OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers in back of every old sore, and especially in this case the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the blood cannot be cut away. The cure must come by a thorough cleansing of the blood. In S. S. S. will find a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.

ECZEMA VERY BAD FOR THREE YEARS

Consulted Physicians to No Avail—Uses Cuticura Soap, Ointment and Pills and Is Soon Perfectly Well—The Disease Having Left Her Entirely.

CANNOT RECOMMEND CUTICURA TOO HIGHLY

"I take great pleasure in informing you that I was a sufferer of eczema in a very bad form for the past three years. I consulted and treated with a number of physicians in Chicago, but to no avail. I commenced using the Cuticura Remedies, consisting of Cuticura Soap, Ointment and Pills, three months ago, and today I am perfectly well, the disease having entirely disappeared. I cannot commend the Cuticura Remedies too highly to any one suffering with the disease that I have had. Mrs. Florence E. Atwood, 18 E. Chicago Pl., Chicago, Ill., October 2, 1905. Witness: L. S. Berger."
