

# Spring Humors

Impure or effete matters accumulated in the blood during the winter cause in the spring such disfiguring and painful troubles as boils, pimples, and other eruptions, also weakness, loss of appetite, that tired feeling.

The best medicine to take is Hood's Sarsaparilla, which thoroughly cleanses the blood, and effects permanent cures by giving healthy functional activity to the stomach, liver, kidneys, bowels and skin.

**Sarsaparilla** is Hood's Sarsaparilla, the name is prominent on the liquid form, and is made of purest ingredients, and is not lost by evaporation, leakage, or leakage. It is guaranteed under the Food and Drug Act, June 30, 1906. No. 324.

Mrs. L. Bickford, Gossville, N. H., says: "Every spring I was completely prostrated, and I was unable to do anything. But I have found Hood's Sarsaparilla helps me from the first dose, completely restores good health and strength."

Mrs. Chloe Butz, editor of our W. C. T. U. column has informed us that the article classing lodges with anarchists, was sent in to her by an outside correspondent, but owing to a rush of time work, she did not thoroughly read it. If she had, she would certainly have eliminated the lodge proposition. The editor of this paper was really surprised that as an intelligent woman as Mrs. Butz is would stand for anything of the kind, and as it hit him in a tender spot, he naturally had to say something. There is no need of reiterating our assertions of three days ago except to say that lodge life is the stability of home and nation, and while we do not exactly agree with Mrs. Butz in regard to her solution of the temperance problem, yet we concede her or anyone else the free use of these columns to put forth their ideas. Under our present laws the drink evil can never be entirely subjugated and we do not believe prohibition the way out of the woods. An intelligent, unbiased statement of facts and argument thereon is helpful. This paper, as are all good papers, is published to a great extent for the good and well-being of the community at large. On the way to arrive at that desired end, many of us, of course, must differ. From my experience, and I have had considerable, prohibition works not

the good of a community, but to its detriment, and I can cite you to numerous instances in the so-called dry counties to prove this assertion. I do not suppose there is a man in Polk county that is more desirous of a higher moral atmosphere than I, but experience teaches wisdom, and that is the only way you can get it. For people who are not afflicted with fraternalities to prate about what benefit they are, or are not, is the rankest kind of foolishness; so it is with the liquor business. We are not from Missouri, but we have to be shown just the same. If prohibition prohibits, gives us real facts from persons who know and not from those who do not. Mrs. Butz has shown herself an edifice of ability, but as yet has advanced no argument in favor of her contention further than the purity of the home, upon which we are all agreed, except of course the lower, vicious class, who are not worthy of consideration. I honor her for her principles as an American mother but question the advisability of her way of meeting the proposition.

There is no important particular in which Mr. Bryan disapproves of the policies of President Roosevelt. There is nothing in the Roosevelt administration upon which Mr. Bryan could base a campaign against the republican

party. In some minor matters he may disagree with the president, but he has in view nothing that will form grounds for criticizing the present administration. Neither can he undertake to say that he would have been able to carry out the reforms of this administration better than Mr. Roosevelt has done. In these circumstances it might not be a bad idea for Mr. Bryan to second the nomination of Roosevelt—if he is to be renominated—and thus give him the unanimous support of all honest people. It would be too bad to see Bryan lined up with the best traitor, the land grabbers, railroad plunderers, Standard Oil and Wall Street opposing the reelection of Roosevelt—Oregonian.

Then why not reverse the proposition, Brother Scott, and have Roosevelt second Bryan. This would help Roosevelt out of the third term hole and undoubtedly put Bryan in.

It looks like a rock crusher for Dallas. Elsewhere we have interviewed all the candidates for councilmen and mayors—those having votes on city propositions, and not one do they adhere to the idea, that Dallas is a progressive city, is developed as subject vital to its interests. Our town will not be found taking any backward step. Forward march, is our motto, and when anything for our progressiveness is required, our citizens will be found working hand in hand toward that end.

Our freight in going down this morning got off the track near Whitson, and The Flyer had to come up by Independence.

### MRS. ORLENA STAATS DEAD.

Respected Pioneer of Polk County Passes Away. Mrs. Orlena M. Staats, of Airle, a pioneer of 1845, died at the old homestead at 7 o'clock on Monday morning, March 25th. Deceased was the widow of the late Isaac Staats, who preceded her in death in 1888. Grandma Staats was taken ill in November last and gradually failed until death came. She fully realized how serious was her illness and expressed herself as being willing and ready for the last summer. She was born at May Springs, Granger county, East Tennessee, on March 4, 1828, and was 79 years and 21 days old at her death. She was married to

Isaac Staats May 10, 1856, and had resided on their homestead ever since or 52 years. She was the mother of six sons and one daughter, all of whom survive her except one son, all residing in Polk county. She was a sister of J. J. Williams, of Dallas and of T. R. and W. E. Williams, of Airle. Her children are: J. M. H. D. J. O. C. E. and A. C. of Airle and Mrs. M. I. Dalton, of Monmouth. D. V. Poling of The Dalles, will conduct the funeral services. Interment will be in the English cemetery near Airle, on Wednesday.

It was at the home of this worthy pioneer couple that was established by the government the postoffice south of Dallas, and which they continued keeping for over 30 years, and in connection with the postmaster's office her husband filled the office of justice of the peace for a like number of years, and it was through these offices came their acquaintanceship with almost all pioneers through the valley.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and saps ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates often, if the child urinates scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.
