He was a native of Virginia and was born in 1824. He and his brother, the late C. C. Walker, of Spring Valley, crossed the plains on horse back and driving cattle in 1845. They came down the Columbia river to Hood River, swam their cattle across to the Washington shore and at the mouth of the Willamette recrossed in a boat and stopped at Linton, where they remained for some time.

A bill to propose, by initiative petition, a law providing for elections in any county or any precinct therein or any subdivision of a county, consisting of any number of entire and contiguous precincts of such county, to determine whether the sale of intoxicating liquors shall be prohibited in such county or subdivision thereof or in such precinct; providing for the filing of petitions for such elections and the form and effect thereof, and for notice of such elections and for the time and manner of holding and conducting the same; declaring what shall constitute a subdivision of the county within the meaning of this law; declaring what acts shall and what shall not constitute a violation of this law; declaring the qualifications of petitioners and of electors at such elections; applying to such elections the provisions of sections 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, and 1913 of Bellinger & Cotton's Annotated Codes and Statutes of Oregon; providing for printing and distributing ballots for such elections; prescribing the duties of public officers in relation to such elections and in relation to the enforcement of the provisions of this law; providing for the issuance by the county court of orders prohibiting the sale of intoxicating liquors within certain limits and declaring the duties of such courts in reference thereto; limiting the time within which the question of prohibiting such sale of intoxicating liquors may again be submitted to vote in the same district; providing penalties and punishment for the violation of any of the provisions of this law; providing for the return to any liquor dealer or other person of a proportionate amount of any license fee which he may have paid, whenever the district in which he shall be engaged in business shall be declared to be prohibition territory; and applying to all cases held under the provisions of this law the provisions of the general election laws of the state and declaring certain rules of evidence applicable to prosecutions under this act.

The prohibitionists of this county will meet at the court house tomorrow to put a ticket in the field. All good people are in sympathy with temperance but a great majority of them believe the prohibs could be a far better effect by simply voting for the best men put up by the other parties.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours.

sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery free by mail.

Address Dr. Kilmer & Sons, 1009 Broadway, New York, N. Y. When writing mention reading this generous offer in this paper.

NATURE SPARES

The Stricken Rees From Grief. What a fortunate provision of nature it is, that deprives the mind of suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich.

Proper Treatment of Pneumonia. Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ark., who is a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Wilson Drug Co.

People Believe In It.

It has been cynically said that any thing can be sold by advertising now a days. This is not so.
