#### UPPER SALT CREEK.

Mr. and Mrs. T. S. Brown celebrated their 20th anniversary of their marriage on Tuesday February 24th, 1907. Their neighbors planned to surprise them and announced their presence by a cow bell chorus. Soon the smiling faces of the bride and groom of 29 years ago made their appearance and opened their home to a charivari party consisting of the neighbors and families of the bride and groom. The evening was spent in singing old time and modern songs. The callers had brought a beautiful supply of sandwiches, cakes, pies, pickles and ice cream to which all did ample justice. As the midnight hour drew near all repaired to their homes, wishing them another 20 years of happiness.

## SKIN DISEASES

### HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to tinge off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. "That is just what every family should do. When kept on hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has been settled in the system. This remedy is gentle and will prevent the attack when given as soon as the child becomes hoarse, or even before the coughing commences, which can only be done when the remedy is kept on hand. For sale by Starlin Drug Co."

**HINSHAW REUNION.**

Thirty-three Descendants Get Together in North Dallas.

Wednesday was the occasion of something out of the ordinary in the family reunion line, when all of the Hinshaw relationship from far and near gathered at the home of their mother, Mrs. Malissa Conley, in North Dallas. Grandchildren have arrived at the ripe and venerable age of 76 years, and this is the first time for 31 years that she has had her forty offspring around her all together. There are also present 25 grandchildren, great grandchildren and other relatives. That a jolly time was had by all present goes without saying, in remembering and talking of younger days and attendant incidents. An all time family feast was served, and all prime features of the occasion, and all did great justice to the excellent and plentiful food provided. The Hinshaw boys chipped in and presented their mother with a purse of \$25.00, and Mrs. Jim Hinshaw added \$2. Mrs. A. Stewart \$1, and Mrs. Geo. Hinshaw \$1. Elias Hinshaw, aged 40 years, was the youngest son present, and Zimri Hinshaw, aged 56 years, the oldest. The children were all born in Polk county, Oregon, and in order to show what old Polk can produce in the way of sturdy man and womanhood, the mother, seven sons and one daughter were weighed, their weight totalling 1,655 pounds. After a day of great pleasure, the entire family came to town and had a group picture taken by T. J. Cherrington. The Hinshaw children present were: Zimri Hinshaw, of Falls City; Sarah Walling, of Portland; Tighman and Anderson Hinshaw, of Gooseneck; Avery and Jenas Hinshaw, of Mill Creek; H. Hinshaw, of McMinnville and Elias Hinshaw, of South Dallas.

**Afflicted With Rheumatism.**

Bayne, editor of The Herald, Adair county, Indian Territory, "but thanks to Chamberlain's Pain Balm and an able nurse more to attend to business. It is the best of liniments." If you are troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by Starlin Drug Co.

**Stimulate the Blood.**

Brandt's Pills are the great blood purifier. They are a laxative and blood tonic, and act equally on the bowels, the kidneys and the skin, thus cleansing the system by the natural outlet of the body. They stimulate the blood so as to enable nature to throw off all troubles arising from an impure state of the blood. One or two taken every night will prove equally remedial. Each pill contains one grain of solid extract of sarsaparilla, which, with other valuable vegetable products, make it a blood purifier. Brandt's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

## SKIN TORTURES AFFLICT CHILDREN

Obstinate Case of Eczema Covered Little Girl's Limbs with Running Sores—Poison Oak Made Boy's Hands and Arms a Mass of Torturing Sores—Sufferers Soon Relieved and Completely Cured—Grateful Mother Says:

### "CUTICURA REMEDIES A HOUSEHOLD STANDBY"

"Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble."

"In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his hands and arms with the Cuticura Soap, and anointing them with Cuticura Ointment, and even after the sores were well, we have used it as a preventive. So we have found cause for feeling grateful for the Cuticura Remedies. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor. Mrs. Lizzie Vincent, Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."
