

THE POLK COUNTY ITEMIZER

DALLAS, FRIDAY, APR. 22, 1904.

W. A. WASH,
EDITOR AND PROPRIETOR.

No bitterness of feeling or expression followed the democratic convention because all hands were treated fair and square. No effort was made to rush in anybody nor to degrade any man or set of men. Every delegate and delegation had the same chance as all others.

The resolutions passed by the republican convention amounted to almost nothing, the platform on which they will have to run being this: air. See elsewhere the platform adopted by the democrats. Some of its utterances will not meet with republican approval but they will at least know how and where democrats stand on prominent questions.

In the dominant faction at the republican convention could take back that part of their proceedings heaping contempt on the minority and not giving them even the chance of a stray dog, they would gladly do it, but it is now too late to remedy the harm done. The slight was too grievous to be lightly passed over and it will take a long time to cure the bitterness engendered.

The democracy of Polk county feel proud of their ticket and think their candidates will bear close investigation as to ability and character. Half of them have been thoroughly tried in office and found wanting in no respect, and the others are thought to possess the same admirable qualities. No republican is expected to vote for them unless he considers them more capable and more reliable than the opposition candidates.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAH BROWN, Sioux, Wt.

Hood's Sarsaparilla promises to cure and keeps the promise.

RIGS

THAT RUN

We are showing the best assortment of buggies, driving wagons and vehicles of every sort that has ever graced the floor of this old reliable implement house. There are the very popular cushion tired runabouts in all grades, the hard rubber tired rigs, the hacks, surreys, and delivery wagons. Call and see them.

F. A. Wiggins IMPLEMENT HOUSE

256-257 Liberty street, Salem. Farm machinery, vehicles, automobiles, bicycles, sewing machines and supplies.

Mohair Sold at 34 Cents.

The goat men of Polk county met at Brown's hall last Friday to receive bids for their pool of from 35,000 to 40,000 pounds of mohair. At first sealed bids were taken, ranging from 31 1/2 to 33 1/2 cents and were all rejected and then open bids were called for. A. J. Ray, of Portland, offered 33 1/2 and H. L. Fenton 34 cents. Repeated efforts failed to get a higher bid and Mr. Fenton took the lot. It is to be delivered today and tomorrow.

Like Daisies Before the Scythe.

Baby lives are destroyed in summer by cholera infantum. The attack of the disease is sudden, its progress sometimes is terrible rapid. Mothers who have given their children Perry Davis' Painkiller can tell how this treatment has checked the diarrhoea and vomiting, and put the little patient out of danger.

DALLAS AFTER CONVENTION.

Mrs. Metzger's stock of furnishing goods for ladies and children is complete. Mothers will find there many things to please and beautify their daughters. See her raffia for making baskets.

As a jeweler C. H. Morris has come to rank among the best in the valley. His goods are of superior quality and his work is first class. There are not many jewelers here who can make run rings.

Whatever you want from Salem will be promptly brought by the stage.

Miss Collins, the milliner, is having a good trade because nearly all ladies who see her goods buy something. They are up to date, of excellent quality and at prices within the reach of all.

All kinds of garden and field seeds may be had at Faulk's, and he has the latest improved tools and implements for gardeners. His plows, harrows and vehicles are the best made and nowhere else can you get similar goods cheaper. His hand hardware includes everything ever called for in this region. Those who have tried his cutlery pronounce it first class.

All kinds of hay, all kinds of grain, all kinds of mill stuff and all sorts of poultry feed can be had at Ulrey's store. He both buys and sells such things and at right prices.

Marble Cutter Hawkins may hereafter be found at his new home next door to his shop. See him before ordering any cemetery work.

They say that Kerslake, the dealer in furniture, was never better prepared to furnish homes with everything in his line, good enough for anybody and at bedrock prices. See his new things.

All teams sent out from Fuller's livery stable are strong and nice appearing, his vehicles look well and never break down and his employees are polite and accommodating.

If you enjoy fishing Mr. Elser can fit you out with tackle so attractive to the finny tribe that they will be sure to bite. As a key and locksmith he is hard to beat.

Beautiful, delightful springtime has come and Mrs. Chase has a great variety of millinery material with which to outfit ladies in keeping with the season. Be sure to see her many attractive things.

Wagon Maker Cobb in North Dallas, is doing a good business because his work is done so well and at such moderate prices. Horse shoeing a specialty.

In passing Gaynor's shoe store stop long enough to take a good peep into the show windows. Perhaps you will see there the very things that you or some member of your family wants.

Once again we call your attention to the attractiveness of the Wilson drugstore. Everything is so neatly arranged and evidently of such good quality. You can securely ask for a patent medicine that they cannot supply. Remember they carry everything for amateur photographers.

POINTERS FOR SALEM.

The livery stable of Gilliam & Johnson near the Willamette hotel is an excellent place for Polk county people to leave their horses while in the city.

The lunch counter of George Brown on State street, is one of the best places in town to get a square meal.

Special sales at other stores have no effect on the New York Racket for the public have repeatedly found out that any day in the year they can get goods there equally cheap as the special sale prices. They have an immense footwear trade.

The Yokohama Tea Company are now selling out a bankrupt stock of fine dishes at from one third to one half the usual prices. Perhaps never again could you get so much for so little. Decorated German china plates at less than half price.

Some clothing houses make bigger pretenses but none of them have more better or cheaper things for men and boys to wear than G. W. Johnson & Co. They are old the standards that have been clothing many Polk county families for more than twenty years. What you get at Johnson's will always prove as good as represented.

Small favors thankfully received and larger ones in proportion at the O. K. Pharmacy, 333 Commercial street. Mail orders promptly filled.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Singhamton, N. Y. The regular fifty cent bottle size is sold by all good druggists.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

High Pressure Days.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases, in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high pressure days.
