AIRLINE AND VICINITY.

Some days ago we went to Airlie on the morning motor and returned on the one leaving there at 5 o'clock in the evening. The day was spent chatting with the citizens and the farmers who came in for their mail or to buy something from the stores. One store is owned by Miller, Alcorn and Johnson, the last named being in charge, and the other by Dave and Phyllis Simpson, it being kept by Albert Newbill. Each one enjoys a larger trade than we had supposed. We heard Mr. Johnson ordering things from Independence by first motor and saw Mr. Newbill unloading a ton of flour that came by wagon from the Kings Valley mill. When we ask Dr. Wilson who is in charge of the air-road business as to the receipts per month now as compared with ten years ago he said that then he took in about \$80 a month which now the receipts average almost \$350. Surely a place with that much business deserves better passenger and freight facilities. Most all the freight to and from Kings Valley passes through Airlie. T. B. Williams, who lives two miles south, is delivering there 400 cords of fir wood for the motor company. We ask about the logging on the Upper Luckiamute, the reply being that Wm. Prather and Capt. Jim Smith began it about 35 years ago and that there were now eight camps in and above Kings Valley. Last year eighteen million feet of logs were driven down from that region into the Willamette river and this year's output is expected to exceed 25,000,000 feet. Everybody spoke in praise of the road work being done by Percy Hadley, who lives on the Tartar place. Frank Lindeman and Bora Tartar are backing across the road from Mr. Hadley's. Mr. Winterstein has recently bought from Mr. Caron the old Barclay place which was taken up at a very early day by Louis Parrott. There are around many representatives of the Staats and Williams families, who settled in that vicinity sixty years ago. J. G. Hastings has moved to Independence, E. T. Evans from near Dallas having rented his farm for five years. His son, George, is farming four miles out toward Kings Valley. A. R. Lewis keeps a meat shop there and runs a wagon to supply country people and the camps. C. E. Staats is also running a meat wagon and sells to almost every family on his route. Mrs. Rose keeps the village hotel. Grandma Sebring lives there with her son, Jim. Many years ago she was at the John Burns place where Mrs. Brown is now living. We saw Mrs. Jeff Bevens, a daughter of Barney Morrison and sister of Mrs. Ike Simpson and Mrs. Mark Embree. Truman Bevens and Grandma Grant we interviewed as they passed through. F. A. Link told us that some of his wife's people from the east were here visiting them. Grain looked fairly well and much hay was being cut. Old Hops looked well enough but some of the young vines are puny. George McLaughlin and Frank Ground were there from Buena Vista for lumber for the new Old Fellows hall. The rural mail from Saver passes through Airlie, nearly everybody over a route of twenty miles getting in the afternoon letters and papers that leave Portland in the morning.

Automobiling to Salem.

Monday morning, the editor, his wife and daughter took the 7 o'clock motor for Independence where at 8:30 they and seven other passengers boarded the automobile for a twelve-mile ride to Salem by way of Eola. A jollier crowd never went flying up the road. Everybody soon knew everybody else and all hands contributed to the agreeableness of the trip. Manager Mel Baldwin was along and the driver, Dave Pugh, was very careful. He makes two round trips a day from Salem and the machine daily consumes some six gallons of gasoline. The road being in good condition and the

General Debility

Day in and out there is that feeling of weakness that makes a burden of itself. Food does not strengthen. Sleep does not refresh. It is hard to do, hard to bear, what should be easy, vitality is on the ebb, and the whole system suffers. For this condition take Hood's Sarsaparilla. It vitalizes the blood, gives vigor and tone to all the organs and functions, and is equally unequalled for all run-down or debilitated conditions. Hood's Pills cure constipation. 25 cents.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail, free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle. **OUR STAFF OF RUSTLERS.** WHAT THEY HAVE TO SAY ABOUT THE DOINGS IN THE COUNTY.

WHAT THEY HAVE TO SAY ABOUT THE DOINGS IN THE COUNTY.

