

THE POLK COUNTY ITEMIZER

DALLAS, FRIDAY, MO. 11. 1904.

W. A. WASH,
EDITOR AND PROPRIETOR.

This democrats are in no particular hurry about putting out a ticket nor are they falling over each other in a search for office. But they are casting about for the best material and in due time will aim to offer a set of men worthy of support.

The southern people have been bitterly condemned for lynching negroes guilty of heinous crimes. Recently several have been lynched in the north for like offenses, and this week in Springfield, Ohio, a mob of several thousand whites burned down the shacks and hovels where 5000 worthless and dangerous blacks were quartered.

The Mormans and their religious inconsistencies are now being aired in congress. Their leaders confess that they obey neither the laws of the land, of their church nor the revelations from heaven. The whole Mormon question is being probed to the core and whether Mr. Smoot is turned out of congress or not Mormonism will get a set back from which it will never recover.

In the Japanese-Russian war the former are continually getting the best of it at sea the former being afraid to risk an open fight, and getting licked at every turn. Each side has over 100,000 land force not far apart and a clash is expected in a few weeks. Unless the Russians have an overwhelming superiority in number they are apt to come out at the little end of the horn after meeting the Japs in battle array.

There is no little feeling over who shall be the republican candidate for senator. A whole host of the brethren have concluded that a small handful of politicians have assumed the right to name the man that must be voted for at which proposition they are kicking with both feet. They are green enough to think that the whole party in convention assembled should make the choice. Shame on you common country fellows from the foothills, valleys and outlying precincts. Have no thought upon the subject. Keep your mouths shut, vote at the primaries as you are told to by the agents from headquarters, and if delegates to the county convention, simply fall into line and obey instructions as to how you should vote. Now don't kick and assert your right to think as you please and vote as you please, for the leaders would call that party disloyalty.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

It is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Write to Dr. Kilmer & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

Write This Down. In the book or memory: There is no trouble thing as a hard cold, cough, every cough is a warning of a confidence that goes from bad to worse unless it is remedied right away. Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out or your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Proper Treatment of Pneumonia. Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Wilson Drug Co.
