Impoverished Soil
 Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.
 If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.
 There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

 We will send you a sample free.

Be sure that this picture is on the wrapper of every bottle of Emulsion you buy.

Successful Opening.

 We wonder that the New York Racket store has such a steady big trade. Their regular prices all the year round are very close to cost before being greater than what other stores ask after making a big discount. That is one reason why they never have any clearance sales.

There is where you get your money's worth every time.

If you are hungry when in the capital city, go to the George lunch counter.

CHAMBERLAIN'S COUGH REMEDY THE BEST MADE.
 In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Wilson Drug Co.