An Unequalled and Complete Remedy of What Your Friends are and Have Been Lately Doing. Has Stood the Test 25 Years. The old, original Grove's Tasteless Chill Tonic. You know what you are taking. It is iron and quinine in a tasteless form. No cure, no pay. 50 cents. **PEEDED.** Will Miller and wife have a new baby girl. Big crowd and lots to eat on child rears day. Wm. Vale and Mrs. Dyer are both very bad off. Since the above was written Mr. Vale has died. Mr. and Mrs. Castle have come to spend the summer here. Mr. Frank Turner and baby are getting over the sore throat. Most of our people went to the Maple grove camp meeting Sunday. Billy Elkins and family were out from Independence on the Fourth. **Journal of Oregonian.** The regular price of the Semi-Weekly Journal of the Oregon or the Itemizer is \$1.50. The two Portland papers give the news of all over the state and the Itemizer contains what is going on all over Polk County. We have arranged to furnish either of these papers and this paper for \$2. A better news combination you cannot make.

BUENA VISTA.

Our new store will soon be ready for occupancy. Henry and Martin Conger spent the Fourth at Philomath. Lester Morphy has been visiting his grand father on Howell prairie. Edna and Meriel Hall, of Dallas, have been among relatives and friends here. Our hay crop will be abundant and warm weather is driving aphids from grain fields. Marion Winn is erecting a barn and J. M. Prather has remodeled and painted his home. Mr. Rinehart field representative of the anti-rabon league gave two fine addresses here Sunday.

INDEPENDENCE.

Curtis Cooper has fitted up a nice meat market. Simpsons saw mill has closed down for lack of logs. M. W. Mix has sold the 79 acre Lee.

Chicago's Railways.

Chicago's north and west railway systems were appraised for taxation purposes by experts at \$27,000,000 and stocked and bonded by the owners for \$117,000,000. This \$90,000,000 difference represented the value of municipal franchises given to them—that is, the use of the streets, privileges which the city would now be glad to recover so as to get the advantage of them herself. But, though she practically gave them away, the chance of her getting them back for nothing is as slim as the prospect of her catching up with New York in the matter of population.—New York Tribune.

How the Sun Rotates.

Studies at the Yerkes observatory have determined the varying periods of the solar rotation in zones 5 degrees wide from the equator to latitude 35 degrees. Within 5 degrees of the equator on either side the period of rotation is a trifle more than twenty-four and a half days. The length of the period gradually increases toward the poles, becoming about twenty-five and a quarter day between latitude 15 degrees and latitude 20 degrees and nearly twenty-five and a third days between latitude 20 degrees and latitude 35 degrees.

Buy it now

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by Straffia Drug Co.

Wine of Cardui Cured Her.

218 South Prior Street, ATLANTA, GA., March 21, 1905. I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard of Wine of Cardui I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman. OLIVE JOSEPH, Three Atlanta Friday Night Club.

son farm for \$5,225. J. M. Mitchell is putting up opposite the auditorium a \$1500 residence for rent. Tom Fennell has sold from his ranch across the river 1,800 pounds of Royal Ann cherries at 5 cents. Nar, Pink and Will Patterson and their wives have been visiting their parents, Mr. and Mrs. F. A. Patterson. The stage to Salem is carrying passengers for 25 cents in opposition to the automobile which charges 50 cents. The creditors of F. J. Oberer met with a view to compromising his debts and a satisfactory settlement is expected. The city council has appropriated \$100 to pay for estimates of probable cost of new water works. A civil engineer and contractors have been looking over the grounds. Asa Taylor has bought from George Jones 165 feet front on the north side of his lively stable and may erect there a farmers feed shed in place of the nuisance recently abated. One Dollar Saved Represents Ten Dollars Earned. The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Straffia Drug Co. **LONE OAK.** Dr. Snyder has gone back to his old Missouri home. Mr. Samuels is up from Portland looking after his lay. Mr. and Mrs. C. L. Hubbard have been to the exposition. Miss Ella Carpenter is attending a Salem summer school. The Misses Donthett, N.braska teachers, are visiting their aunt, Mrs. W. H. Boals. Mr. and Mrs. Cunningham, of G. Y. Washington, have been visiting her sister, Mr. Hubbard.

