Peculiar to Itself

In combination, proportion and process, Hood's Sarsaparilla is therefore ***Peculiar to Itself*** in merit, sales and cures.

It is made from the best blood-purifying, alterative and tonic ingredients by such original and peculiar methods as to retain the full medicinal value of each and all.

The severest forms of scrofula, salt rheum, catarrh, rheumatism, dyspepsia, and debility are cured every day by

Hood's Sarsaparilla

Sold by druggists. 100 doses $1. Begin to take it today.

Sarsatabs For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolated tablets called Sarsatabs, as well as in the usual liquid form. Sarsatabs have identically the same curative properties as the liquid form, besides accuracy of dose, convenience, economy,—there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent promptly by mail.

Patronize One Another for the Upbuilding of Town and County.

Our president's latest proclamation seems a bonanza for the large timber dealers. They can now buy all of the valuable timber they want at a nominal price.

A Nebraska legislator opposes removing the duty from steel but favors removing the duty from lumber. He overlooks the fact that there is a lot of steal connected with the lumber tariff.

We are not yet ready for a censorship of the press. The proceedings of a court are puplic property and the public can be trusted to rebuke a newspaper, which in publishing them uses language which offends the *moral* sense of its readers.

Last year the people of this country consumed six and one-half billion pounds of sugar. Of this amount they produced a billion and a quarter pounds. They paid the sugar trust tribute on every ounce of the remaining five and three quarter billion pounds.

It is proposed that the retiring officials of our city government come up again for re-election. They have served faithfully and well, and the Itemizer sees no reason why they should not again be requested to honor the city with holding office for another term.

Rock crusher, or no rock crusher; that is the question. Whether it is better to suffer the pangs attendant upon leaving our streets in their present condition, or by progressiveness in this regard to forever end them and fully deserve the uptodate name the town of Dallas now and should forever bear.

Farming land in Polk county is steadily advancing in price, but there are ways to make it advance more rapidly and within a few years have a recognized value of much more than it will ever acquire by setting back and allowing it to go up with the country. It is conceded by all that we have the best apple land in this good old state of Oregon, and that the climate of this section is particularly advantageous for the raising of the best fruit of that kind it is possible to grow. Why not then set out your land to that product, and make your land worth several hundred dollars an acre in a few years, rather than the probable $60 or $70 an acre that it would be worth by just a single raise in values. Besides the increased value of your land, you are receiving a yearly increase far surpassing anything possible in the grain line.

INDEPENDENCE.

Courtesy Enterprise.

Mrs. Byerley, of Dallas, visited Mrs. D. B. Boydston a few days this week.

Cleve Robinson has moved his barber shop across the street into the Cooper block.

Miss Peet returned to her home in Salem Saturday after several week's stay at Dr. Allin's.

The Independence high school basket ball team went to Monmouth Saturday evening for a game with the girl's team there. The local team was defeated by a score of 4 to 3.

H. Hirschberg went to Portland Sunday, and while there will present the request of the citizens of Independence for a daily train service to the S. P. railroad authorities. The chances are favorable for a daily service in the near future.

Rickreall lodge No. 110, A. F. A. M., had a very pleasant time at their hall Saturday evening, the lodge having two candidates to show the mysteries of the third degree. A number were in attendance from Independence, Dallas and other localities. Those attending from Independence were: John Dickinson, Harvey Dickinson, Jerome Dornsife, M. Tillery and Word Butler.

The preliminary trial of Eph Young set for 2 o'clock Monday afternoon was postponed until evening on account of not being able to secure witnesses at the time set. At 7 o'clock the preliminary was held. Two charges of assault with intent to kill was placed against Mr. Young who was represented by Attorney Carson of Salem. Attorney B. F. Jones represented the prosecution, prosecuting Attorney McNary being unable to be present. Justice Wilson presided. Three witnesses only were introduced by the prosecution, they being Avery Murphy, George Whiteaker and Wm. Barnett. The defense introduced no witnesses. The testimony presented was brief. Justice Wilson after hearing the evidence and the pleas of the attorney announced there was sufficient evidence to hold the defendant to circuit court and placed the bond at $1000 on the charge of assault on Asa Taylor and $500 on the assault on R. J. Taylor.

The Mohair Meeting.

The mohair meeting last Saturday was well attended. Much mohair is expected at the different warehouse before long, as shearing is now in full swing. The members have decided to hereafter put a prime article on the market, and to that end all mohair will be graded. Wilson Ayres gave a talk along this line, and showed the members of the association the advantages to accrue by grading. According to the rules adopted, the hair will be sorted into four grades, as follows: No. 1, kid hair; No 2, yearling hair, No. 3, wethers and coarser grades; No. 4, taglocks, stained and coarsest hair. Where growers have only a few goats, it will not be necessary for them to sack each grade separately. A layer of paper placed between each grade will be sufficient for all practical purposes. Owners of large flocks should sack each grade separately. Sacks can be obtained at different places in the county as follows: A. E. Myer, Fall City, Miller & Alcorn, Airlie; W. T. Eakin, Rickreall, T. A. Riggs, Monmouth; Peter Cook, Ballston; Ivy & Paine, Sheridan; J. W. Briedwell, Amity; J. M. Duffield, McCoy, Ellis & Keyt, Dallas.

