This office has just ordered from the New Home Sewing Machine Company at its manufacturing near Boston a Champion sewing machine, which we propose to give free of charge to the correspondent sending in the most paid in advance subscriptions prior to October 1, 1906. We can attest that the machine is a first class one in every respect, as one has been in use in our family for the last five years. To the correspondent sending in the second largest number of subscribers we will give a fine Webster unabridged dictionary, costing anywhere \$12. Strict account will be kept with every contestant and the result announced frequently through this paper. Here is your chance to get either prize by using a little of your time. OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. BABY COVERED WITH SORES

Would Scratch and Tear the Flesh Unless Hands Were Tied—Wasted to a Skeleton—Awful Suffering for Over a Year—Grew Worse Under Doctors—Skin Now Clear.

WOULD HAVE DIED BUT FOR CUTICURA.

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in clothes at night to keep him from scratching the sores and tearing the flesh."

"He got to be a mere skeleton, and was hardly able to walk. My Aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Soap to try and a little of the Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. I sent to the drug store and got a cake of the Soap and a box of the Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any more of any kind since."

"He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. (signed) Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn., April 22, 1905."

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75 cents a bottle. C. B. RHODES, Manager.

Because of this the homestead is of no value to the estate of Fletcher, who has since died. The appraisers of the estate—H. C. Starr, Jasper Agee and John Deakins—filed a report in the county court this morning showing that the property of the estate is worth \$1,225. The homestead is mentioned in the report, but is appraised as having no value to the estate because Fletcher's family will be able to prove up on the homestead if they continue to live on it until the survey is approved by the general land office.

BRUIN IN DALLAS.

Visits Dallas Last Friday and Creates Quite a Furor.

We do not mean the much advertised captain of the Portland Detective force but a big black monarch of the coast range who came ambling down our creek bed the other morning on finding something to eat sincerely intent. Henry Dimick caught sight of him first, and others also got a look at him, but before any brave animals got out with their shooting irons he had vanished, not to be seen again by anyone who had a gun with them. Next day two were seen at the Enes place down the creek. Lou Fisher saw one Saturday, and so did Jim Hubbard. In fact a number have been seen near town in the last few days. This is the first case on record of their coming anywhere near town. Scarcely of berries in the mountains is said to be the cause.

BIDS FOR BUSINESS.

What Our Merchants have to Offer the Buying Public.

The racycle is simply an improvement on the bicycle. They cost but a fraction more and give far greater satisfaction. Guernsey Riser keeps them and can make you see wherein they are better.

A good feed and seed store is a great convenience in any community. Dal has is blessed in having such and the friends of the proprietors Ray & Stoner are all who know them. Location north end of Main street.

There is no need of going to Portland or even Salem when you want a nice vehicle of any kind. Wm. Enell has them in variety. Mowers, rakes and other harvesting machinery, as well as plows and harrows, are kept by him. Whatever is required for a new building of any kind, he can supply. Oils and paints for all purposes, and everything in the tinware and kitchen line.

For some time it has been recognized by all that the Stafrin drug store was forging far ahead in the matter of popularity and patronage. In fact this store has long enjoyed the major portion of the trade tributary to this city. Their courtesy to all, carefulness in preparing prescriptions, excellent goods and fair prices, have aided materially in bringing this about.

SALEM MEN TALK.

When in the Capital City do not Fail to Call on Them.

The Barnes Cash Store people are closing out broken lines of dress goods at very attractive figures, for instance a fifty cent article for 35 cents, and \$1.25 goods at 75 cents. Your neighbor will thank you for telling them about it. All they have is good and cheaper than at most other stores.

Once again we call the attention of those who need boys and mens clothing to the fact that one of the very best sections in the city is carried by Oscar Johnson on State street. His patrons are mainly the great middle class, who want substantial things at moderate prices. No other clothes in town can come nearer pleasing you and your friends.