Aguarantee Cure for Piles.

Itching, bleeding, protruding piles. Druggists refund money if Pazo Ointment fails to cure any case no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50 cents. If your druggist hasn't it send 50 cents in stamps and it will be forwarded postpaid by Paris Medicine Co., St. Louis, Mo. At the home of Mr. and Mrs. Geo. Richardson, July 2, there was a party given in honor of Miss Crystal Richardson and Emma Miller. Many games were played, and in the afternoon ice cream, lemonade and oranges were served. Those present were: Grace Miller, Minnie Downing, Letha Hall, Ava Shields, Blanche Zozie, Maud Ellis, Grace, Ade, Flora and Mildred Butttrick, Alva Prickett, Nina Shale, Rosa Domes, Laura and Emma Miller and Crystal Richardson.

CHOLERA INFANTUM.

Child not expected to live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well. This remedy is for sale by Straffia Drug Co. Commissioners Riggs and Riddell went to Salem yesterday to advise with the authorities there about re-decking and painting the bridge connecting the two counties.

Positive, Comparative, Superlative.

"I have used one of your Fish Brand Blisters for five years, and never want a new one, also one for a friend. I would not be without one for twice the cost. They are just as far ahead of a common ointment as a common one is ahead of nothing." (Name on application.) **HIGHEST AWARD WORLD'S FAIR, 1904.** Be sure you don't get one of the common kind—this is the mark of excellence. **A. J. Job printing.

Allie McLaughlin of Buena Vista, has bought the Abe Locke property at Corvallis for \$3,000. E. H. Hibbard who has been seriously ill for several months, was supposed to be dying yesterday. L. D. Hamar, of Benton county, was this week married to Miss Retta Clark, west of Monmouth. Howe, the grocery man, must have choice goods at fair prices, or so many people could not be induced to buy there. Our county had the finest display of cherries at the exposition on the Fourth, Judge Coal having sent down about fifty pounds that could not be beat. Mrs. George E. Johnson gave a party yesterday evening in honor of Mrs. Richard Thurston from Crawfordville. The guests were Mrs. Barnes, Mrs. Eakin, Mrs. Wash, Mrs. Van Oradel, Mrs. Reynolds and Mrs. Thurston. The Misses Tennis club gave a very pleasant lawn social at the home of Mr. and Mrs. V. P. Fiske last Wednesday evening, serving ice cream, cake and lemonade. They will again serve next Saturday afternoon and evening, the funds going toward their new tennis court. All are invited to attend.

Buying Drinking Water.

A New York paper is responsible for the statement that there is scarcely a family in that city which does not buy spring water for drinking purposes and estimates the value of the total consumption throughout the country of "potable waters other than those supplied by municipalities" at \$10,000,000. **Cheap Floor Stain.** A cheap floor stain can be made of permanganate of potash. Use two quarts of water to one ounce of permanganate. If the stain is too dark use more water. Brush the liquid over the floor, let it dry in overnight and then rub the floor with boiled linseed oil. **Worth Knowing.** Hay sprinkled with a little chloride of lime and left for an hour in a closed room will remove the smell of new paint. A tin cup filled with vinegar and placed on the back of the stove will prevent the smell of cooking getting over the house. **Baked Squash.** Select a nice firm Hubbard squash, cut into sections and boil for fifteen minutes in salted water. Remove from the kettle, drain and place in a baking pan with a little sugar sprinkled over each and bake until tender. Serve in the rinds. **Life** The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in my veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessing, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abundant. We are glad to say these words in its favor to the readers of our columns.
