Some Political Pointers.

Editor Lyon of Independence has been feeling the republican political pulse and says that for state senators E. C. Kirkpatrick, D. L. Kert and J. M. Stark have been mentioned. For representative he has heard George Kelly spoken of and it is said if lightning should strike in Eola precinct it might hit Tom Wann. Wes Hobson or Henry Brophy. For Smith of McCoy, H. C. Cooper of the county seat or J. L. Hanna could be persuaded to run for county clerk and that either M. Serraford of Luckiamute, E. H. Hosner of Monmouth, M. D. Ellis of Dallas or E. M. Young of Independence would accept the state senate judgeship. John Van Ordel is likely for sheriff, J. N. Hart would not object to remaining district attorney and C. L. Starr is not growing weary as school superintendent.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.
 Among the signs of a weak stomach are: uneasiness after eating, fits of nervous headache, and disagreeable belching.
 "I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and nausea and find Hood's Sarsaparilla invaluable." E. B. Hickman, W. Chester, Pa.
Hood's Sarsaparilla and Pills
 Strengthen and tone the stomach and the whole digestive system.

OLD NEWSPAPERS USEFUL.

How They May Be Used to Advantage Around the Home.
 Old newspapers can be used on pantry shelves, says the Chicago Tribune. They can be put under the carpet, as they are excellent nonconductors of heat and cold.
 The illustrated weeklies may be circulated among friends and sometimes exchanged with mutual pleasure.
 They may be made into picture books to amuse visiting children. The larger the better, so that a number of children may gather round it.
 They may have their pictures tacked on the walls of the cook's room.
 They may be sent to hospitals, asylums, reformatories, settlements and the like.
 Newspapers may be used to clean windows and kitchen ranges.
 They may be cut into bits, moistened and sprinkled over the carpet before sweeping.
 They may be laid over ice to retard the melting.
 They may be given to children to cut into scallops and points and bars and stars, being far more amusing to most babies than many toys.
 They may be used in an emergency on a chilly night like a pair of extra blankets on your bed. Some housekeepers have been known to stitch them in sheets for the purpose, one or two layers deep.

How to Prevent Throat Diseases.
 Everybody ought to know that the very best thing he can do is to eat apples just before retiring for the night. No harm can come even to a delicate system by the eating of ripe and juicy apples before going to bed. The apple is excellent brain food, because it has more phosphoric acid in easily digested shape than any other fruits. It excites the action of the liver, promotes sound and healthy sleep and thoroughly disinfects the mouth. This is not all. The apple prevents indigestion and throat diseases.

How to Take Care of Rings.
 "Diamond rings should be taken to the jeweler's every year or so for tightening," said a woman who owns many rings. "Were this rule followed out we wouldn't hear so much about the loss of jewels from their settings; we wouldn't read in the 'Lost and Found' columns so many offers of rewards for the return of diamonds, pearls, emeralds and sapphires. Gems of price, you see, are mounted in gold settings, and it often happens that the rarer the gem the purer the gold supporting it. Pure gold—all gold, for that matter—wears away with the passage of time; hence a setting that held a jewel perfectly from last year may be so worn this year that the jewel wobbles in it. The wobbling is so slight as to remain unremarked, but nevertheless it is not long before the stone is lost out of the ring, and we have another case of a diamond disappearance."

How to Test an Oven.
 The heat of an oven is right for bread or cake if a piece of paper put into it quickly turns a dark yellow.

DALLAS BAPTIST REUNION.

