AROUND SUVER.

The place about holds its own. W. McLane has been railroad agent there for twenty years. His son, Edwin, runs the warehouse and has handled about 60,000 bushels of grain this season. The fat men around are unenterprising and ship lots of produce. J. M. Larson is the merchant and R. W. Swink teaches the young ideas how to shoot. Harvey Frum carries the rural mail, leaving there at 11:30, crossing Soap creek at Ridders mill, and making a circuit through the edge of Benton county and back by the old quick place. After the arrival of the north bound train, he starts out again around by way of Airle, Simpson's, Chamberlains and Suvers, a total of 25 miles. Many changes of residence have occurred. John James and Henry Flickinger are at their old homes. Albert Reuf is where Mr. Harper used to live. Emil Gobat is on the Stump farm. T. E. McKinney occupies the Nelson Tharp place. Wm. Steele is at the Ben. Tharp homestead. John Hostetter is where the Bevins family lived many years ago, and Mr. Loy is a cross the creek from Ridders' flouring mill. Flowers were running everywhere, most of them having four horses and many potatoes were being dug. Nearly all the good housewives had droves of turkeys wandering around and getting fat before Thanksgiving. John McClain lives at the home of Wm. Davidson, who is an invalid and stays with his daughter at Albany or his sister, Mrs. Jess Stump in Salem. Wm. Murphy lives next north and has dried a fine lot of nice prunes. J. R. Loy lives in a new house toward Buenavista and B. H. Pillar on the George Scott place and E. Emmons not far away. The village of Parker is not unlike it was a dozen years ago. Wm. Fuqua lives in the edge of town and handles considerable cattle. He now has over 100 head and has stored in his barns about 200 tons of hay to keep them from getting hungry. Harvey East, of Salt Creek is working for him and Claud Boone has been with the family for ten years. Mrs. Fuqua has considerable skill and taste as an artist and their 10-year-old daughter, Velema, is a sweet and promising child. Mrs. Swink serves as railroad agent and postmaster in the absence of her husband. Mrs. Kerr, whose husband was killed by Peacock, lives near by, her nearest neighbor being A. B. Lacey, who is a government forest ranger. P. T. Peterson is on the old Bradley farm and J. O. Anderson, who carries the rural mail, lives at the D. M. Calbreath place. Helmeck's warehouse handles considerable grain. They have a neat school house and Miss Wheelock is giving satisfaction as a teacher. At the hill top near the stately home of Mrs. J. O. Davidson lives P. J. Dickenson, recently from the east. A mile west James Helmeck lives on his father's old place. He has extensive improvements and farms on a big scale. Evans, who lives across the road from his dwelling. The first home south of the bridge across Big Luckiamute is that of Marshall Suver and his brother abides not far away at their father's old home. Perhaps a mile away on the old Chamberlain farm, lives Enoch Chamberlain and wife, who is a daughter of Harry Christian. On a wooded hill not far from their home is a pioneer grave yard not now much used. Some of the tombstones tell that it is the resting place of Mrs. Catherine Chamberlain, Smith Collins and wife, Matthew Neely and wife, Elizabeth Vanover, Philip James Chas. Coombs, R. S. and M. W. Neely, David, Joseph and Esther Collins.

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs. They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I had pains in my back, could not sleep and when I got up in the morning felt worse than the night before. I began taking Hood's Sarsaparilla and now I can sleep and get up feeling rested and to do my work. I attribute my cure entirely to Hood's Sarsaparilla." Mrs. J. N. Ferry, care of H. S. Copeland, Pike Road, Ala.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out, and this tube restored to the normal conditions hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. Hall's Family Pills are the best. Sold by druggists at 75 cents.—F. J. Cheney & Co., Toledo, Ohio.

Royal Month and Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merit in more homes than one in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative, consumption.

Women as Well as Men

Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail, free, also pamphlet telling all about it, including many of the thousands of testimonials from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

Mr. Pagenkopf has raised about forty bushels of peaches and sold them at a dollar a bushel.
