamhill county line, and just over the mountain to the east is the old George Gay brick house, which was the starting point of the division line between the two counties. Taking the lane running west by the homes of S. T. Munkers and W. H. Werner on the Fred Smith place, we found Jack McKee and family fixing for the Ballston picnic and S. L. Stewart and family for an entertainment at Anity. Opposite the home of Stanley Fletcher we turned in at a gate to spend the night with J. A. Buttrick and family on the Elder Richardson farm, Mrs. Buttrick having been Miss Lizzie Richardson. The grove of big walnut trees gave evidence of its early settlement. Both evening and morning Mr. Buttrick was shooting birds from his cherry trees, but the fruit was too tempting for them to stay away. Passing the new home being built by Mr. Rohde we drew rein for a pleasant chat with Theo. Jeffries on his father's old home place. George Richardson is his neighbor on the south. At the home of J. J. Finn we tarried for a talk with Mrs. Finn about her sons, Captain Milton Davis and Lieutenant Dick Davis, both of whom have prominent positions in the regular army. They were at home not long ago. She has reasons to be proud of their army record. We found T. C. Zosel, wife and daughters gathering strawberries for market, they having the best patch in all that country. Thanks for several boxes of very fine ones. Albert Domes, on the Taylor place, is arranging to erect a fine residence. J. D. Slagle is living at Mrs. Kingston's place in McCoy, but will soon move to that of C. J. Strong, who has sold it to I. P. Reese and will move to McMinnville. Passing through McCoy we stopped at the fine dairy ranch of D. L. Key, half a mile south, it being in charge of H. D. Ott, who is milking about 30 extra fine Jersey cows and sends over two-

ty ten-gallon cans of cream to Portland every month. There are over 80 choice Berkshire hogs on the place, over 50 of them being pigs and shoats which sell at \$8 each. A fine dairy barn has just been completed and other improvements are being added. Passing the homes of S. W. Fletcher and Alex. Holmes, we dined with Cass Riggs and wife. There we met W. B. Galahad, who is gathering milk for a Salem creamery. During one trip he goes to the homes of Mrs. J. C. Allen, A. Heise, A. Denny, J. Q. Thomas, L. M. Mulkey, P. C. Sears, G. L. Kelly, H. A. Bly, Thad. Stevens, Seth Riggs, John Holmes and E. R. Yarnell. At the old Sol. Crowley place, where Man son Crowley now lives, we met Sam. Smith, who had just sold 208 sheep at \$2 each to George Kelly, who was going to fatten them on clover. Peter Buhler lives on the Frank Myer place and Archie Myer at his grandfather's old place near the home of G. W. Myer. Bert Hastings has a new residence across the road from that of his mother. We had a fine home through the Polk settlement. Lack of space compels the omission of many items of interest.

**AN ALBANY MAN'S EXPERIENCE WITH DR. DARRIN.**

[Albany Herald.]  
Mr. J. D. Alkire's card to the public will go far toward establishing the curative properties of electricity and medicine as administered by Dr. Darrin. We are pleased to give space to it, as many will be more thoroughly convinced of the doctor's just claims to a new and efficacious mode of treatment for chronic diseases long thought incurable.

**To the Public.**  
For more than 20 years I have been afflicted with kidney troubles, pains in the back, diabetes and inflammation at neck of bladder. I had to relieve my bladder four to six times nightly. I had despaired of relief, having taken many kinds of patent medicines. I am happy to say I have been cured by Dr. Darrin and his new mode of treatment by electricity and medicines, and feel it my duty to give him credit for it, as well as to notify my neighbors and friends where to go for relief. I am 70 years old and consider the cure more remarkable on account of my age. I reside near Knox Butte, seven miles from Albany, Lin county, Oregon, and can be referred to.—J. D. Alkire.

**Discharging Ear Cured.**  
To the editor: For 50 years or so I have had a discharging ear and partial deafness. These troubles have given me a world of inconvenience and trouble. I have been cured of the discharging ear, and am rapidly recovering my hearing, all of which I attribute to Dr. Darrin's skillful electrical and medical treatment. Refer to me at Woodburn, Oregon.—John B. Smith.

**Dr. Darrin's Place of Business.**  
Dr. Darrin can be consulted free at the hotel Revere, Albany, from 10 to 5 o'clock daily; evenings 7 to 8; Sundays 10 to 3.

