Every resident of Oregon should at once make it his or her personal duty to write a letter to some acquaintance, relative or friend, or better still to some old home paper, advising that the colonists rates will expire April 30th. There is no time to lose. These are one way rates and good to almost any points in Oregon for $25. This rate includes the entire Missouri Valley, Minnesota and the Dakotas, and is available to fifteen millions of people; from Chicago, $33 and from St. Louis $30.

Mr. and Mrs. Corser are rapidly making a name for that hotel all over the valley, and it is being welcomed by all as one of the finest stopping places this side of Portland. Their kitchen and table service is excellent, the only drawback to their large success being a lack of rooms to accomodate the continually increasing demand.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs, made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.
