## Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

## A Great Pen.
## It Fills Itself.

There are only two kinds of fountain pens—Conklin's self-filling pens and all the others. It fills itself instantly from an ink well or bottle without a filler. You do not have to take it apart to clean it. It will not roll off the desk. It is as different from all other pens as night is from day. To those that want a fountain pen with all the trouble eliminated, a source of comfort and a joy forever will buy a satisfying Conklin self-filler. There are three sizes, the regular $3, the larger $4, and the extra large pen $5. And in value they are worth double. If you will call, we will be pleased to show you all the points about them. You will not be importuned to buy.