**State Democratic Paper.**  
Many efforts to establish a state democratic organ in Oregon having failed, some had concluded such a thing impossible, but we are to have such a publication in the Portland Journal. It started in very modestly and has gradually grown and found its way in public confidence, until now the general public concede that it will be successful. The rank and file of democracy will join in its support, and so will many republicans who have not been pleased with the doings and the makeup of their own party. We can furnish the Semiweekly Journal and the Itemizer for \$2 a year or their daily and this paper for \$1 a year. Now while things are warm politically is the time to order them.

**A Curious Effect.**  
A curious effect is noted in the Anties. There is an inn halfway up the direct route where ascenders and descendents frequently meet, the former half perished with increasing cold, the latter overwhelmed with increasing heat.

**The Maltese Goat.**  
The height of a Maltese goat is about 2 feet 6 inches, its weight nearly 100 pounds, and the cost of a good milk animal is from \$50 to \$125.

**The Game of Checkers.**  
The game of checkers was first played in Egypt, so far as we know, about 4,000 years ago; it is older than chess. The name checkers was given to the game because the board is "checky," a heraldic term. The old English name is draughts.

**Medicinal Remedies.**  
There are nearly 20,000 known medicinal remedies.  
Carlyle Was a Great Pedestrian.  
Carlyle invariably covered several miles before beginning work and enjoyed riding inside an omnibus, while Victor Hugo preferred the outside.

**Remote Kin.**  
Kind Lady—How many are there in the family beside yourself?  
Little Annie—Four; mamma, papa, sister and a distant relative.  
"That is only three. The distant relative is not a member of the family."  
"Oh, yes, he is. He is my brother."  
"Your brother? Then he isn't a distant relative."  
"Yes, ma'am; he is in the Philippines."—Kansas City Journal.

**A Clever Suggestion.**  
A hose attachment supplying twenty-five inches of small rubber pipe to the kitchen sink faucet and ending in a common spray nozzle will be found a great assistance to cleanly dishwashing. The force of the stream penetrates corners and seams of tinware not easily reached by the usual methods and does it so well that the most indifferent maid will welcome the service. It is in the corners and seams of cooking utensils that bits of food sometimes remain to decompose and perhaps produce ptomaine poisoning.

**Scrofula**

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh and marked tendency to consumption before manifesting itself in much cutaneous eruption or glandular swelling. It is best to be sure that you are quite free from it, and for its complete eradication you can rely on **Hood's Sarsaparilla**. The best of all medicines for all humors.

**Farm Machinery Vehicles Bicycles Sewing Machines Cream Separators**

And every other thing that is usually carried in a first class implement house. We have the Studebaker vehicles, the Tribune bicycles, the Sharples tubular cream separators, the McCormick harvesting machinery, and we can sell you machinery that we recommend and stand by.

Peter Redekopp's nursery is doing nicely and he sells considerable berries and vegetables.

A telephone line is being constructed from Smithfield through this place to Dallas.  
The wool pool was good enough. Lena Rempel averaged \$1.32 per fleece. Jas. Boydston \$1.29, John Rempel \$1.50, Jacob Rempels 12 sheep averaged \$2.30.

Henry R. we will plant prune trees on his 28 acres of summerfallow.

The Enns prune orchard is weedless and the girls are painting and papering their new home.  
The demand for both strawberries and gooseberries has been beyond the supply.

Bernard Friesen and Isaac Dyck attended the Mennonite conference in eastern Washington and came back better than ever pleased with Oregon. Four families that went there from this section have decided to come back.  
Jas Boydston is serving as road master in place of Chas. Boyle, who has resigned after ten years good and faithful service.

There is talk of cutting down and filling the hills and gulches on the road between the Enns and Boydston farms. The people will give \$150 in work if the county will contribute that much. Mr. Windover offers \$30 worth of team work and others will contribute liberally.

**Will Buy It Back.**

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. Wilson Drug Co. will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

The highest market price will be paid for wool by T. A. Riggs.

**Over-Work Weakens Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney troubles causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of most distressing cases and is sold on its merits.

By all druggists in fifty-cent and one-dollar packages. You may have a sample bottle by mail. **None of Swamp-Root** free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

**PEEDEE.**

Gardens looking fine and haying will soon begin.  
Fred Howe and family have returned from a visit to Salem, and brought three hands to work in his logging camp.

Reuben Hastings is preparing to erect a new barn.  
Measels in several families at the mill.

All the hop yards around are in excellent condition.  
Many families have gone over near Albany for strawberries.

Ernest Bush has sold his wheel and bought a horse.  
**Cholera Infantum.**  
This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by Wilson Drug Co.
