There are beauty spots all over nature and there are about as many with which nature never had anything to do. These are the creation of man pure and simple. About the most beautiful creation we have noticed lately, and in a line to which your thoughts of the beautiful are seldom inclined to run, are these handsome vehicles on exhibition at the repository of Wagner Bros. on Main street, Dallas. Those deep rich colors in the painting, the piano like finish, the soft and elegant trimmings, and the beautiful lines in the designing of the goods all speak of their unsurpassed quality. It is a well known fact among those versed in this class of goods that the make of the vehicles we carry are the best in the world. REV. DR. DOANE.

Rev. H. Doane, D. D., Dean of the Theological School of the Portland University, Celebrated His Golden Wedding Last September.

This worthy man has been at the head of the Methodist church in the northwest over 40 years. He had a double reason to be congratulated on this occasion, as he was totally deaf for years, and in spite of his advanced age his hearing was restored by Dr. Darrin, now located at the Revere hotel, Albany. No one will attempt to question the reverend gentleman's word, as his unblemished record is well known. He tells his story below in his own words.

University Park, Portland, Oregon, April 26, 1899. To whom it may concern and encourage: to friends, like myself, who have suffered the loss of hearing, on April 24th I called on Dr. Darrin, whom I believed to be a skilled artist and physician, to restore my hearing. He applied his remedies and electricity to one ear and cured the deafness in a few moments. Then he turned his attention to the other ear, which did not seem to yield so readily. For this ear the doctor gave me medicine to use at home, which I am now using. I think it the duty of all who are afflicted to have their hearing restored if possible, and I know of no one whom I think more skilled than Dr. Darrin.—Nehemiah Doane.

What Further Treatment Did Dr. Darrin Give? For some time ago I said something of regaining my hearing under the treatment of Dr. Darrin, of which I had suffered for several years. On the first application of the deafness of one ear was remedied. I applied the medicine faithfully and went again to the doctor, who succeeded in restoring to me all the sense of hearing, so that when I went out on the street it seemed to be the noisiest city I was ever in. My hearing still remains distinct, in both ears equally good.—Nehemiah Doane.

Threeoaks Farm. One of the most attractive homes in this county is that of Cass Riggs and wife near Crowley. Old timers will remember it as the James Fulkerston place. The old house that Mr. Fulkerston erected nearly half a century ago is still there and preserved as an almost sacred relic. The elevated location is quite attractive and the surroundings of their spacious dwelling makes it still more so. Of flowers and shrubs there must be 200 varieties, many of them quite rare. Mrs. Riggs delights to deliver among them, and Mr. Riggs and their children are always glad to show them to those interested in such things. Every nook and corner about the house and vicinity is embellished with some pleasing thing. Every lover of fine flowers and rare shrubs would greatly enjoy a visit there. The great capacity and many conveniences about the barn make it too worthy of a visit. Almost any farmer could get valuable pointers there and at his new dairy barn. In the kitchen and everywhere else things are in the most convenient manner. When in that section recently a neighbor in speaking of Mrs. Riggs said that she was the guardian angel of the community, always being among the first to go or send when there was need of help, comfort or sympathy.

A Remarkable Cure of Diarrhoea. "About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physician's prescriptions and treatment without avail. Finally we moved to Boque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial from a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wilson Drug Co.
