Over-Work Weakens Your Kidneys

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Write for it free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

Some Seasonable Advice. It may be a piece of superfluous advice to urge people at this season of the year to buy in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Staffin Drug Co.

PEEDEE. Fall work in full blast. Good apples are scarce. Letitia Shawey is at home on a visit. Frank Gilliam is building a wood shed. Will Hoyt will teach at the Ronco school house. J. W. Lemmon has brought suit against Lucinda Lemmon for a divorce.

Mrs. R. S. Conner and daughter, Rena, who are now visiting Dallas friends will soon return to their home in San Jose, California.

The poultry show at the Portland fair was equally as active as the exhibition of stock. About 1200 birds were on display most of them ranking among the very best in the land.

Jim Pierce an Indian who has been at Grand Ronde for fifty years was in town yesterday. He knew all the pioneers of this region and loves to talk about them. Jim has been 80 summers and hunt-d over this ground before there was any Dallas.

Polk county has had a bumper crop of hops and never had a better season for gathering them. The present ruling price of from 12 to 13 cents is much below what growers had expected. Buyers say there is a big crop all over the world and that prices are apt to go down rather than up. The hops have been both picked and cured in a better shape than ever before.

George Kelly of Bethel attended the Sergeant-Plunkinton wedding, at Bridgeport, Rev. C. C. Poling of Dallas, performed the ceremony and the happy couple at once left for their new home in Seattle. J. G. Robinson who lives north of the Guthrie school house has traded his farm to Mr. Wallace from Okla-homa and Mr. and Mrs. Chas. McDon-ald have moved from Dallas to their farm, the Hevliah Hinshaw place, at Buell. Oregon County Premiums. Twenty four counties competed for the \$2000 in prizes of \$1000, \$500 \$300 and \$200 offered by the Portland exposition authorities for the best displays of county products. Five fully competent men from Idaho, Wyoming, North Dakota, California and Massachusetts were chosen to closely examine and decide. They found the competition so close and the showings so excellent that it was concluded to divide the counties into four groups they placed Marion, Linn, Lane, Coos, Wasco and Umatilla. The second group consisted of Clackamas, Columbia, Polk, Jackson and Morrow, the third of Benton, Yamhill, Union and Malheur and the fourth of Washington, Willamette, Sherman, Lincoln, Harney Douglas and Josephine. Such a decision was not expected but it was evidently more just and satisfactory than it would have been to select four counties that were so little superior to several others.
