SKIN DISEASES HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes hold in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and so on the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite spots are the scalp, sometimes causing baldness. Poison Aka and Icy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is sold at all first class drug stores.

Picnic at Popcorn.
The Summit band and the board of school directors met last Saturday evening to arrange for the usual spring picnic. The necessary committees were appointed and Saturday, May 25th, was the time chosen for the picnic. The program will be all in their hands and will have a fine program, which will not be hard to get as the neighborhood contains plenty of willing and talented helpers. The band will furnish music throughout the entire day. Some very good talent has already been secured and all may feel assured of an excellent program. The picnic will be held at the Popcorn school house and much pains will be taken to have everything in readiness for a jolly time. Games, races, speaking and lots of music will be the program for the day and with good weather a fine time is assured.

Colic, Cholera, and Diarrhoea.
There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been used, people have learned that it is the most certain, the safest and the most pleasant to take. For sale by Starlin Drug Co.

Catarh Cannot Be Cured
with local applications, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh cure is taken internally and acts directly on the mucous surfaces. It is a regular prescription. It is composed of the best known, combined with the best blood purifiers, and is a regular prescription. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Send for testimonials free. Take Hall's Family Pills for constipation. Sold by druggists, etc.

PERSONAL RESPONSIBILITY.
MABELLE WEBB.
At a temperance rally not so long ago that it seems like a lifetime ago, Bishop Galloway said: "My creed is mental suasion for the man who thinks; moral suasion for the man who drinks; physical suasion for the lawbreaker. When I first began to study the question the first thing I found out was that a saloonkeeper had to have a certificate that he was a character. Well, I could not help thinking of a man who wanted to break into a lodge, and bribed a weak brother to give him the pass. When he gave the word, the door keeper said: 'Worthy Patriarch, here's a brother with the right pass word, but the wrong breath.' The second thing I found out was how many more snakes there were than I had supposed. They told me in the north and middle states, but there were too many snakes in the south. So I gave up prohibition, but we have very few counties left that have saloons. How we keep from having them is a secret with our state, but it is too original to keep. We passed a law that every man who signed a saloon petition must have his name published to that petition in his local county papers for six months before the saloon can be opened. No man wants to be fathering a saloon that long! We've got pride in Mississippi. Years ago I heard one of the old pioneer preachers. At the close he said: 'Now I would like for all who claim the god for their father to stand up about half past four. Now I said, "those who belong to the devil" — no one made a move. "What assumed of your children?" There are some things we want care about publishing, eh? I have been told by lots of folks that I mustn't have anything to do with the temperance cause that it would hurt my influence and be beneath the dignity of my children. The reminder of the man who owned a blind horse and kept a bell on him as he wandered around loose. One day the man went down into his well to clean it out. One of his neighbors saw him, took the bell and the horse and began whistling. He whistled the while. From the bottom of the well he called out: "Go away from here!" He shook it closer. "Go away—go away," the voice screamed from the well. "You'll fall in here and break your old neck!" He knew whose neck would be broken, and so do they know whose influence will be hurt by publishing the names of those who sign saloon petitions. (Continued next week)

Sore Nipples.
Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results.

A Well Known Remedy.
One of the oldest, safest and most favorably known remedies in the world today is Brandt's Pills—a blood purifier and laxative. Being purely vegetable, they can be used by the old or young with perfect safety and while other remedies require increased doses and finally cease acting altogether, with Brandt's Pills the same dose always has the same effect no matter how long they are taken. One or two pills taken each night for a while is the best thing known for anyone troubled with constipation, indigestion, dizziness or any trouble arising from an impure state of the blood. Brandt's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar coated.

LITTLE BABY CURED OF ECZEMA
Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result
A SPEEDY AND PERMANENT CURE
"We express to you herewith our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the child is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies to all mothers whose children suffer from such diseases. They are cheap, harmless and sure. Cuticura Soap and Cuticura Ointment are sold by druggists, etc.
—C. F. Kears and Wife, 343 East 60th Street, New York, March 20, 1907."

FOR SORE HANDS
Soak the hands on retiring, in a hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, and in severe cases spread the Ointment on thin pieces of old linen or cotton. Wear during the night old, loose, kid gloves, with the finger ends cut off and holes cut in the palms, or a light bandage of old cotton.
Complete External and Internal Treatment for Every Kind of Itching, Burning, and Stinging Skin Disease, such as Eczema, Psoriasis, Salt Rheum, Scald Head, Ringworm, etc., in Scalp, Face, Arms, and Legs. Cuticura Soap and Cuticura Ointment, sold by druggists, etc.
—C. F. Kears and Wife, 343 East 60th Street, New York, March 20, 1907."

All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies to all mothers whose children suffer from such diseases. They are cheap, harmless and sure. Cuticura Soap and Cuticura Ointment are sold by druggists, etc.

LITTLE BABY CURED OF ECZEMA
Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result
A SPEEDY AND PERMANENT CURE
"We express to you herewith our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the child is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies to all mothers whose children suffer from such diseases. They are cheap, harmless and sure.
