It merits more than a passing notice. The whole front is of glass and his display windows will show goods to excellent advantage. Besides shelving and counters on each side there are six broad tables through the center of the room all full of choice goods. The four large showcases near the front filled with attractive things add greatly to the beauty of the surroundings. At night the main room will be brilliantly lighted with sixteen electric lights besides five more in the shoe department which is reached by a short stairway. In the rear is storage and display room for coats and goods. Everybody should visit the Hub Clothing Company in Kirkpatrick's new brick block.

The old building has been moved in rear of the new one for a store room. Besides filling orders from all parts of this county he has sent work to other counties, because of superior workmanship and fair prices.

Diseases Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten is caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give \$100 for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.—F. J. Cheney & Co., Toledo, Ohio. Sold by druggists 75 cents.

"I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. I then decided to try the medicine and did not use all of one bottle before I was well and have never since been troubled with that complaint. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy and only two doses were required to give her permanent relief. DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century. It is the result of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar size bottles are sold by all good druggists.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.
