By another change in the west side service the Sheridan passenger will leave Sheridan at 5:35 a. m., instead of 7 o'clock, and will reach Portland at 10:30. The evening train will leave the Union depot at 4 o'clock p. m. instead of 4:30 as at present, and will reach Sheridan at 7:30. This arrangement will permit passengers on the West Side division to connect with all trains for the east and south.

DR. BOUCHELLE

DR. L. B. Bouchelle of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary diseases and to create strength."

The reason Vinol is so far superior to old fashioned cod liver oil and emulsions, is because it is a real cod liver preparation from which all the useless oil has been eliminated and tonic iron added.

We ask every weak, thin, run-down, nervous and aged person in town, and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our guarantee.

The Editor of the Brownsville Times Tells Some Truths.

Mr. F. M. Brown, the talented editor of the Brownsville Times, in his last issue has this to say editorially of our county:

Polk county is one of the enterprising counties of Oregon. Her citizens are thoroughly awake to the fact that hustling and advertising will bring good results and they are faithfully performing their duty in this respect. Not long ago Polk held a most successful public school fair and now it is proposed to hold a fruit fair to be followed later by a stock show. It is such enterprise as this that builds grand communities.
