There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, Ohio. MAYOR OF ASHLAND HEARS

For Six Years He has been Growing Deaf. Hears a Near-All Through Dr. Darrin's Skill.

[Albany Herald.] Those who are disposed to doubt Dr. Darrin's cures will have their doubts shaken on reading the testimonials of Mayor R. F. Neil and Mr. Rhodes. There are no persons in this state whose word will go further to substantiate the doctor's skill in treating the afflicted. There can be no doubt or question of the curative powers of electricity, judging from the extraordinary cases now performed by Dr. Darrin. The great advance of magnetic electro treatment is that it brings relief in a large number of cases confessedly beyond the reach of the ordinary remedies of the physicians, and Dr. Darrin has enforced a belief in the curative powers of electricity upon the public by his remarkable cures. It seems that the uses to which electricity is applied is not confined to the arts, but is destined to do what medical and surgical skills has failed to accomplish.

Mayor Neil's Card.

To the editor: Six years prior to consulting Dr. Darrin I had been deaf in both ears. One ear was badly affected. One month's electrical and medical treatment has radically cured me. I most emphatically commend Dr. Darrin's mode of treatment to all similarly afflicted. Will gladly answer questions as to the treatment and cure.—R. F. Neil, mayor of Ashland.

Rhodes' Good Luck.

Dr. Darrin: Your treatment for the past eight months has cured me of kidney-trouble, inflammation at the neck of the bladder and diabetes. For years I have been obliged to relieve my bladder many times a day and night, rendering sleep almost impossible. I now feel like a new man. I shall never feel to consult you when I need medical aid. The treatment you gave me for my debilitated condition from the effects of the grip was entirely successful. I can be referred to at any time at Pendleton, Oreg.—Ernest Rhodes.

Dr. Darrin's Place of Business.

Dr. Darrin is located at the Revere Hotel until October 1st, and will give free examination to all from 10 to 5 or 7 to 8 daily. The poor free, except medical one, 10 to 11 daily, and these able to pay at the rate of \$5 a week or in that proportion of time as the case may require. All curable chronic diseases of men and women a specialty. Eyes tested and glasses fitted at reasonable prices.

Some of the finest scenery in the world is on the Columbia river, which is justly called the Rhine of America. The famous scenery of Switzerland does not excel it. Fine meals served on all four boats of that line. Fare to and from the Dalles \$1.50 round trip \$2.50. Any passenger may either go or return by rail.

Grant's Fine Kids.

Under date of July 5th Mr. U. S. Grant, of Dallas, Oregon, wrote us that he had just weighed a lot of kids. The bucks weighed from 55 to 75 pounds, the majority of them over 70 pounds. All but three of these kids were born in the latter part of February and the fore part of March. All of them were sired by Phil Sheridan, a Conklin buck which commanded the admiration of everybody at the last Dallas show and is undoubtedly one of the greatest bucks of the Pacific coast, both individually and as a sire. As all of the leading breeders have sold the greater part of their yearling bucks, it will be necessary for a good many purchasers this year to take kids and those who attend to the matter first will of course have the best chance.—Rural Northwest.

IS A GOOD COLLECTOR.

The following showing as furnished the Itemizer by Sheriff Ford is evidence of the efficiency of the new tax law as being the best tax collecting law ever enacted by the state legislature:

Amount of taxes collected on the 1900 tax roll July 1st. \$45,796.87

Amount of taxes collected on the 1901 tax roll July 1st. \$87,200.66

Amount of taxes collected on the 1902 tax roll July 1st. \$90,960.92

It will be observed that the amount of taxes collected under the new law of 1901 up to a given date exceeded that of the old law of 1900 more than \$40,000, and yet some people assert that the old method was better than the new. About 75 per cent of the tax payers get the benefit of the 3 per cent rebate, and about 25 per cent of them pay penalty and interest. The delinquency on the 1st of July, 1900, was about \$45,000, while it is now only \$16,000.
