The republican column editor says in this issue that their candidates are all personal friends and that not one of them will countenance trading or any other scheme to bring about his own election at the expense of some other candidate. If that be true, the powerful big game are being told about some of them who have not proven angels in the past.

Senator Mitchell has written to a prominent Polk county republican that he wants the republicans and democrats to understand that he sincerely desires the election of Mr. Loughary to the senate. Present party leaders have been trying hard to make it appear that all the dissatisfied republicans have been won back and will vote a straight party ticket next Monday. The custom of annually cleaning up cemeteries and decorating graves is a beautiful one and should be observed by all. On Decoration Day the streets were lined with people going to the two cemeteries near Dallas. Most of them went to care for the resting places of their own loved ones and some were so thoughtful as to drop flowers on the graves of strangers or those whose friends are far away. Strange to say the graves belonging to families who live not far away are utterly neglected year after year.

Young Plants Clothing!

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Send for free sample. Scott & Borne, Chemists, 200 Pearl St., New York. See ad and \$1.00; all druggists.

When you have stock of any kind for sale or want to buy anything it will pay to let it be known through the Itemizer.

Remember that nearly everybody looks in this paper for notices of lost or found articles. All such articles should be promptly advertised.

The Itemizer wants additional correspondence from every neighborhood not now regularly represented in it. Would you or some of your neighbors write us about it.

All postmasters or agents are authorized to retain 25 cents from a regular yearly subscription to the Itemizer but no commission can be allowed on combination rates.

Many persons all over this county have fine stock and fine poultry for sale and many others want to buy such. A few lines in this paper would bring said parties together.

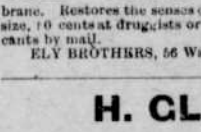

If you have goats, sheep, hogs, cattle, horses or anything else to sell, advertise the fact and buyers will soon appear. Everybody expects to find such notices under our heading New Today. The cost will be less than you imagine.