Fred Toner will make a first class deputy county clerk. None better could have been secured.

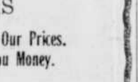
As predicted elsewhere, Corvallis last night won from the Crescents—38 to 32. A special motor went from here to take many of our citizens up to witness the game.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghampton, N. Y. on every bottle.

Do they fit? If they're not EXACTLY right, let us make them so. When we fit you, we fit you ACCURATELY. Long experience, every necessary scientific apparatus and the required knowledge enabling us to correctly use the same, our own complete workshop, with every facility—even to the grinding of special lenses—are all at your disposal here, assuring a service not possible with others less fortunately equipped. Again—do your eyes FEEL as nearly fit?

SOW WESTERN SEEDS IN WESTERN SOIL

Here's a SPECIAL OFFER to make New Friends for LILLY'S Northern Grown Seeds

LILLY'S BEST Vegetable seeds are grown on and adapted to this coast. These 10 varieties are the aristocrats of the kitchen-garden. They represent the acme of Lilly effort, the result of years of careful seed selection and cultivation. This Special Offer gives you $1.50 in these seeds for $1.00. Read the descriptions, all of which are carefully and conservatively made. Living up to the catalogue description is what has built up the reputation of Lilly's Best Seeds.

PUGET SOUND SPECIAL TOMATO.

This miniature, from a photograph, gives you an idea how the tomato produces. Is an early dwarf, stands free from the ground, with hard, firm, round stalks. Yields large clusters of round, firm, luscious fruit, beautiful rich color, free from blemish, stands shipment splendidly. A three-season leader; popular everywhere. Perfected by us on our experiment grounds at Brighton Beach, and can be obtained solely from us. Sold only in sealed packets. Ounce, 60c; packet, 10c.

GOLDEN JERSEY WAX BEAN.

Brittle, tender, broad, thick—the best of all the yellow pod bush beans. Stringless. Beautiful golden color and delicious flavor. Vigorous, reliable, and an abundant producer. ½-lb., 25c; packet, 10c.

JACK FROST SWEET CORN.

Plump, milky kernels, that melt in your mouth; tender, sweet, prolific—really phenomenal. Dwarf variety, permitting close planting. Very hardy. Jack Frost seed has been perfected by ourselves on Puget Sound, is thoroughly acclimated and peculiarly adapted to Pacific Coast conditions. Not only season's earliest, but longest and latest producer. We cannot say too much in endorsement of this corn. Large packet, 15c.

LILLY'S GLORY CABBAGE.

Glorious in flavor, gloriously sound, a glorious grower and a glorious shipper. Lilly ships tons of this cabbage seed across the continent, as this variety, perfected on Puget Sound, is admitted to be the best cabbage grown. Even rounder and more solid than the Danish Ball Head, and infinitely better adapted to Pacific coast conditions. True to type, every head like its neighbor, symmetrical, white inside and solid to the core. ½-lb., $1.25; 1-oz., 35c; packet, 10c.

PRIDE OF THE PACIFIC CUCUMBER.

Almost a seedless cucumber, the seeds being small and few. Perfectly smooth, very dark green, beautiful white flesh, perfect cucumber flavor, exceptionally firm, crisp and delicious. Grows 10 to 18 inches long, always straight, and dark green until ripe. Vine hardy and vigorous; enormously productive; yields early and late in season. ½-lb, 65c; 2-oz., 40c; oz., 25c; packet, 10c.

ENGLISH FORCING LETTUCE.

Large, crisp, tender; best variety for home culture, because easily grown outdoors or in frames; rich color, ideal for garnishing. Hotels gladly pay one-third more for this lettuce. Stands more neglect in watering, and does not quickly run to seed. Most profitable for market purposes because quickly ready in fine large bunches of beautiful light green, which never spot. ½-lb., 50c; oz., 20c; packet, 10c.

MT. RAINIER PEA.

Dark, rich green, well-filled pods, creamy and delicious; enormously productive. Propagated in Washington, and the best early pea ever offered to western growers. Especially valuable for market gardeners, commanding the highest prices through the season. Large packet, 10c.

CRIMSON GLOBE BEET.

Close grain flesh, very sweet, tender, blood red, delicately zoned with white. Exceedingly smooth surface. Finest in form, flavor and color. Free from woody, fibrous roots. Grows uniform in size—about three inches through. Matures early. Pkt., 10c.

GOLDEN HALF-LONG CARROT.

Best of all the yellow varieties. Very sweet, close in texture, golden yellow, solid, very smooth, attains large size, has small core, and adapted to all soils; under good cultivation yields 25 to 30 tons per acre. Ready for table at all times during growth. Equally valuable for stock. A market favorite. ½-lb., 25c; packet, 10c.

CRIMSON GIANT RADISH.

The larger it grows the solider it gets; twice the ordinary size. As hard as a bullet, while tender and deliciously crisp. Retains goodness long after maturity. ½-lb., 40c; packet, 10c.

SPECIAL PRICE OFFER.

$1.50 worth of above seeds for $1.00.

$1.00 worth of above seeds (one packet of each variety, with packet of Old Fashioned Flower Garden Seeds thrown in free) for 75c.

Six 10c packets, with Flower Garden packet, 50c.

Three 10c packets, 25c.

Above prices are postage paid.
