The soldier, not a whit disturbed, answered coolly: "Wait a little, and I'll tell you." And he deliberately commenced counting, "One, two, three," etc.  
When he had reached 100, Suvaroff, who was half frozen, thought it high time to ride off, not, however, without inquiring the name of the ready reckoner. Next day the latter found himself promoted.

Having been in business for 25 years, he has learned how to select a line of goods to suit careful buyers, such things as they can be proud of having in their homes. All instruments sold by Mr. Will will be attended to free of charge. By fair treatment he has made friends of customers, and their assistance is the cause of his largely increasing trade.
