BY CENTRAL COMMITTEE.

We desire to make a frank and plain statement of the attitude of the republican party and the republican candidates during the present campaign. In the first place we propose to conduct a clean, manly and dignified campaign; mud throwing and disagreeable personal attacks will not be indulged in unless they be forced upon us by the opposition. We believe the candidates of other parties are gentlemen, and we shall treat them with courtesy and fairness. Our aim shall be to elect the republican ticket, believing that to be the best interests of the county and state.

The people of Oregon are overwhelmed by President Roosevelt, and he is the principal issue at the coming June election. Every vote for the republican candidates in June strengthens the president's chances that much. Every vote cast for a democratic candidate weakens President Roosevelt to that extent.

The entire republican ticket is made up of men of superior ability and unquestioned integrity. They stand for economy, for efficiency and for courteous and fair treatment to all. The ticket is worthy the support of every citizen, regardless of politics; every republican should vote it straight.

U. S. Loughary.
The republican candidate for state senator was born in Polk county 40 years ago. He was brought up on a farm, and was educated in the public schools, the normal school at Monmouth, and the state agricultural college at Corvallis. After leaving college Mr. Loughary taught for several terms, and then engaged in merchandising and farming until 1900. In June of that year he was elected county clerk of Polk county, and was re-elected in 1902 by a majority of about 600. Mr. Loughary is a courteous, pains-taking and competent official. Since March last he has been the senior member of the firm of Loughary & Ellis, one of the popular grocery firms of Dallas. Mr. Loughary has had large experience in public affairs; he knows the needs of Polk county, and the state in general. He is possessed of good judgment and sterling integrity. He is in sympathy with the administration and our delegation in congress, and has their confidence and esteem. He is in favor of the re-election of Senator Mitchell to the United States senate. The voters of Polk county will make no mistake in electing Mr. Loughary to the state senate.

D. L. Keys.

Our nominee for representative, is another native son of Polk county. He is in hearty accord with the principles of the republican party, and our delegation in congress. He has served one term in the legislature and proved himself to be an able legislator. He is a man of mature mind and knows how to do things. He is a successful business man having large business interests at Perrydale and Dallas. He can be depended upon to

carefully guard the best interests of the county and state. He has a mind of his own, and cannot be handled by any man or set of men. Mr. Keys should be elected by a handsome majority.

Ed. F. Coad.

One of the prominent circuit judges of the state said recently that between the two offices that of county judge requires more ability, and is of more importance than that of circuit judge. This is true. Once each generation at least, the title to all real property passes through the probate court. If the county judge does not know the law, defective titles and costly litigation will follow. The volume of business transacted annually in the probate court is one hundred fold more than that of the circuit court. The construction and enforcement of wills and the protection of devisees, legatees and minors in securing to them their property rights depends upon the fitness, diligence and capacity of the probate judge. Our candidate for county judge is especially fitted for this office. He has had many years of successful experience as a lawyer. He has a judicial mind and is thoroughly familiar with the law and procedure of the courts and particularly in probate practice. These qualifications fit him in a marked degree for the duties of the office of county judge.

J. S. Cooper.

Nominee for joint representative of Polk and Lincoln counties, is one of the best known business men in the state. In fact, everybody knows Jim Cooper and likes him. He is a wide awake, public spirited business man, and has been closely identified with the business interests of the county for forty years. For a number of years he was president of the First National Bank at Independence, at the same time conducting extensive hop yards. He is now engaged in hop growing and farming on a large scale. He is mayor of Independence and one of its leading citizens. With Scott Loughary, Jim Cooper and Laurence Key in the legislature, Polk county will have a delegation of which any county in the state might well feel proud.

Go and see the new line of American Lady corsets at Dodson's.

The sale of the Polk county pool of wool will occur in Dallas at one o'clock next Wednesday.

At a citizens meeting Wednesday it was decided to have a Fourth of July celebration provided enough means can be raised.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**. No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to work, and when I had taken eight bottles I could see as well as ever." **SURIE A. HARRIS.** Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century. It is covered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar bottles are sold by all good druggists.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in a few weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

From Hot to Cold

Dysentery is prevalent everywhere in summer and is due to miasmatic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.

Keep The Balance Up.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. No body can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventative that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

An Open Letter.

From the Chapin S. C. News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicine failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. Beware of Ointments for catarrh that contain mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made at Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists at 75 cents per bottle. Take Hall's Family Pills for constipation.

Enroute to Manila.

From a letter to Prof. Reynolds and wife from their daughter Mrs. MacNichols, we learn that they had a stormy voyage tainted with seasickness. During the three weeks from Tacoma to Yokohama they had cany pullings, tremors and various other means of amusement. After passing the Aleutian islands no other land was seen until they sighted Japan. They spent two days at Yokohama, where the streets are as clean as a floor. The parks and other public places are very attractive and the flowers surpass those of our own country. She and Walter rode about the city in a two wheeled car drawn by a Jap. Never did she see grander sights than in Yokohama.

The Methodist ladies have treated their church to a fine, new carpet.
