An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial.

It causes bunches in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"A bunch appeared on the left side of my neck. It caused great pain, was lanced, and became a running sore. I went into a general decline. I was persuaded to try Hood's Sarsaparilla, and when I had taken six bottles my neck was healed, and I have never had any trouble of the kind since." MRS. K. T. SNYDER, Troy, Ohio.

Hood's Sarsaparilla and Pills

will rid you of it, radically and permanently, as they have rid thousands.

It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. Cheney & Co., Toledo, Ohio. Sold by druggists for 75 cents. Hall's family pills are best.

The World's Earnings.

The gross earnings of the civilized world are about $36,300,000,000 per annum.

The English Mile.

The English statute mile was first defined in the thirty-fifth year of Queen Elizabeth. Before that time it was put down at 5,000 feet.

Moorish Women.

Feminine Moors are generally absolutely ignorant of their age. Among Moorish women this is a point of honor, but it is really no affectation, for as their birthdays are never celebrated in any manner the passage of the years is far less noticed than it is with us.

Paris Working Classes.

Paris has no less than 1,216 classes of workmen. There are, for instance, 386 classes engaged in the chemical trade and 370 in metal industries.

Bad Spell.

"No Luck" appeared tattooed on the forehead of a burglar who was sentenced to fifteen months' imprisonment in Paris the other day. He said the words had been there since he was a child and had exercised an "unholy spell" on him ever since.

A Great Chestnut Tree.

No tree has ever been found larger than the Sicilian "chestnut of a hundred horses." It is no less than 304 feet in circumference.

A Chinese Custom.

Chinese women never think of taking the hairpins out of their hair when they go to bed. These hairpins are from six to ten inches long, of silver, gold or some bright material and curiously bent and twisted. They are worn night and day and only removed when the hair is to be newly dressed for some important occasion.

Cod Liver Oil.

It is safe to say that for every life that is saved through the curative effects of cod liver oil another is lost in catching the fish.

Bank Expense.

The operating expense of a bank with a capital of $100,000 is 2.34 per cent of the loans and discounts, but the operating expenses are only 1.33 per cent if the bank have a capital of $1,000,000 or more.

Soiled Photographs.

Soiled photographs may be cleaned by being sponged with cold water and dried by laying them, face downward, on a soft cloth and pressing the backs with the palm of the hand. The mounts should be rubbed with crumbs of stale bread.

The Language of Criminals.

"Shooting the crow," it was explained in a police court, was the criminals' term for ordering drinks without having the money to pay for them.

The Christmas Dinner.

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope for the sake of the cook. The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