At 10 o'clock Friday, January 29th, the members began to assemble at the church and pastorage and to arrange for the program of the day. At 11 Rev. J. L. Whitty, missionary colporteur for Western Oregon, preached on the "Triumph of the Church." At noon the audience were arranged on the outside of the church and Mr. Cherrington took a picture of the group, in which sat Grandma Hubbard, the only charter member of the church present. At 12:30 everybody present repaired to the church for a delicious lunch prepared by the ladies of the church assisted them. An hour and a half was spent in feasting and social intercourse, getting better acquainted and talking over plans and methods for the coming year. At 2 the church gathered in the church for roll call and election of officers. About 40 members answered to their names and the 25 absent ones were accounted for. About 15 new names have been added to the church rolls during the past few months. After roll call reports were read and discussed from all departments of church work. These reports showed marked advance all along the line, denoting unusual activity. All the different treasuries showed all expenses paid and money in hand to begin the new year. Mrs. Electa Hughes gave an excellent brief of the history of the church. It was shown that the church was organized about 47 years ago with Father David Hubbard as first pastor. Then followed successively J. W. Osburn, Preston Holman, father of Deacon J. F. Holman, Rev. Russ, S. H. Henton, J. W. Osburn, C. W. Bowser, Elder H. H. Lock, J. J. Hunsaker and J. R. Russell. The present pastor, J. M. Green, began his pastorate November 5th, 1903. The officers elected one year ago were re-elected. In all the deliberations of the day peace, harmony and goodwill prevailed and at 4 the business session adjourned and as the people were leaving there were many expressions of a good time and a day well spent. The membership is greatly encouraged with the outlook for another year of active service, and the pastor and wife are becoming more and more in love with the church and its work. OSE or THEM.

Leisey-McGulloch Wedding.

At the new home of Mr. and Mrs. John McGulloch in the edge of Ballston Wednesday noon their daughter, Dovie, was married to R. H. A. Leisey. Frank Crag Co. in Portland. The bride was dressed in white organdy and carried a bouquet of white carnations, while the groom wore the usual black, and Rev. A. A. Wagner, of Dallas, tied the nuptial knot. After a bountiful and delicious dinner the happy couple went to Amity and took the train for Seattle where they will enjoy a week of unalloyed bliss. The relatives of those who know them best is at each of full we cry of the other. The guests were John Gantt, Mrs. Martha Sargeant and daughter, of Bellevue, Miss Bessie Leisey, of Portland, Alex. Frazer and wife, of Dallas, Mrs. Robert Hutton, Dallas, D. C. Saling and wife, R. A. Campbell and wife, R. M. Caldwell and wife, of Ballston.

OUR STAFF OF RUSTLERS.

WHAT THEY HAVE TO SAY ABOUT THE DOINGS IN THE COUNTY.

An Unequalled and Complete Resume of What Your Friends are and Have Been Lately Doing.

You Know What You Are Taking.
 When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle, showing that it is simply iron and Quinine in a tasteless form. No cure, no pay. Price, 50 cents.

BRUSH COLLEGE.

Rev. Leach will preach at Highland next Sunday afternoon.

Mr. Gardner from Washington is teaching for us and has organized a literary society with the following officers: President, Mabel Norwood; vice president, Mabel Evans; secretary, Minnie Norwood; critic, Carl Harritt. Question for debate next Friday. Resolved that wood is more useful than iron; leaders, Frank Window and Elmer Bales.

You Cannot Change

the course of a storm by tearing down the signals that give warning of its approach. Neither can you cure a cold by temporarily stopping a cough with opium-laden medicines. Allen's Lung Balm, in which there is no opium, cures sore throats and sore lungs because it allays the inflammation and rids you of the mucus that stops up the air passages.

LIBERTY.

G. W. McBee has four men cutting wood.

Grass and grain growing finely and stock doing well.

Mrs. Douglas, who has been very sick, is some better.

Mrs. R. T. Judson is over from Salem visiting her daughter, Mrs. Elbe Card.

John McBee is nursing a felon on his thumb and his brother Leonard is getting ready to put out hops on his new farm.

Throat Sore.

There is no telling what a sore throat will do if you give it "right of way." Uncertain remedies often cause dangerous delay. Make a cure sure with Painkiller, known for a century as a specific for sore throat, croup, coughs, and all kindred troubles. Keep it by you for an emergency. It never fails. Avoid substitutes. There is but one Painkiller, Perry Davis.

NORTH DALLAS.

Ellis Hinchaw has sold his place.

Mrs. VanRiper has been down from Falls City.

Mr. Eddy has his new house nearly completed.

Mrs. Rilla Hinchaw is among Mill Creek friends.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours. If you find a sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery absolutely free by mail. Write to Dr. Kilmer & Co., Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

THE PEOPLE ALL.

In Chorus Cried, Give Us Newbro's Herpelcide.

This word of "all" has been in everybody's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPELCIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPELCIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, falling hair, this is the microbe that NEWBRO'S HERPELCIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send for a sample to The Herpelcide Co., Detroit, Mich.
